SECURED INVESTMENTS

A low rate of interest is not indicative of a safe investment neither is a high rate necessarily significant of undesirable securities. Differentiating in Investment Securities makes one person's money earn twice as much as the one who concludes that a low rate means absolute security.

If you have money to invest and want the highest rate compatible with gilt-edged securities you will be interested in getting our 16th Annual Report. Write to-day.

OPPORTUNITIES

The vigorous development of the Canadian Northern Railway—now the second largest railway system in Canada—has thrown open immense new fields of activity to the business man and agriculturist. New enterprises have been made practicable in the six leading provinces, Ontario, Quebec, Nova Scotia, Manitoba, Alberta and Saskatchewan. Hundreds of new towns have been established—all prosperous and progressive communities—where opportunities wait for the enterprising. The story of this new birth of Canada as a first-class commercial power in the world generally, and especially in North America, is well set forth in the interesting publication—
