THE AUTHOR'S PREFERENCE. The famous author, Mr. Israel Zangwill, was once travelling in an omnibus when a lady passenger, who recognized him, thinking it to be particularly agreeable, said—"Oh, Mr. Zangwill, I have read one of your books six times!" "Madam," replied the author gravely, "I can assure you much rather that you had bought six copies!"

A BARGAIN It is recorded that the Right Honourable Herbert Samuel, M.P., who is very fond of a joke, once opened a tin of stamps at a large seaside town, and as he was serving the first lot of stamps he said jokingly that, as this was a special occasion, they asked for a shilling's-worth, whereupon Mr. Samuel, smiling benignly, handed her eleven penny stamps and two halfpenny ones.

IN FIVE MINUTES NO SICK STOMACH INDIGESTION, GAS If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can surely get relief in five minutes. Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapiesin, which then you will understand why dyspeptic troubles of all kinds must go, and why it relieves sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapiesin" is harmless; tastes like candy, though each dose tastes like a dose of medicine, and is assimilated into the blood all the food you eat; besides it makes you go to the table with a healthy appetite; but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation. This city will have many "Pape's Diapiesin" cranks as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery. Get some now this minute and rid yourself of stomach misery and indigestion in five minutes.

CANADIANS IN COLD AND FOGGY ATMOSPHERE Official Report From Sir Max Aitken Gives No Material Change.

DARING ACT BY TWO PRIVATES Brought Back Identification Marks From Wounded German Soldier.

Ottawa, Nov. 29.—Major-General Sir Sam Hughes, Minister of Militia, to-day received the following communique from Sir Max Aitken, the Canadian General Representative in France: Canadian General Headquarters in France, Nov. 28.—During the period November 19-26 there has been no material change in the situation along the Canadian front. The weather has been cold and at times very foggy. Little rain has fallen.

ENEMY HAVING TROUBLE Certain sections of the enemy trenches and communicating trenches still appear to be in poor condition and causing him a lot of trouble. Pumping and bailing are being continually carried on. Enemy working parties have been unusually numerous.

BIPLANE AND CREW CAPTURED About dusk on the afternoon of November 19 a German biplane landed in our lines about one and a half miles behind our front trenches. The machine overturned, but was only slightly damaged. The two occupants, a captain and a sergeant, escaped injury and were made prisoners by one of our signalling officers and two lieutenants, who were working in the vicinity.

SNIPERS WERE ACTIVE. The use by our troops of an increasing number of rifle grenades and bombs was effective in checking the enemy's activity on our front. Rifle and machine gun fire was normal during the period. Enemy snipers were slightly more active than usual, but our snipers retaliated with good results. Enemy patrols displayed little activity. Our patrols took advantage of the lull to examine the enemy's wire entanglements. The activity of our patrols at night was well maintained. One of our patrols discovered an unexploded 4.5 shell between the front trenches. The shell was placed under the enemy's wire and exploded with a slab of gun cotton, causing considerable damage.

PLUCKY WINNIPEGI PRIVATES. In the early morning of November 20, a German, who was throwing bombs into our trenches from a mine crater between the lines, was shot by one of our sentries. After daylight it was seen that this man had crawled from the crater to within 25 yards of the enemy's parapet. Privates J. J. Milne and A. Bonner of the 27th City of Winnipeg Battalion volunteered and succeeded in reaching the body. Various articles of value for identification purposes were secured and brought in.

ARTILLERY EFFECTIVE. During the period our artillery appreciably overbalanced that of the enemy. On November 24, with a view of damaging the enemy's defensive works and causing him alarm, a systematic artillery bombardment was undertaken on our front. The bombardment lasted two hours. A large number of shells of all descriptions were used. The firing was exceptionally good and severely damaged sections of the enemy's trenches, as well as many of his fortified places. The wire was cut in order to produce the impression of an impending attack. The bombardment appears to have considerably demoralized the enemy, who in one or two instances bolted from his trenches, and in some places the open by our shrapnel and machine gun fire.

ENEMY DESTROYS OWN POSITION. In one place, apparently under the belief that an assault had taken place the German artillery opened fire on its own front line trench and practically destroyed one of its own strong positions. A considerable portion of the enemy front line was evacuated during the bombardment, and only re-occupied after dusk with great precaution. During the bombardment the Flying Corps co-operated with our artillery, directing the fire of our heavy guns and dropping bombs over the German lines. The enemy's retaliation was very weak and ineffective.

KAISER SCARES GREEK KING London, Nov. 29.—New York Herald dispatch—I am informed that as a result of a message from the Kaiser to King Constantine in which, in order to counteract Lord Kitchener's influence, he bombastically predicts a certain German victory and threatens all who assist his enemies with annihilation, there has been a sudden and sensational change for the worse in the situation at Athens.

MAGNETIC SURVEY Is About to be Completed of China—Entire World to be Covered. Peking, Oct. 25.—Dr. Charles K. Edmunds, president of the Canton Christian College, is about to complete a magnetic survey of China which the Carnegie Foundation of Washington, D. C., authorized him to make several years ago. Dr. Edmunds expects the preliminary survey to be completed by next May. The British are lucky in having the best road in Macedonia as a line of supply. Stores can be brought up by automobile, except on the last stage of the journey, to the army's position in the foothills. Mules are the only means of transport possible for this last stage.

SYNOPSIS OF CANADIAN NORTHWEST LAND REGULATIONS. THIS sole heir of a family, or any male over 18 years of age, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the District. Entry by proxy may be made only by Dominion Lands Agency (but not Sub Agency), on certain conditions. Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 30 acres, on certain conditions. A habitable house is required except where residence is performed in the vicinity. In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$300 per acre. Duties—Six months' residence in each of three years after carrying homestead but not less than 90 days extra cultivation. Pre-emption patent may be obtained as soon as homestead patent, on certain conditions. A settler who has exhausted his homestead right may take a purchased homestead in certain districts. Price \$2.00 per acre. Must reside six months in each of three years, cultivate 20 acres and erect a house worth \$200. The area of cultivation is subject to reduction in case of rough, scrubby or stony land. Live stock may be substituted for cultivation under certain conditions. W. W. CORY, C.M.G., Deputy of the Minister of the Interior, No. 144-145, Parliament Buildings, Ottawa, Ontario. This advertisement will not be paid for.—61288.
