THE SUBMERGED FORCE PUMP.

DOUBLE-ACTING, NON-FREEZING

FORCE PUMP.

THE SIMPLEST and most powerful in use. It
is proved to be the Cheapest, most Effective and
Reliable Pump.

It is the Cheapest its first cost being one-third less
than any other Force Pump, of the same capacity,
and never gets out of order. It is the most effec-
tive, because it never fails. It is the most durable,
being composed of five simple parts, all of metal,
has no leather packing but a very strong piston.—
It never freezes, since no water remains in the pipe
when not in action. It furnishes the purest and
coldest water, as it is placed in the bottom of the
well and being galvanised does not impart any
unpleasant taste to the water.

This Pump is most useful in case of Fire, or for
watering Gardens, as it throws the water a great
height. Farmers, mechanics, and others would do
well to have one of these Pumps on their premises.
Price of Pump alone, \$16.00, pipe, hose, &c., &c.,
additional.

On view and for sale at the Agricultural Em-
porium, London.
