

Cool. A study where you don't have to open a single book.

We're looking for women who are considering starting oral contraceptives (birth control pills) for the first time. We are conducting a clinical trial of a birth control pill that's been approved and on the market for several years. We're interested in how packaging may affect how consistently and

correctly women take the Pill.

For further information on how to participate, give us a call at the number below. If you qualify, you'll get six months worth of free birth control pills. In return, we'll ask you to fill out some questionnaires. All calls are confidential and free of charge.
