

## The "Peerless Corona" —the king of the Peerless line

Any Peerless range is distinctly superior to any other range in its class but we are particularly proud of our "Peerless Corona." Four years ago we placed this superb steel range on the market for the purpose of winning first place.

Well—everybody knows that the "Peerless Corona" has won—that it is having a marvellous success.

Observe the ease with which the grates are removed. The casting, shown on floor, covers ends of grates and is held in place by two buttons. To remove grates—turn buttons, remove casting, then remove cog wheels and the grates can be lifted off the hooks or supports.

It takes a mechanic's time and costs money to change most ranges from coal to wood but any person can change "Corona" grates in one minute. This is only one of the many patented features which make the "Peerless Corona" Canada's leading steel range.

But—see the Corona for yourself. Most good dealers have it on their floors. Or—write us for particulars.

## Doesn't this Louden Litter Carrier look good to you?

One of these Litter Carriers would be a real help to you in the barn. A LOUDEN Carrier changes drudgery into child's play and enables a boy to do a man's work in half the time and with half the trouble—and it costs but little.

A pound pull lifts 40 lbs.

A BOY can easily hoist half a ton and push the carrier right out of the barn to the manure spreader or litter heap where it can be easily dumped. Runs smoothly, too, and never gets out of order.

## LOUDEN Litter Carrier

Makes barn work easy and light—costs little—means a cleaner better barn—time saved—and bigger profits. Now's the time to have it installed.

Every Farmer should have the new LOUDEN Catalogue as a valuable guide and reference book on Farm Equipments. It is FREE for the asking.
