

FORMER AMBASSADOR TO U.S., VISCOUNT BRYCE, PRAISES ACTION OF PRES. WILSON

Says Entry of Republic Into War Will Bring World Struggle to Speedier Close and Will Greatly Aid to Bring Central Powers to Their Knees.

London, April 3.—Replying to the question of the Associated Press as to what difference America's entrance in the war would make to Europe now and hereafter, Viscount Bryce, the former British ambassador at Washington, said today: "I would say that it will be of the highest importance in three ways, and it gives the keenest pleasure to America's warmest friends here."

"Firstly, it must bring the war to a speedier close, not only by the material aid, in money and men and in the supply of food to the Allied countries America can render, but also by the moral effect her participation will produce on the German people and the German armies. They will now see that success has for them become impossible. Demoralization must increase, and resistance weaken."

No Selfish Motives.

"Secondly, America comes in from no selfish motives, but as the champion of international justice and humanity, outraged by the German methods of conducting the war. She stands by the Allies in their effort to vindicate human rights, to respect for which the success of Germany would give a fatal blow."

"Thirdly, the world has for nearly a century and a half known and admired America as a country which has preeminently loved and prized freedom, and given sympathy to all who strove for it. She is now rendering help of incalculable value to the cause of freedom."

Praises Wilson.

"President Wilson, in his lofty and impressive address, worthy of the occasion that called it forth, has rightly dwelt on the fact that it is the German government, rather than the German people, that is responsible for the war."

the series of crimes committed by land and sea during this war. The German people, hitherto fed by their government upon lies, will now begin

THE RIGHT HONORABLE JAMES BRYCE.

to realize that it is the military caste which dominates them, that has by its ruthless savagery roused against Germany the horror and indignation of the new, as well as the old world. We may now hope that they will shake off the yoke and bring themselves, as the Russian people have done, into the fellowship of those free nations whose governments would not dare to perpetrate such crimes.

"Never has better blow been struck for domestic freedom than that which America is now dealing to the last of the despots that remain in Europe."

DEVELOPMENTS ON NEWRAY PROPERTY IN PORCUPINE.

The driving of the crosscut on the 400-foot level of the Newray Porcupine is the first underground work which has been done by the present company. Under the former management, however, considerable ore was recovered from the old No. 1 vein and a production of \$212,000 in gold was made in the stamp mill. The property was at that time operated by a leasing company, and the earnings were sufficient to pay a dividend.

The present company, Newray Mines, Limited, took over the property last year, and since then have carried out a very aggressive development campaign which is now yielding splendid results. There are at least five veins which were picked up by the diamond drills, and which should be encountered in the crosscut on the 400-foot level between now and

HON. MR. HAZEN COMMENDS THE NURSES' WORK

He and Sir George Perley Make Addresses at Opening of New Club for Soldiers.

London, March 29.—Hon. J. D. Hazen and Sir George Perley, attended today the opening of Viscount French of a new club for the accommodation of overseas soldiers. Hon. Mr. Hazen in a short address, said that most Canadian soldiers came to England with few friends or relatives here, and he heartily agreed with Viscount French that Canadian and British women alike had done noble work for them. He had heard unstinted praise for the declaration of a state of war between the United States and Germany. The order will keep about 12,000 men ready for immediate service until further notice.

The force of customs guards at the piers where the German merchantmen have been tied up since the beginning of the war was increased today from 400 to 700.

At the corner of Seventh Avenue and 125th street orators who denounced the war were dragged from a truck and one of them was beaten. One arrest was made.

PEACE ORATORS MOBBED IN N. Y.

New York, April 3.—Every policeman in New York who is not on active patrol reported today for reserve duty. Police Commissioner Woods issued the emergency order, after reading the president's address to congress asking for the declaration of a state of war between the United States and Germany. The order will keep about 12,000 men ready for immediate service until further notice.

The force of customs guards at the piers where the German merchantmen have been tied up since the beginning of the war was increased today from 400 to 700.

At the corner of Seventh Avenue and 125th street orators who denounced the war were dragged from a truck and one of them was beaten. One arrest was made.

AT ONCE! PAPER'S DIAPEPSIN STOPS INDIGESTION, GAS, SOUR STOMACH

Don't suffer! Here's the quickest and surest stomach relief known.

Time! In a few minutes all stomach distress gone. No indigestion, heartburn, sourness or belching of gas, acid or eructations of undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diapepsin is noted for its speed in regulating upset stomachs. It is the surest, quickest stomach doctor in the whole world, and besides, it is harmless.

Millions of men and women now eat

HUN TRAINED HEAVY GUN ON CAPITOL

Arrest Made Near Washington—Troops at Fort Meyer to Guard Bridges and Aqueducts.

Washington, April 2.—A big gun trained on the Capitol at Washington, a first class, high-powered wireless plant, a powerful searchlight and a large supply of small arms, were some of the surprises located by United States secret service men, when they arrested a German on his estate five miles from Washington, according to information received here. In addition a generous store of explosives were located on the grounds. The man was lodged in the federal prison and a close guard is being kept in the area where the seizure was made. Citizens of the United States are beginning to learn something about Germans in time of war.

Other advice received this morning in regard to conditions in the United States state that all the troops at Fort Meyer have been called out and placed on guard at bridges and aqueducts. Washington is ringed around with a wall of steel.

United States citizens who are residing here and who are graduates of technical schools have received notification that former president, Theodore Roosevelt is organizing a large body of troops and invites enlistment of trained technical men. U. S. citizens who are eligible are prepared to answer an early call for recruits.

THE POLICE COURT.

In the police court yesterday Daniel Meagher was charged with attempting to break and enter R. P. & W. F. Starr Co., Ltd. coal sheds early in the morning. He was remanded.

George Buesgaard was remanded on the charge of drunkenness and theft of Dr. George Baxter's automobile. John Evans and Thomas Montgomery forfeited deposits of \$18 each. They were charged with drunkenness, using profane language and accosting girls on Charlotte street.

John Terry, charged with assaulting his wife, was allowed to go. A young man, charged with creating a disturbance, was allowed to go.

HORRIBLE HUN ATROCITIES

Washington, April 3.—A long report from U. S. Ambassador Sharp at Paris detailing the terrible destruction wrought by the retreating Germans in Northern France was received today at the state department.

The ambassador, who made a personal and exhaustive study of conditions, shows that published reports of the devastation have not been in any way exaggerated. In some respects he reports atrocities more terrible than those recounted in the news despatches.

Has Your Friend a Gas Stove?

If there is one in your friend's home, ask how it works. You will find that the home once equipped with a gas stove will never go back to the hard work, dirt and inconvenience of the old-fashioned coal stove.

Gas for cooking is cleaner—cheaper—quicker—more convenient and satisfactory in every way than coal. Ask those who already use gas stoves.
