Here and There

Navigation of the St. Lawrence river is expected to open early in the month of April. According to preliminary schedules issued by the various steamship companies operating between Canadian Atlantic ports and Europe, 192 ships will visit the port of Quebec in 1924.

The Canadian Pacific Railway has inaugurated as a special feature the serving of afternoon tea regularly on all dining, cafe and buffet cars throughout the system. The tasteful little menu which the company provides includes tea, coffee, chocolate, toast, muffins, cake, ice cream and preserves at reasonable prices.

The Spiller Company, a great British concern with \$150,000,000 capital, has completed arrangements for the establishment of facilities in Canada which will entail an outlay of \$6,000,000 to finish the plant of the Alberta Flour Mills in Calgary, with another \$2,000,000 to build an elevator at Vancouver.

The second of the two large paper machines recently installed by the Belgo-Canadian Paper Company at Shawinigan Falls, Que., has commenced operations. The machine, which is the product of the Dominion Engineering Company, is now producing newsprint. It will be tuned up and is expected to produce a commercial grade of newsprint at or above its daily capacity of 75 tons in the near future.

Speaking at Toronto recently, E. W. Beatty, President of the Canadian Pacific Railway, declared that "what Canada is suffering from is lack of men, lack of capital and lack of those forward policies which will enable the country to realize within a reasonable time its own manifest destiny." He added that he did not believe in "exaggerated whisperings" or in any statements which are calculated to destroy the belief of Canadians in their own country.

Captain S. Robinson, C.B.E., R.N.R., commanding the Canadian Pacific liner "Empress of Canada," was invested with the C.B.E. by Sir Harry Armstrong, British Consul-General at New York, when his ship arrived there on January 25th, prior to setting out on her great world cruise. Captain Robinson also received the freedom of the city of New York. These honors were in recognition of his gallant work when commanding the Canadian Pacific liner "Empress of Australia" at Yokohama, at the time of the Japanese disaster.

Telephone girls sell goods

A small store in a small town can train one or two of its own girls (or men) to take telephone orders on advertised goods, as the big stores do.

In one store with over 100 telephone operators, each takes telephone orders, acting as shoppers for the telephone customer. In this store as many as 3,000 telephone orders will be received in one day.

Some grocers use the same method. May we help you apply it to your business?

Every Bell Telephone is a Long Distance Station

Millgrove

Rev. Mr. Fydell, Sr., has returned after spending sometime in Toronto with his son.

Mrs. Kenneth Cummins and Miss Coulter were visiting in Toronto last week.

Mr. and Mrs. Basil Griffin of Hamilton visited friends in the village a few days ago.

Master Vern Foster is on the sick list.

Why He Fell

George Shelton one day, so his bosom friends say,

While engaged picking apples for Flintoff;

There hung o'er his head, so the fellows all said,

A danger he little had hint-of.

Why he fell from the tree, I never could see,

Though I thought twas his heart's palpitation;

But Bill said aloud, to the terrified crowd,

"It's a clear case of pre-destination"

Now at shooting a steer it was known far and near,

Of his accurate aim and ability;

Though the fellows declare, when he shot through the air,

He lacked very much in agility.

He had reached for a shoot, on which grew some fruit,

That looked rosy and red all around,

When presto—he missed it,

And George fell ker-plunk on the ground.

While he lay on the ground, his friends gathered round,

And Wallace suggested they bleed him,

But George with a moan, twist a sigh and a groan,

Said "Send for a doctor, I need him."

He was put in a trough, made by Bill Flintoff,

A receptacle made to hold swill,

But the way it was made, I am sorely afraid,

Would reflect on the genius of Bill.

Twas like this you see, he was chucked in a V,

Though carpenters call it a gutter;

So they dropped the old trough, made by Bill Flintoff,

And carried him home on a shutter.

Now the inference is thus, to George and to us,

While with life's earnest problems we grapple,

We had better by far, hitch our coach to a star,

Than to grab at a worm-eaten apple.

Correction

In the Minutes of the Municipal Council of the Township of East Flamboro at the February 7th, 1924 meeting, Resolution No. 2 read:

Moved by R. H. Emery, seconded by John Morrison, and resolved that Resolution passed at the October 1st 1923 meeting of the Council accepting Mr. Fred Carson's tender "for fixing and pointing the Township Hall," be recinded.

This resolution should have read as follows:

Moved by R. H. Emery, seconded by John Morrison, and resolved that Resolution passed at the October 1st 1923 meeting of the Council accepting Mr. Fred Carson's tender "for pointing the Township Hall, and furnishing all material for the sum of \$375.00," be recinded.

What might have been a serious accident happened to Mr. Francis Griffin, while crossing the railroad tracks at a lively pace a bolt in the runner of the sleigh caught on the iron rail stopping the sleigh instantly, the horse went on, so did the driver, for a short distance, but no serious damage was done.

"The Land of Promise" which was so successfully staged here a short time ago by Knox Church Choir, will be given by them at Nelson on Friday evening of this week, and again at the Strabane Presbyterian Church on Wednesday evening, March 26th. This play has proven very popular, and will no doubt meet with a good reception at both these places.

CARD OF THANKS

Mrs. Henry Slater wishes to thank the King's Daughters, the W. M. S. of the Methodist Church, and the many other friends for their kindness during her recent illness.

Carlisle

Plans are under way for a musical Play to be given at Carlisle on April 2nd, and in Kilbride on April 3rd. It is entitled "The New Minister" and has already proven its value, having been presented over and over again and always with success. The action is swift and full of a lively interest. The characters are well developed and a lot of wholesome fun is worked out through the words and action. Some of the characters are worth mentioning. You certainly ought to get acquainted with Miss Odella Hasbin. She fits her name and does her part so well that the Old Maids' Club have decided to elect her President of the Club. It would be a pity not to mention the little baseball enthusiast, Ralph Bunter, who puts the new minister wise as to the dangers that lurk all about him in the form of designing mothers. He is a corker. And yet when he tells you the kind of a Preacher he likes you feel like saying "Amen." The play is good and the music could not be better. It is so bright and catchy. It is being produced by the members and friends of the Carlisle Choir.
