OBITUARY

FREDERICK ABRAHAM

Mr. Frederick Abraham, a former well known newspaper man of Belleville and Montreal, died in Montreal yesterday after an illness of two weeks. His illness was considered almost certainly fatal from the beginning. He was first taken with a heart seizure, and later paralysis set in.

The late Mr. Abraham was born in Belleville 50 years ago and early in life joined the staff of The Ontario, later becoming editor. He left Belleville for St. Thomas, later joining the Montreal Herald's staff, ultimately becoming owner of this publication with Mr. Brierley. Some years ago they disposed of this paper. Latterly Mr. Abraham has been engaged in the bond business. During the war he engaged in many activities calculated to assist in prosecuting the war. He inaugurated the clean up system in Montreal. He was engaged in social activities in that city and he will be deeply missed, as he passed off the scene at the early age of fifty years.

Mr. Abraham was married to Maud Charters, daughter of the late Jas. A. Charters. She with two sons, Eugene and Gerald of Montreal survives. He was a member of the Presbyterian church.

Mr. Charles Abraham of Winnipeg, a brother and Mrs. N. M. Ostrom of this city is a sister, several other sisters survive.

Mr. Abraham lost his mother a few months ago at a great age.

The interment takes place in Montreal on Monday.

TIMOTHY SULLIVAN

An old and highly esteemed resident of the township of Hungerford in the person of Timothy Sullivan passed away on Thursday last in his 75th year.

The deceased had been in poor health for some time, and his death was due to creeping paralysis. He is survived by one son, Robert, and a daughter, Mrs. Murrey Graham.

The funeral took place on Sunday afternoon last and was very largely attended. The service at the home was conducted by Rev. A. L. Brown, and the remains were interred in Tweed cemetery. Tweed News.

JAMES M. HUDGIN

James M. Hudgin died at his home on Main Street, Thursday forenoon, August 19th. The deceased was well known throughout this district. He was the only son of Mr. and Mrs. John P. Hudgin, and was born in Prince Edward county 47 years ago and had lived here all his life. For many years he represented agricultural implement firms, both in Prince Edward county and on the road. For two years past he has been conducting auction sales in which calling he was very successful. He was a great lover of the roadster horse and generally had a good one in his stable. While his health had been failing through kidney trouble for several years, his ambition kept him on the alert and he was only confined to bed for a few days. He married Janey McDonald who survives him. Besides his wife, his parents and sister, Mrs. (Rev.) John Osborne, are bereaved. His funeral took place on Saturday, service being conducted at the home of Rev. Alfred Brown and in West Lake Church by Mr. Mullins, Disciple minister. Interment was made in the Disciple burying ground. Picton Times.

ANNIE KENNEY

Miss Annie Kenney passed away on August 1st, 1920, at her home, Hallowell, after a lingering illness of nearly two years. She had been a great sufferer and bore her suffering with Christian fortitude. On Tuesday morning, August 3rd, relatives and neighbors gathered in large numbers to pay their last respects to one they loved in life. A large procession followed the remains to St. Gregory's Church where Requiem High Mass was celebrated by Rev. Father Carson. During divine service Miss Carroll, a life long friend of deceased, sang a beautiful solo, "There is No True Home But Heaven." The remains were interred in the family plot in Mount Olivet cemetery. Picton Times.

Pills That Have Benefitted Thousands.—Known far and near as a sure remedy in the treatment of indigestion and all derangements of the stomach, liver and kidneys, Parrelle's Vegetable Pills have brought relief to thousands when other specifics have failed. Innumerable testimonials can be produced to establish the truth of this assertion. Once tried they will be found superior to all other pills in the treatment of the ailments for which they are prescribed.

Some Words

of Interest

Editor Ontario:

ABILITY—Every person is endowed with a percentage of intellectual power. If this birthright is concentrated on the subject of interest, there can always be some results attained.

GREATNESS—The most necessary and satisfactory method is a determined spirit and willingness to learn.

DEMOCRACY—Democracy is the most ill-used word in our language, for the meaning according to the dictionary is very seldom applied as a stimulating influence to obstruct unrest.

SMILES—Smiles are to be fostered by all who expect enjoyment. They should shield defeat and make victory a greater triumph.

RIGHT vs MIGHT—A question of the supremacy of might and its relation to right gives deep thinking people rightfully great thought. It can be said fundamentally that in the majority of cases, Right is absolutely dependable on Might for its existence.

FRIENDSHIP—Man's admiration for another is the one element that constitutes his greatness. Women are not exclusive, for they have suffered discomfiture to shield others faults.

BIRTHRIGHT—Your heritage is your energy and vitality, and you are deserving of a fair remuneration for its use. The product of man's energy is used for the benefit of a few. Human nature rebels against becoming a mechanical device such as the masses are in industry today.

CAPITALISTS—Capitalists are dead labor, vampire-like. For the vitality they extract from Humanity, the more lucrative they and their adherents live. Socialists would see usefulness triumph over ability, though the system under which we live is very defective. Is it wise to change it when it cannot be proven that it would be more beneficial to the masses? When the livelihood of workers is dependable on industry, we cannot afford to jump to conclusions.

BEVERLY C. McCARGAR,
277 Sherbourne St.,
Toronto, Ont., Aug. 12.

Placing Belleville Properly on the Map

Editor Ontario:

I do not want to weary you of your many readers, but on a person becoming a resident of a place, its standing shall become part of their very life and I was much pleased on getting my "Montreal Star" the other morning to note that special mention had been made of Belleville, along with Montreal and a few other Canadian cities, as sending strong representatives to the Chamber of Commerce Joint or Union Meeting at Toronto.

In the same issue of the Montreal Star in glaring headlines were "Belleville and an account of the Press Reporter's interview with Premier Meighen." Now great as these events may be in the minds of some people, surely throughout the year there are many events worthy of mention in the big city papers. All these tend to increase Belleville's space on the map as a desirable place to locate from a social or commercial standpoint. We see the record from our Weather Bureau might be mentioned. We see temperature, etc., recorded from Montreal, Kingston, Toronto and many other places, why not Belleville. It at least keeps the place before the people. We should all be energetic in boosting our city, because when we knock we leave ourselves open to criticism. People are apt to say "poor fellow, why don't he leave, if he doesn't like it," and people will say "he can't or he would." So let's all Boost our Town, while we are living in it at least.

GEO. B. JONES.

Serious Accident

A serious accident occurred on Sunday about noon on the Demorestville Road near Mr. C. S. Vandusen's residence when a party driving a Ford car towards Picton met a Mr. Fraser of Salmon Point, who was riding on his motor cycle. Mr. Wm. Frederick was also walking towards the House of Refuge at the same time and somehow in passing a collision occurred, both Mr. Frederick and Mr. Fraser being seriously injured. Seeing the accident the Misses Boulter at once went to their assistance finding Frederick unconscious and badly cut about the face and

so seriously bruised about the body. Fraser was also cut and bruised. Mrs. Fred Hapburn who came along at the same time with the assistance of the Misses Boulter put the injured men in her car and took them to the hospital where Miss Nellie Boulter telephoned and a bed was in waiting. Both are reported recovering. The driver of the Ford car did not stop, speeding away, leaving the injured men helpless on the road. Unfortunately the number of the car could not be obtained. Such reckless drivers should be made an example of.

Wedding Bells

MURRAY—BEST

On Tuesday, July 20, 1920, Miss Marie Best, one of Wellington's most popular and talented young ladies, was united in holy matrimony to Donald Nicholas Murray of Murray township. The young couple motorized to Toronto and where married in the Metropolitan church at high noon by the Rev. S. T. Bartlett, assisted by Rev. R. Burrows. The happy young couple left immediately for a motor trip around Lake Ontario (on which they now live in their pretty home "Locust Lawn") stopping at Rochester to visit Dr. and Mrs. D. G. Reynolds. Mr. Murray is to be congratulated in winning so winsome a girl for his bride. Picton Times.

Woman Confesses to Leaving Child

Fannie Hayes, Aged 31, of Kingston, Is Arrested by Police in Union Station Case

Brockville, Aug. 14.—Confessing to having deserted her six-weeks-old baby in the washroom of the union station Wednesday evening, Miss Fannie Hayes, aged 31, of Kingston, was arrested at 11 o'clock Thursday morning by Chief of Police Burke. The woman was attempting to hide behind a door of the residence of Charles Beach, 419 King street west, where she had spent the night, after leaving the station.

Charged by Chief of Police Burke with having deserted the child, the woman gave way and confessed. She was slightly acquainted with Mrs. Beach, who gave her lodging Wednesday night on her statement that she was out of funds and needed a place to sleep prior to leaving for Butternut Bay in the morning. She added that she intended to proceed from Butternut Bay to Grenadier Island, where she believed no person would look for her.

The baby was born here six weeks ago. Miss Hayes went to Kingston to secure foster-parents for the infant. Failing in this effort, she returned to Brockville and finally disposed of the baby in the above manner.

The Hayes woman, who was arraigned in police court Thursday afternoon, was lodged in the cells at the police station. She gives the name of a certain Brown, whose Christian name is unknown to her, as the man in the case.

What disposition will be made of the baby is not yet known.

Drowned in Picton Harbor

Florence Rosenberg, youngest daughter of the late John Rosenberg, and Mrs. Rosenberg, Picton, fell off the lower wharf into deep water Monday evening about 7.30 and was drowned. The only witnesses to the accident were her sister, Miss Marie Rosenberg, and Arthur Mack, who reside in Yorkville. It was raining at that hour and in the semi-darkness, the girl, whose eyesight was said to be slightly defective, is thought to have stepped over the side of the wharf. The water in the bay is very low and the drop from the wharf is several feet. The alarm was given and in about half an hour Tommy Jones recovered the body with a grappling pole. Coroner Whitman, after investigating the circumstances, deemed an inquest unnecessary. Much sympathy is felt for the widowed mother and the family in their sad bereavement.

Late Dr. S. T. Hudson

The funeral of the late Dr. Samuel T. Hudson took place on Friday afternoon from his late residence, Roslin, to St. Paul's Anglican Church, Roslin, where the Rector, Rev. Mr. Davies, conducted the impressive service of the church. The edifice was all too small to accommodate the friends of the deceased physician, who came to pay tribute to the memory of him who for over forty years had given of himself freely in

the service of the sick. Interment was made in St. Paul's burying ground, Roslin. The bearers were six medical associates—Dr. Wallbridge, Dr. Hill and Dr. Tennent of Belleville; Dr. Mather of Tweed, Dr. Moore of Shannonville and Dr. Morgan of Roslin.

WILL ASK FOR INJUNCTION

Smith's Falls town council, at a special meeting this week, once more wrestled with the problem of the drainage of the Rideau lakes through raising the stop-logs at Poonamabee. The conclusion arrived at was that the town solicitor, Wilson McCue, should at once take necessary legal proceedings to restrain the Government from draining the water from Rideau lake to the detriment of this town.

RAISED P.D.Q. IV.

A wrecking crew and diver from Alexandria Bay, after working hard all day Saturday, succeeded in raising the sunken hydroplane P.D.Q. IV, at Darlingside. Mr. Noble, the owner, had the wreck taken to his summer home and will have the craft rebuilt. The work of raising the craft attracted a large crowd of tourists who watched the proceedings with much interest.

CONGRATULATES PETERBORO TEAM

The following congratulatory message has been received by the Peterboro Baseball Club from the Belleville G.T.R. baseball team: "Congratulations on winning the Central League Championship. Wish you every success in the finals."

SMASHED ALL RECORDS

An Overland Four stock car, taking on gas at 32 different stations, driven by 25 different drivers, who never saw the car before, smashed all transcontinental economy records in a day and night run from New York to San Francisco, 3442 miles of incessant driving, in 179 hours; the car punished by unfamiliar driving, reckless or conservative, according to the driver—over mountains, creeks, roads good and bad, averaged 32.6 miles per gal. This is a remarkable record and proves the sterling quality of the Light Four, as well as its wonderful economy.

BURGLARS ARE ARRESTED

Charged with trespassing on the C.P.R. property, Clarence Theall and John McCabe, both of Boston, Mass., were taken into custody by a C.P.R. constable in a box car at Smith's Falls Wednesday. On investigation by Chief of Police Phillips, the two men were found to be those wanted for burglary of William McQuaid's grocery store at Smith's Falls early Tuesday morning. To this charge they pleaded guilty and were committed for trial.

BURGLARS ENTER C.P.R. SHEDS

Burglars are real particular chaps these days. Wednesday night they gained entrance to the C.P.R. freight sheds at Port Hope by breaking a pane of glass in one of the windows. The thieves made a careful inspection of all the packages in the building, but finding no liquor, they left empty handed. Even several caddies of tobacco were no attraction for the night raiders. It was a case of whiskey or nothing and the thieves were obliged to accept the latter.

CHANGE IN OSHAWA BRASS BUSINESS

An important business deal has just been completed in Oshawa whereby the Oshawa Brass Foundry ceases to exist and in its stead and in the same building two new companies have sprung up. Mr. McCullough, who was at the head of the Oshawa Brass Foundry, has retired from the business. Now Mr. R. J. McCullough has taken over the department for making commercial and touring car bodies and the painting department. The name of this concern is the Auto Body Company. Mr. W. R. Chapman, who has been connected with the trimming department since its inception, now takes charge of that branch and will operate under the name of the Chapman Auto Tops and Accessories Company. His firm will make a specialty of auto tops, covers and accessories.

GIVEN SIX MONTHS

At Prescott Wednesday Justices of the Peace Raney and Plumb imposed a sentence of six months imprisonment on George Clute, a resident of Oxford station, who was convicted on a charge of having or selling liquor contrary to the regulations of the Ontario Temperance Act. The charge was laid by Inspector E. B. Taber and the prosecution was conducted in the case by C. R. Deacon. Sentence was deferred until Wed-

nesday on the request of the defendant who asked for a week's postponement of the case in order that he might be able to gather in his hay crop. Usually a sentence of six months means that the prisoner will be taken to Burwash prison farm at Guelph, but owing to Clute's advanced age it is not known as yet whether he will be taken there or kept in the counties jail here. He was brought to Brockville Wednesday evening. A quantity of liquor seized on Clute's premises was ordered forfeited to the Government.

VOTERS' LIST BEING PREPARED

Enumerators are now engaged in preparing the voters' list in Peterboro for the next provincial elections. The franchise applies to all persons of the full age of twenty-one years who are British subjects and who have been residents of Ontario for nine months prior to May 1st of this year. Only residents of the city should be entered in the city's lists. This includes students who may be attending college, soldiers at Kingston or elsewhere, and other persons who may fall within similar categories. A member of a family who is working in another community is regarded as living there and should be entered in the lists of that town. The enumeration is being carried out under the direction of the assessors' department, and to facilitate the work it has been suggested that in each house a list of the eligible voters be prepared before hand for the enumerators. The list should give the names of all the members of the household who have reached the age of twenty-one and who fulfill the other conditions specified above, and also their occupations and the street address.

EVIDENCE NEEDED

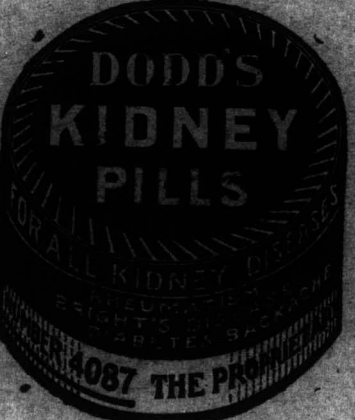

Chief Phillips of Smith's Falls, in receipt of an anonymous letter from some one who holds that gambling and illicit drinking are going on in that town without any serious effort being made by the police department to stop the practices. The opinion is expressed by Chief Phillips that if the writer of the letter is honestly desirous of having gambling and drinking put down here—or she will cease writing anonymous letters and place in the hands of the police any known evidence. This would be treated as confidential. Chief Phillips and Sergeant Lee and Constable McGillivray know full well says the Record-News that the town has its lawbreakers, as every other community has, but the trouble is to procure sufficient evidence to convict.

TELEGRAPHERS HOLD MEETING

Members of G.T.R. division No. 1, order of Railway Telegraphers, met in the Centennial Hotel, Brockville, Thursday evening to discuss the new wage award. J. A. Tardif, of St. Rosalie, Que., the Brockville chairman, presided, and among the speakers was J. M. Meth, representative of the railway telegraphers on the Railway War Board. About 20 operators from adjoining sections of the G.T.R. were in attendance.

COLORS OF "C" COMPANY

Recently Chief MacGroddy of Whiting received a parcel from Ireland, containing the colors of "C" Company, 116th Ontario County Battalion. This handsome flag was presented to "C" Company by the Whitevale Girls' Red Cross Society before the 116th went overseas, and when the company was broken up in England to proceed to the front the late Lieut. Frank MacGroddy was given the colors to put in safe keeping. While on a visit with relatives in Ireland he gave the flag into their hands to keep for him. Lieut. MacGroddy subsequently was killed at the front and the flag therefore was returned to his father, Chief MacGroddy, who has handed it over to Major G. W. P. Every, officer commanding "C" Company. "C" Company was composed largely of young men of Whiting and vicinity and as Whiting was the headquarters for the unit, the flag will remain there. It now adorns the wall of Mr. Every's office.
