

SPLendid RECORD

Of Rev Mr. Rose in Amherst
Nova Scotia
Former Brantford Pastor is
Doing a Great Work

Amherst, N.S., Daily News, Oct. 12.
Last Sunday morning in an anniversary sermon, Rev. C. W. Rose, pastor of the church, gave a report of the work during the past three years, the length of his pastorate and the time of the war. During these years 191 have been added to the membership, 144 by baptism, 44 by letter, and three on experience. In the same time \$1229 have been contributed to missionary work alone. This is the largest amount ever given by this church to the missionary enterprise of the denomination, and probably the largest given by any Baptist church in the Maritime Provinces. During this year alone \$2,753.44 have been contributed by the church to missions. (This includes all organizations of the church.) Miss Cole receives merited increase. The report of the music committee, after commending the work of the organist and choir director, Miss Cole, recommended that her salary be increased to \$150. This recommendation was adopted by unanimous standing vote. The Men's Chorus, which has become a very important part of the musical life of the church, has earlier in the week, on their own account, made the organist a gift of \$50, as an expression of her interest and valuable training. The pastor had others spoke words of appreciation of the choir and music generally. Reports from Branches of Church. "Brief reports were received of the work at Salem, East Amherst, Amherst Point and the Highlands under the direction of the assistant pastor, Rev. A. H. Whitman. All expressed satisfaction with the work done and sincere regret over Mr. Whitman's acceptance of the call of the Dorchester Church.

The Treasurer's Report.
"The financial year closed with all bills provided for and a balance of \$124 in the treasury. The church is exceedingly fortunate in having a treasurer of business ability and willingness to give many hours every week to the work. The excellent financial condition of the church is in no small degree due to the wise oversight of every department of the financial life of the church by Mr. G. B. Smith.

The Sunday School.
"The Sunday Schools at the Centre and on the Highlands, are doing good work. They were never so well graded before, nor were they ever doing better. Superintendents B. W. Ralston and Wylie Doncaster, together with their assistants and teachers, were congratulated upon the success attained. The next classes are suffering much as a result of the war, but the young departments are increasing in numbers. A Sunday School choir, under the direction of Mrs. John Lusby and Donald McPhail, is brightening and blessing the school.

Young People's League of Service.
The work of this League was reorganized this autumn and under the direction of the new president, Donald McPhail, is growing steadily and providing interesting and instructive. The League is reaching

Courier Daily Recipe Column

Salt Codfish Chowder
Wash 1 pint of salt codfish, broken into flakes, and put to soak overnight; cut half a pound of salt pork into dice, fry crisp and brown, and in the fat fry two onions, chopped into fine dice, put in the kettle a layer of flaked fish and a layer of thinly sliced potatoes; sprinkle with onion, fried pork, add a dash of flour and pepper; cover with a layer of split crackers; continue in this order till the fish and 1 quart of sliced potatoes have been used; over this pour 2 quarts of milk and allow the chowder to simmer very gently for one hour.

Clam Chowder a la Conomo
One quart clams, a potatoes cut in dice, 1-2 pound salt pork, 1 onion, 1 quart milk, salt, pepper, crackers; cut pork in dice and fry a nice brown; add onion sliced; be careful not to burn; then put in kettle with the potatoes also cut in dice, with pepper and salt; with just enough water to cover; when potatoes are done add clams with their juices, which has been strained; then add milk with 1 tablespoonful flour, then 5 common crackers which have been split in halves and dipped in cold water; let boil up once and remove from fire.

The young people in larger numbers than for years.
Mr. Rose was for some time the popular pastor of the Park Church, this city, and his many friends here will be pleased to read the above.

TYPHUS DIMINISHED.
(Associated Press.)
Mexico City, Oct. 18.—The Department of Public Health in a recent bulletin issued here, says that the scourge of typhus throughout the Republic has diminished 50 per cent, and that smallpox is being successfully combated by widespread vaccination. Almost the entire army has been vaccinated, as have the school children and occupants of prisons.

GRAY HAIR BECOMES DARK AND BEAUTIFUL
Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair which has faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays you simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you jacked your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite, it is intended for the cure, mitigation or prevention of disease.

QUEEN OF SPAIN WITH ONE OF HER YOUNG SONS
Queen Victoria of Spain has been spending a great deal of time at the summer resort of Sardinero with her children, who like all youngsters of their age heartily enjoy the opportunity to romp on the sands, wade and swim in the water. The photo shows her with one of her sons, little Prince Gonzalo, on the sands. The young Prince is dressed ready for a dip. This photo is one of the most recent taken of the Queen and has just arrived in this country.

TEN KILLED WHEN HUNS RAID NANCY

Heavy Toll of Enemy Machines Taken By French

By Courier Leased Wire.
Paris, Oct. 17.—Ten persons were killed and forty injured in a bombardment of Nancy last night by German aviators, the war office announced. On Monday and Tuesday 25 German airplanes were destroyed by the French or compelled to land in damaged condition. The communication follows:

"On October 15 and 16 five German airplanes were destroyed four by our pilots one by special cannon. In addition, 20 enemy machines were damaged within the German lines in the course of eight aerial combats.

"Our bombing squadrons made a number of expeditions. Numerous projectiles were dropped on military establishments at Volkingen, railway stations at Thionville, Mesleures, Metz and Woppy and factories at Hagons-saône and Bomsbach.

Mr. Smithers presided and the following directors and officers were elected for the ensuing year:
Directors—Alfred W. Smithers, Sir H. M. Jackson, John A. Clifton, Brock, Sir William Lawrence Young, Howard G. Kelly, E. J. Chamberlain, W. H. Ardley, Frank Scott, W. H. Biggar, Hon. R. Danard, William Molson MacPherson, J. E. Dalrymple, Peter McAra and J. B. Fraser.
Officers: Howard G. Kelly, vice president and general manager; W. H. Biggar, vice president and general counsel; J. E. Dalrymple, vice president; Frank Scott, vice president and treasurer; Henry P. Phillips, secretary; W. H. Ardley, comptroller.

CHICAGO FEARS FOR COAL SUPPLY

Strike at Present Time Would Paralyze Business In Ten Days

By Courier Leased Wire.
Chicago, Oct. 17.—Unless the coal strike is settled within ten days business in Chicago will be paralyzed according to a statement made today by Fred W. Upham, president of the largest company in the city. "There is less than ten days supply in the city and no coal is coming in," said Mr. Upham.

The situation is the most serious, he continued. "There is no coal for the city except that which was freed from the mines before the men went on this unauthorized strike. Unless the miners resume work neither office buildings nor homes will have fuel.

"I have just returned from talking with Mr. Williams, the new fuel administrator for Illinois. He is doing all he can, but he cannot force men to live up to their contracts."

AERODROME AT WINONA
By Courier Leased Wire.
Hamilton, Ont., Oct. 17.—It was reported today that the government contemplates erecting a large aerodrome and securing a training site in the vicinity of Winona. The expenditure is estimated at half a million dollars. General Hoare and Major McPherson have been negotiating with the property owners.

SIDELIGHTS ON THE STAGE AND SCREEN

"EVERYWOMAN"
Theatregoers who have been misled by managerial pretensions of alleged New York productions which are presented by companies of actors which have never played the metropolis, with the scenery and costumes cut down to meet the "requirements" of "the road," will surely appreciate the efforts of Henry W. Savage, the New York producer and manager, who is sending the big dramatic spectacle, "Everywoman," to this city, where it will be offered at the Grand Opera House on Thursday Oct. 25th. This is the only company presenting "Everywoman," the same as it was possible for the managerial skill to make it. In a company requiring thirty-seven speaking characters it is next to impossible to keep exactly the same cast from season to season. Actors are only human, they die, change like other human beings. Yet as near as possible the cast of "Everywoman" is the same this year as it was last year, and the same in each year as it was the year before. Some of the original creators of the various roles are still playing the characters, and have done so since the opening performance. The scenic equipment is just as elaborate and all new, and in every way an exact duplicate of that used at the first performance. It is fresh and sparkling and new. The costumes are up to the minute. There has been no paring in any of the efforts to make it easier to handle. Mr. Savage would permit nothing of the kind. You will not see a number two organization playing "Everywoman." It is the one and only company playing anywhere. The playing public have learned that the name Henry W. Savage is a sponsor of a theatrical or musical attraction is an absolute guarantee of its worth.

"A DAUGHTER OF THE GODS"
Earthquakes, wars, plagues, hurricanes and floods were the order of the day in the creation of "A Daughter of the Gods." The William Fox picture, featuring Annette Kellermann, now showing at the Grand Opera House, Oct. 18th, 19th, 20th.

Most any other man in the world might have been discouraged by this succession of adverse elements, but to William Fox they were but an incentive to try harder, and that he did is best evidenced in the fact that in his picture beautiful, he has given to the world the greatest film fantasy ever produced. That one may grasp the obstacles he had to overcome, it may be noted that in order to lay out a camp for some thousands of warriors, it was found necessary to raise hills in order to have a sufficient stretch of plain upon which to pitch their camps. In another scene, Gnomeland, in order to get the effect of a mountain torrent, it was found necessary to divert the natural course of a river.

This big undertaking never daunted Mr. Fox, instead when he found that to produce a detailed and effective it was essential to overcome the work of nature, he engaged a corps of the best engineers in this country and an army of skilled workmen and shipped them all the way to the tropics to accomplish this one result. The cost of this one undertaking alone represented the expenditure of a fortune, but expense was the last consideration with Mr. Fox, in "A Daughter of the Gods." Engineers, army and navy experts of the British Government visited the location several times and marvelled at the work accomplished by the American engineers.

PARAMOUNT BRIEVITIES.
There's a danger that Marguerite Clark may get the "diary" habit since making "Bab's Diary," her latest Paramount picture. Anyway, she is frequently seen about the studio with a beautiful morocco bound book under her arm and a thoughtful pensive expression upon her face.

Robert G. Vignola, director of Paramount pictures, who went away for a rest after completing "The Hungry Heart," with Pauline Frederick in the star part, is back on the job. He will start shortly on a new picture with Miss Frederick as star. Vignola declares that of all his jobs

USE HOME GOODS.
(Associated Press.)
Berne, Oct. 18.—The war has taught Switzerland that it is a mistake to be too dependent on foreign producers. In order to develop and encourage home manufacturers, the first step is to make consumers familiar with Swiss products. To do this it is proposed to devote a week in every year to exhibitions of Swiss goods, to be held simultaneously in all the Swiss towns and villages.

NEW OPTICAL GLASS.
(Associated Press.)
London, Oct. 18.—The Committee for Scientific and Industrial Research reports that three completely new kinds of optical glass have been discovered by Professor Jackson. A research on light alloys, such as aluminum, zinc and copper, will, it is stated, be of the utmost importance for the future of aeronautics.

G.T.R. EARNINGS.
Montreal, Oct. 17.—Grand Trunk Railway traffic earnings from October 8 to 14, were \$1,312,505; last year, \$1,300,095; increase, \$12,410.

Children Cry FOR FLETCHER'S CASTORIA
By Courier Leased Wire.
Hamilton, Ont., Oct. 17.—It was reported today that the government contemplates erecting a large aerodrome and securing a training site in the vicinity of Winona. The expenditure is estimated at half a million dollars. General Hoare and Major McPherson have been negotiating with the property owners.

Military Service Act, 1917
Regulations issued by the Minister of Justice
The purpose of this Act is to provide for the better regulation of the military service of Canada and to provide for the better regulation of the military service of Canada.

Should You Be Exempt?

Every facility is afforded those who have reasonable ground for applying for exemption under the Military Service Act. Each man's case will be considered by a local civil board, sitting in the locality where he lives, and will be decided as is desirable in the national interest.

The idea behind the Military Service Act is to call up first only those whose absence from civilian occupations will cause least disturbance to the country's economic and social life. One hundred thousand reinforcements—no more—are to be raised under the Act.

Cases of Exemption

Over 1,250 civil tribunals have been organized throughout Canada, known as Exemption Tribunals. These Boards are comprised of 2 members one appointed by the county judge and one by a joint committee of Parliament. It will be seen that these tribunals are non-military and are by a joint committee of Parliament. It will be seen that these tribunals are non-military and are by a joint committee of Parliament.

National Interest Will Govern Exemptions

Consideration will be given to applications for exemption received from men engaged in the production or maintenance of commodities necessary to the conduct of the war and the support of those at home, and cases in which real hardship would be caused by the withdrawal. Not all men who register these claims will be exempted, but such claims will receive careful attention. National interest must govern.

Promptness is Essential

Prompt application for exemption is strongly urged upon all who, being included in the first class, believe they deserve exemption. But first visit a Medical Board. If any further action is required. Unless the Medical examination places you in Category A, you will have no immediate obligation for service.

Issued by The Military Service Council

The V

By H. V.

(From Wednesday's issue)
Somewhat to his disapproval, he showed no elation. Sooner had he won him, he looked at him with a tinge in her eyes with a hesitating air.

"What's the matter?"
"You promise me you where you been?" she said. "No!" he said. "I can't do that. I've got to use my own judgment."

There was a pause while individualities contended. Ralph pushed the moose impatiently toward her. "How do I know?" she said. "I don't know about you."

She abruptly turned her head. Her hands lifted and in an odd, unconscious gesture, she said, "I don't know w'at to do," she said. "I have a hankering for husky sound was shot with come so far to get a doctor. But I cannot tell."

Ralph darted around the forced her to look at him, eyes were soft and large with tears. Beauty in distress to achieve. Moreover, youth and romance were all on Ralph melted like snow fire.

"Here, it's all right," he said. "I'll come. If I promise not to tell." They shook hands, and he wiped her eyes. She told of her arrangements.

"Get on the steamboat her to-morrow," she said. "You see me make out you me at all. At Gisborne, you what to do. Bring on, I have a hankering for husky sound was shot with come so far to get a doctor. But I cannot tell."

Ralph dashed the little bag to her. She quickly put her hand. "You must take it. I don't want you to work ing."

"I have a hankering for husky sound was shot with come so far to get a doctor. But I cannot tell." She quickly put her hand. "You must take it. I don't want you to work ing."
