

WILL HAVE MEN IN FIELD FOR MUNICIPAL OFFICES

Labor Men Hold First Public Meeting for Coming Election. Three Candidates so far Named. One Member Puts in Strong Defense for Present Council.

SEATS ON FOUR BODIES SOUGHT.

Labor will have candidates in the field in the coming municipal election. Last evening it was so decided when a public meeting was held under the auspices of the Independent Labor Party in the Trades and Labor Hall.

Nonmembers will be put up for the City Council, the Water Commission, the Light Commission and the Public School Board. The slate will not be limited to members of the Independent Labor Party.

So far, three candidates have been named, who will stand for office. They are Messrs. W. H. Halliwell, Carl Emmerich and C. J. Massel, president of the Independent Labor Party. This slate, however, will be added to. It is the intention to hold a meeting next month of members of

the Independent Labor party and other workingmen, to further consider the matter of candidates.

The meeting last evening was presided over by Mr. Massel. About fifteen citizens, including one lady, were present. The consensus of the opinions expressed the speakers was that labor should be represented on the Council, commissions and public school boards.

A defense of the majority of the present Council was made by Mr. H. Lookhart. The debate, between other members present, the chairman and Mr. Lookhart at intervals was quite warm but ended amicably.

As far as can be learned it is the intention to have at least eight candidates running for the Council.

HIS FIDDLERS THREE—Chicago News.

Lend a Hand Please! Get This Industry!

Big Possibilities in sight in Connection with a Certain Canadian Company's Plans.

Another chance! Will we make use of the opportunity to add to the city's industrial plants? A certain industry, and a big one, located in another Canadian city, is going to build a plant in another city which will have big possibilities. Two other cities are after it, why not Kitchener?

For diplomacy's sake, no names are being mentioned in this article but the Record to-day received information from a commercial traveller, representing this company, whose Canadian headquarters and factory are in Toronto, but whose parent offices and factory are in an American city, that the Canadian factory in order to provide for some of its lines must build an addition, but owing to lack of space they are not able to extend the present factory. They therefore have to build another. It is the intention to erect this in some other town. As said above two other cities are after it. Now as the factory is a woodworking concern this city would be an ideal one where so many wood working factories are located.

It was further learned from the company's representative that as the American plant also is engaged in the manufacture of products other than wood, the like of which also are made in this city, the new Canadian plant will probably also be used to turn out these products. As this is the Canadian centre for these goods, this city is the natural place for such a plant to locate in.

HAVE HAD CORRESPONDENCE.

Enquiry was made of the Secretary of the Board of Trade, Mr. E. J. Payson, to-day regarding this company. It was learned from him that the Board has had correspondence with the company for about two months. It transpires, however, that the Board is not aware of the probability of the company enlarging the sphere of its manufactured products in the Canadian plant by turning out lines other than wood products which are now centralized in this city. This other line in recent years has built up Kitchener, and therefore this information about the company is worth more than ordinary comment.

The Secretary of the Board of Trade said that the matter would be looked into further. Help him! Send a delegation to the Canadian offices and to the American if necessary!

measures, and opposition is by no means confined to members sitting to the left of Mr. Speaker. It is stated that a round robin has been taken among the Government supporters, and that \$5 have already signed it. This memorial which it is intended shall be submitted to the Government, sets forth that there has been no demand for the legislation in question, and that even the Temperance forces are opposed to it, as judging by the representations of the Dominion Alliance.

MR. ERNEST CHARLES DRURY.

THE COMING PREMIER

Ernest C. Drury, the new leader of the U. F. O.-Labor coalition in the Legislature, and prospective Premier, was born on the farm he still resides upon at Crown Hill, Simcoe County, five miles from Barrie, in 1878, and is consequently 41 years of age. His father, the late Hon. Charles Drury, was a member of Sir Oliver Mowat's Liberal Government, being Minister of Agriculture.

The prospective Premier has never held public office of any kind, municipal or Parliamentary. He has been identified with the farmers' movement for 14 years, but in 1917 he ran as an Independent Liberal for the Commons, for his home riding of North Simcoe, but was defeated by Col. J. A. Currie (Conservative) by 1,587, a narrow margin. He was not a candidate at the recent election, and in consequence has no seat in the Legislature. One must be found for him.

Mr. Drury, who was the first president of the U. F. O. when it was organized five years ago, and who has been on the directorate since, is a well-known writer on economic subjects, particularly in their relation to the farmer.

The new leader is a prohibitionist. He is married and has five children, three boys and two girls.

Mr. Drury said he would make the appointment after a vote given by the Labor group, after he had decided which portfolio should be allotted to us. He positively gave us to understand that the appointment would only be made after Labor had been consulted. Throughout our joint conference Mr. Drury was exceedingly fair.

There were 10,197 deaths from tuberculosis in New York last year. Four policemen at Pittsburgh were arrested charged with stealing \$300 worth of goods from a store.

DRURY RETURNS TO PLOW A SECOND CINCINNATUS

I CAN THINK BEST WHEN I AM PLOWING

TORONTO, Oct. 30.—"How does it feel to be Premier of Ontario?" That was the question put to E. C. Drury, last night, an hour or two after he had been selected as head of the Farmer-Labor coalition.

"Not so fast," replied Mr. Drury smilingly. "The program has yet to be finally approved of by the delegates outside this room and then we have to be called upon by the Lieutenant-Governor to form a ministry. Unless something intervenes I expect to get the early morning train back home. I can think best when I am plowing and there is a lot to turn over in my mind. And then there are family arrangements I will have to make."

Mr. Drury has a farm of 250 acres. He has five children, three boys and two girls and his eldest boy is only thirteen. That means that Mr. Drury will have to depend on hired help to run the farm. It has been one hundred years in the family and he would not part with it under any consideration.

He does not even expect to move his family to Toronto.

"We are pretty well anchored to our home," said he. "Mrs. Drury and I have discussed the matter from every angle and we have decided the children will stay north, unless possibly for a month or so in the winter."

A reporter paid an early visit to the Drury homestead, before eight o'clock, but the family was up. "It is a great honor, but it is an awful responsibility," was Mrs. Drury's reply to a request for her views on her husband's selection for the post of Premier.

"How are you looking forward to moving into society in Toronto?" she was asked, to which she replied with simple dignity, "I am not a society woman." Later she qualified the statement with the remark, "but I have lots of friends in Toronto."

ORTHODOX VIEWS AMONG BAPTISTS

OTTAWA, Oct. 30.—The Baptists of Ontario and Quebec have had their widely advertised debate on the subject of the inspiration and authority of the Scriptures and have come through more united to all appearances than ever.

The debate that took place in the convention here yesterday was not the denomination-splitting debate, that was expected, for it never in the four and a half hours of its duration was more than one-sided on the main question. Not one of the delegates expressed an unorthodox view.

In the resolution proposed by Rev. Dr. Shields and passed without a dissenting vote the delegates endorsed the Divine inspiration of the old and new testaments and their absolute supremacy and sufficiency in matters of faith and practice was reaffirmed, as was also the doctrine that the Scriptures of the old and new testaments were given by inspiration of God and are the only sufficient, certain and authoritative source of knowledge, faith and obedience.

FOCH INVITES GERMANY TO HELP

PARIS, Oct. 30.—The note sent by Marshal Foch to Gen. Nudaka for transmission to the German Government, inviting Germany to participate in the blockade of Bolshevik Russia, is similar to that sent to the neutral states.

The avowed hostility of the Bolsheviks towards all Governments and their international program of revolution which they are spreading abroad constitute a grave danger for the national security of all powers. Every increase of strength of the Bolsheviks would increase the danger and would be contrary to the desire of all peoples who are seeking to reestablish peace and social order.

CONSIDERS DRURY A GREAT LEADER

REGINA, Oct. 30.—Commenting on the selection of E. C. Drury as the leader of the U.F.O. in the Ontario Legislature, Hon. Geo. Langley, Vice-President of the Saskatchewan Cooperative Elevator Company, and member of the Canadian Council of Agriculture made the following statement:

"Mr. Drury is not unknown in the West, having been in attendance at more than one Grain Growers' Convention. He is an excellent speaker with a good education. Among all the men who are taking part in the Farmer movement in Ontario he is probably the most capable as a parliamentary leader. He is, however, above and beyond everything else a man of the soil."

"The leader of the Farmers' movement in Ontario must have both courage and restraint. Mr. Drury certainly does not lack courage. He will be prepared to consolidate the voters who have placed his party in its present position."

"It will be equally necessary that he should exercise restraint. The capitalist class which up till now have been the backbone of the Conservative and Liberal parties may be trusted to conserve their forces in the sense that their privileges are threatened. "We are on the eve of a great experiment in government and the forces which have by the recent election been brought into existence contain nothing that need arouse the fears of those who believe that justice should be the ruling element of Canadian politics. The first test which the U.F.O. has taken by selecting Mr. Drury will be satisfactory to the Farmers' movement in the Dominion."

ENEMY REPRESENTATIVES ADMITTED

WASHINGTON, Oct. 30.—The first subject on to-day's program of the International Labor conference to promote the improvement of working conditions throughout the world was the settlement of the question of the admission of German and Austrian representatives to the conference. The delegates seemed generally agreed that the former enemy powers should be admitted without delay.

WHOLESALE BUSINESS CLOSED
Toronto, Oct. 30.—The maximum fine of \$1,000 and costs was imposed yesterday on David Crawford, who pleaded guilty to having for sale in his home 2,000 bottles of whiskey. Austin Ross, who defended, thought that, in view of the huge sum the Government would receive from the sale of the liquor by licensed vendors, a lighter penalty should be exacted; but the magistrate held that if such an argument was followed out the Government might some day find itself owing a prisoner something.

EXCUSE WAS ACCEPTED
TORONTO, Oct. 30.—"I was going to the reception to the Prince at Niagara Falls and I was in a big hurry," said Major McNeill to Magistrate Davidson in the Toronto-Hamilton Highway motor court. The major's plea was effective for the charge of speeding against him was withdrawn.

DISSATISFIED WITH U.S.
ROME, Oct. 30.—The Tribune makes another attack on President Wilson and American Government in connection with some Italian claims. The complaint is made by newspapers that the United States lavishly poured men, arms and money into Europe, but that Italy got none of these.

NO HOPE LEFT THAT MINERS CAN BE SAVED

STEELEBURNVILLE, Ohio, Oct. 30.—After battling their way to within 150 feet of where twenty miners have been imprisoned since yesterday morning, rescue workers were ordered out of the coal mine at Amsterdam, Ohio, this morning by State Mine Inspectors. It is feared an explosion might occur. All hope is abandoned that the twenty entombed miners are alive.

BUGGY HIT BY PASSING AUTO

OCCUPANTS THROWN OUT AND INJURED.

However, Are Able to Be Out. What might have been a still more serious accident, occurred on Mill street at about 10 o'clock last evening as the result of which Mr. N. Kelly and Mr. Albert Stricker are suffering with injuries, which, fortunately, are not such as to confine them in their homes. Both are able to be out despite the injuries.

Mr. Kelly was driving the gentleman with him to Oxford when his rig was struck by a passing automobile. The occupants of which are not known. The gentlemen were thrown out and in the mix-up Mr. Kelly sustained a fracture of the nose and cuts in his face while Mr. Stricker also sustained cuts. Medical attention was required to dress the wounds.

The frightened animal hitched to the buggy broke away and was caught later at night near Williamsburg.

While the names of the occupants of the car which collided with the buggy are as yet not known the number of the machine was secured and an effort is being made to trace the party or parties.

LIEUT.-GOVERNOR WANTS TO KNOW U.F.O. POSITION

TORONTO, Oct. 30.—The line of communication between the Lieut. Governor Sir John Hendrie, and the United Farmers-Labor coalition was established this morning. Indications portend the early calling to the Government of E. C. Drury and his U.F.O.-Labor morning.

This morning's early mail brought to the Secretary of the Lieut.-Governor, asking Mr. Drury and the United Farmers to state their position with regard to the formation of a Government.

"Was the first intimation, official or otherwise, that the United Farmers have had from this or kindred sources, that they would be called upon to form a Government. The request found them in an excellent position to state their position. With a Farmer-Labor coalition an accomplished fact, with their Leader chosen, their policy coordinated with that of the Independent Labor party, and with their Cabinet possibilities already considered almost to the point of settlement, there was little cause for flurry when the message from the Crown was received.

BONE-DRY LAWS TO BE OPPOSED BY SOME UNIONISTS

OTTAWA, Oct. 30.—Government members last session voted solidly for the Government's Prohibition bill which, however, was killed in the Senate. But the Government cannot count upon an undivided front on the part of its followers in connection with the bills before the house this session.

Strong opposition is developing among the members toward the two

MCCBRIDE LEAVES COALITION, WILL JOIN OPPOSITION

TORONTO, Oct. 30.—James Simpson, on behalf of the U.F.O.-Labor coalition replies to the charge made by Mr. McBride which allegedly led up to the latter's withdrawal from the joint conference yesterday. "Mayor McBride made the statement in the Labor Temple before we met the U.F.O. or even heard of the Cabinet representation that would be granted Labor that he was sick of the whole thing and was going over to the Opposition."

"As for his charge that Mr. Drury insisted that he as Premier should choose Labor's other representative in the Government, it is absolutely untrue. That's where Mr. McBride falls down."

"Mr. Drury said he would make the appointment after a vote given by the Labor group, after he had decided which portfolio should be allotted to us. He positively gave us to understand that the appointment would only be made after Labor had been consulted. Throughout our joint conference Mr. Drury was exceedingly fair."

Mr. Hillard, Chairman of the Honorary Committee received a very fine letter from Father John Feherbach, a member of this Committee at St. Agatha, as follows:

Dear Sir:—Your invitation to co-operation in the Victory Loan Campaign literature about have been received. Some New Hamburg Canvasser will probably call in the same cause.

Apart from any invitation, I shall on next Sunday, from the pulpit, recommend to the people, to invest their savings in this loan and try to remove existing prejudice as to its safety, etc., also that I shall subscribe for what little I have to dispose of. Even those who think we made a mistake in taking such a glorious part in the European War must admit that all who live in Canada have a duty to voluntarily do all in their power to place Canada in a position speedily to recover its financial prestige and equality of exchange with N. Y. funds. With due attention to your persuasive work and good intention.

Yours sincerely,
(Sd) "J. Feherbach."
