IMPORTANT to CARRIAGE DEALERS AND USERS.

THE ADJUSTABLE SAND BOX.

Can be applied to any vehicle in 20 minutes time by any ordinary mechanic. They are ORNAMENTAL as well as useful, and no carriage is complete without them. It is economy for every one to have them applied to their carriages, for the following reasons:

1st. You can save the wear of your axles 50 per cent; they are practical and are fast coming into general use. 2nd. You can run your carriage 200 miles with one oiling. 3rd. Water, sand, mud and dirt cannot get in upon the bearing of the axle, hence the necessity of frequent oiling and the continual wearing is avoided. 4th. Grease and dirt are not continually oozing from the axle bearing. 5th. They are cheap and durable. One set will last a life time; but if necessary can be easily replaced with little expense. 6th. The first and only Sand Box ever invented to go on over a solid collar.

Livery-stable keepers generally are adopting them as a matter of economy. Every mail brings unsolicited testimonials from parties using these valuable improvements. Write for inducements, descriptions and cuts of the Adjustable Sand Box and Improved Concord Axle; if your dealer does not have these goods in stock send your order direct to me and I will forward promptly. DON'T BUY A VEHICLE WITHOUT THE ABOVE ATTACHMENTS. Address
