IN THE COURTS. CHARTON vs. the King. The case of Charlton vs. the King has been decided against the plaintiff and the case dismissed. The plaintiff, Sara Ann Charlton, brought suit against the government for \$10,000 for injuries sustained by her husband, Mr. Charles Charlton, who was killed by an I. C. R. train from which she was alighting, starting too soon after stopping at the Fernhill crossing in the summer of 1910. She alleged having serious external and internal injuries by reason of which her health was seriously affected. Her statements were substantiated by the evidence of her physicians. The case was tried recently before Mr. Justice Audette in the exchequer court here. E. T. C. Knowles, K. C., and Dr. L. A. Curry, K. C., appeared for the plaintiff, and E. S. Stephenson, K. C., for the crown. Judgment was given in Ottawa on Monday. Judge Audette dismissing the plaintiff's petition and finding that she was not entitled to any part of the damages sought.

Trying Time on the Kidneys. No wonder there is so much backache in the spring, so much fatigue and lassitude from poison-laden systems. The accumulated winter poisons must be swept from the body. The kidneys make every effort to purify the blood, but the changing temperature of spring plays havoc with them. Prevention follows: the kidneys fail in their work and are backache, headache, tired feelings and too often serious developments. You can help the kidneys wonderfully by using Dr. Chase's Kidney Pills. In a few hours the backache will disappear, and a little patient treatment will restore the activity of kidneys, liver and bowels and thereby purify the blood. No medicine is so satisfactory as a means of removing the cause of disease. Indigestion, constipation and kidney and liver derangements.
