the genial clerk at the Knapp House. All will be surprised to hear that he has had a narrow escape, from a relentless enemy. Thanks to the assistance rendered by a good friend, however, he escaped safely. He tells the story in this style:

"I suffered for a long time with terribly severe backache, caused by Kidney Disease. It was with the most agnizing pain, that I could sit down, and the pain I endured in getting up again was equally as severe. My life was being made miserable, for these pains were present during the greater portion of the time.

"Other medicines having failed to help me I tried Dodd's Kidney Pills, and got relief from the first dose. Two boxes cured me completely, and I haven't been troubled since. There's no medicine like Dodd's Kidney Pills for any and all Kidney Diseases."

"Good Fortune knocks once at every man's door," says an old saw.

These are the words that grace the cover of the Hartford Rubber. Work Company's bicycle tire catalogue for the season of '98, and which is the handsomest production of the kind that has reached our table in many a day. As a sample of, mechanical skill it is superb, as a fountain of tire talk it will be found entertaining and interesting, and throws the proper sort of reflection upon the enterprising people who publish it. Address a post card to the Toronto Tire Company, Limited, 9 Adelaide Street West, and they will mail you the catalogue free.

SOME ROYAL PRESENTS.

Queen Mary-popularly known as Bloody Mary"-has not been pleasantly drawn, for us by history, but certain records of the time when she was a young princess, occupying the dangerous position of doubtful heir to the throne of England, indicate that

the throne of England, indicate that she was not without human kindness. Mr. Richard Davey, in his history of Mary Tudor, quotes from the princess's "Privy Purse Expenses," Mary had been forbidden to call the Princess Elizabeth by any title, but it is pleasant to note that she refers to her affectionately as "my little sister."

She sends her brother, afterward Edward VI., a frock which she had embroidered for him, and gave her sister Elizabeth a cramoiste satin kirtle. Again, she sends a box with silver needle-work im it for her "Sister Elizabeth," and also worked a cap for her baby brother, and made his nurse, "Mother Jackson," a present of a bonnet and frontlets which cost twenty shillings.

Most singular amongst the gifts of the period, however, is that presented by Lady Lisle to Duke Philip of Bayaria, after the Duke had visited Lord Lisle at Calais.

"My lord," she writes to her spouse from Calais after Lisle and Duke Philip had set out for England, "I send you my toothpicker. I thought to have given it to the duke whilst he was here, but it was not then at my hand. I send it to him because when he was here I did see him wear a pin to pick his teeth withal. And I pray you to show him that it has been mine these seven years."

A proprietorship in a toothpick of seven years' date would hardly be a recommendation nowadays.

The man who had built up the new town and was showing a prospective settler about the place, pointed with pride to a pretty little church, just completed.

Do you belong to the church? asked the visitor.

I should say not, replied the head man of the burg, with an air of injured pride, the church belongs to me.

The necessity for taking a good spring medicine to purify the blood and build up the system is based upon natural and unavoidable causes. In cold weather there has been less perspiration and impurities have not passed out of the system as they should. Food has consisted largely of rich, fatty substances, and there has been less opportunity for outdoor exercise. The result is, the blood is loaded with impurities and these must be promptly expelled or health will be endangered. Hood's Sarsaparilla is the best spring medicine because it is the best blood purifier and tonic. It purifies the blood and gives vigor and vita ity in place of weakness and languor. spiration and impurities have not
