The Oliver Riding Cultivator, stands in a class by itself, by reason of the fact that it is built right, with larger range of adjustments so it can be adapted to do good work under all conditions in the potato field. Oliver quality has a name the world

In Aroostook County alone sixty-five per cent. of the Potato Cultivators used

The feature of the Oliver cultivator that appeals to all farmers who have used are Olivers or have seen it at work, is the excellent work that this implement does. By an ngenious arrangement the gangs are held parallel, and therefore always cut a un form stance apart, no matter how far they may be shifted to the right or to the left. On the Oliver cultivator neither of the gangs leaves an uncultivated strip between the shovels, nor does one gang cut a narrower width than the other when the cultivator s shifted to the side

Much Pain From **Kidney** Disease Doctored in Vain Until Dr. Chase's Kidney-Liver Pills Were Used. Kidney derangements are often as-

sociated with disorders of the liver and bowels, and under these condi-tions ordinary kidney medicines usu-ally fail to effect cure. It is because of their unique, combined action on the liver, kidneys and bowels that Dr. Chase's Kidney-Liver Pills are so generally successful, even in the most complicated cases. Mr. Emanuel Bernard, farmer, St.

Paul's, Kent county, N.B., writes :-"About eighteen years ago my wife was bad with kidney disease, and suffered greatly from headaches, pains in bowels and stomach, and her heart was affected. For a year she was treated by her doctor, with no appar-ent benefit. She then used five boxes of Dr. Chase's Kidney-Liver Pills with most satisfactory results. This gave us such a good opinion of Dr. Chase's Kidney-Liver Pills that we always keep them in the house to be used for all derangements of the kidneys, liver

and bowels." Dr. Chase's Kidney-Liver Pills, 25c a box, 5 for \$1.00, all dealers, or Edmanson, Bates & Co., Limited, Toronto. FIRE, ACCIDENT
