Local grocers have been advised that a steady advance is taking place in the prices of canned goods, especially to potatoes, corn and beans. These have advanced from 20 to 30 cents a dozen in the last three months, and are still going up slowly. The reason for the advance is the large export to England and the comparatively small output of many of the Canadian canneries this year. Still higher prices may be looked for, according to those in close touch with the situation.

HE STRUCK IT RIGHT AT LAST

After Suffering Almost Two Years, "Fruit-a-tives" Brought Relief.

MR. WHITMAN
882 St. Valier St., Montreal.

"In 1912, I was taken suddenly ill with Acute Stomach Trouble and dropped in the street. I was treated by several physicians for nearly two years. I was in constant misery from my stomach and my weight dropped down from 225 pounds to 160 pounds. Several of my friends advised me to try 'Fruit-a-tives' and I did so. That was eight months ago. I began to improve almost with the first dose. No other medicine I ever used acted so pleasantly and quickly as 'Fruit-a-tives', and by using it I recovered from the distressing Stomach Trouble, and all pain and Constipation and misery were cured. I completely recovered by the use of 'Fruit-a-tives' and now I weigh 208 pounds. I cannot praise 'Fruit-a-tives' enough".

Publishers Hard Hit
At a meeting of the Kent and Essex Press Association held at Chatham the question of raising the price of weekly newspapers from \$1 to \$1.50 was discussed. It was made plain that recent advances in the cost of production had hit the publishers hard, and that some means must be adopted to increase the revenue to meet increased expense. It finally resolved into question of raising the price of the papers or the elimination of free advance notices the demand for which had enormously increased during the past year. Many publishers present agreed that if in future newspapers received fair payment for work they had been doing for nothing for so many years, the price of the newspaper might remain as at present.

It was therefore resolved and unanimously carried, that in future all advance notices of benefit to any body, society or institution, whether for the direct purpose of making money or not, shall be charged for at a minimum rate of five cents per line and a minimum charge of twenty-five cents.
