BIG MONEY IN 'ORNER' HORSES

MY free book will amaze you. See the big money that is being made by those I taught my famous system of horse breaking and training! Wild colts and vicious, unmanageable horses can be picked up for a song. By my methods you can quickly transform them into gentle, willing workers and re-sell them at a big profit. You can also earn fat fees breaking colts and training horses for others.

we should be willing to give that and give it gladly. It is an old-fashioned word. It is easy to pronounce. It is easy to spell, but our privileged ones cannot spell it. They hesitate, they stammer, they stutter, but let them only face it and the world will be free. It is *justice*. All I ask is that we should give these men justice, and justice can be given by freeing industry from taxation and by applying drastic readjusting taxes to excess profits and incomes, and above all by a direct tax upon land values. The earth is the people's and the fruits thereof, and land value taxation is the only way by which the wrested rights of the people can be restored.—R. J. Deachman.

Questions and Answers.

1st—Questions asked by bona-fide subscribers to "The Farmer's Advocate" are answered in this department free.

2nd—Questions should be clearly stated and plainly written on one side of the paper only, and must be accompanied by the full name and address of the writer.

3rd—In veterinary questions, the symptoms especially must be fully and clearly stated, otherwise satisfactory replies cannot be given.

4th—When a reply by mail is required to urgent veterinary or legal enquiries, \$1.00 must be enclosed.

Miscellaneous.

Tiling Machine.

Is there a machine for laying tile that will bring the earth back into the ditch after the tile are laid? J. H. P.

Ans.—We understand that a machine of this description is made in the United States, but we have not seen one working. The ditching machines working in this country dig the trench and the earth is conveyed to the side of the trench. The tile are laid by hand, and then the earth either shoveled back or dragged back into the trench.

Books.

Where can I most readily obtain the following books: "Who's Who in America" and "The Advance of the English Novel?" E. M. A.

Ans.—No doubt they could be secured through your local book dealer. The latter book, which was reviewed in these columns some time ago, was written by William Lyon Phelps and published by McClelland, Goodchild and Stewart Publishing Company, Toronto. We understand the price is \$1.35. We cannot state the price of the former book.

"Now, see here!" said the lawyer. "Before I take your case I want to know if you're guilty."

"Am I guilty?" replied the prisoner. "Wot d'yer s'pose? D'yer think I'd hire the most expensive lawyer in town if I was innocent?"

A northern sociologist, visiting the great rice fields of Louisiana, approached an old negro with the question:

"How long do you work each day?"

"From can't to can't," was the reply.

"Can't to can't?" repeated the puzzled questioner. "What do you mean?"

"Why," the darky answered, "Ah works from the time Ah can't see to the time Ah can't see no mo'."
