HILTON FARM HOLSTEINS AND TAMWORTHS.

Under Government official testing for the R. O. P., the splendid Holstein herd of R. O. Morrow & Son, of Hilton, Ont., on ordinary feeding, with ordinary care, and with morning and evening milking only, have made the remarkable records of 17,000 lbs. for adults; 12,000 lbs. for three-year-olds, and 10,000 lbs. for two-year-olds. Again, at the big dairy-cow show in Peterboro, in the dairy test, they won first in mature-cow class and second in two-year-old heifer class. This is certainly a wonderful showing for this herd, and worth particular notice for anyone wanting breeding stock. On their sire's side the breeding has been on official-record lines for many years, as richly-bred bulls have always been in use. The young things are the get of Riverside Johnna Wayne, whose four nearest dams have records averaging 22½ lbs. in seven days. For sale are a number of heifers and four young bulls, two of them yearlings, and two six months of age, got by the above bull, and out of R. O. P. dams. In Tamworths, for sale, are sows of breeding age and younger, and two-months-old boars, all from prize-winning sires and dams, bred from imported stock.

A CHOICE LOT OF SHORTHORNS AT KYLE BROS.

The seventy-five head of Scotch Shorthorns that go to make up the herd of Kyle Bros, at Ayr, Ont., will certainly be a surprise to any Shorthorn admirer that visits the herd without any previous acquaintance with it, or knowledge of the essentially high-class character of the herd as a whole. The splendid uniformity of modern type, the heavy fleshing and nice, level lines, so conspicuous all through the herd, are due to years of systematic breeding along the best-known breed lines, and to a thorough and persistent culling of all not reaching the high standard of ideal in vogue ever since the foundation of the herd a decade ago. Imported and Canadian-bred, their blood lines are all that has made the modern Shorthorn the most perfect and beautiful of all the bovine tribe, and on their sire's side the vast majority of them are the get of the great Bapton Chancellor (Imp.), the Toronto junior champion; Imp. Clipper Chief, the present great and successful stock bull and sire, Imp. Newton Ringleader. The last named, now at the head of the herd, is fast making a name for himself as one of the great sires in the breed's Canadian history. High-class show form is much in evidence in many of his get, and he is yet scarcely at his best. Assisting him in service is the roan two-year-old, Nonpareil Ramsden, a son of Imp. Nonpareil Archer, and an imported Miss Ramsden dam. This fall, at Toronto, in only moderate field condition, in a class of seven, he stood in the middle, three on each side. Another year, properly fitted, as he will be, it will certainly take something sensational to beat him. Very many Toronto, London and Ottawa prizewinners have been bred in this herd, but never in the herd's history has it contained so choice a lot of young things, both heifers and young bulls, as now, sons and daughters of Imp. Newton Ringleader, and Imp. Scottish Pride (who we forgot to mention when speaking of the sires in use). Individual mention among so many good ones cannot be attempted. Toronto and Ottawa winners this year included many firsts, and the Ottawa championship for best female any age, and junior bull championship at Toronto. Eight of these young things were exhibited, and seven of them were in the money, besides winning second place for three the get of one sire, an honor that added to the fame of Imp. Newton Ringleader. This is the quality of young bulls and heifers that the Messrs. Kyle are offering for this season's trade. First-, second-, and third-prize winners, and champions in both bulls and heifers. Already buyers are scouring the country, and the tardy buyer may have to take the poorer ones.
