MOUNT VESUVIUS IN ERUPTION AGAIN.

Earthquake Damages Towns in Vicinity of Mount Aetna.

Catania, Sicily, Oct. 21.—Several earth shocks were felt here today. They were more pronounced at Acireale on the slope of Mount Aetna. The people at this place, alarmed by the first shocks, rushed out of their houses and camped in the open air. Ten houses fell in the outskirts of Acireale but only one person was killed. The whole Mount Aetna region was severely shaken.

Naples, Oct. 21.—Mount Vesuvius is very active again. Quantities of stones were thrown up today, falling inside the crater. The eruption was preceded and accompanied by detonation. This is considered the most serious eruption of Mount Vesuvius since 1906.

Twenty-five Lives Lost by Bursting of a Dam

Disaster Occurred at Near Turkish Capital.

Constantinople, Oct. 21.—Twenty-five persons were drowned to-day following the bursting of a dam at Lake Derkos. The lake is 30 miles northwest of this city and supplies the water for the capital.

AN OPEN LETTER.

Results so Surprising That They Seem Marvelous are Common to Mi-o-na the one Dependable Stomach Remedy.

Mrs. J. A. Pillow of North Street, Gloucester, Ont., says: "Mi-o-na is worth its weight in gold for quickly and permanently curing dyspepsia. I became so bad that I was unable to leave my bed. There was a constant burning in my stomach. I would belch up gas every few minutes and could eat but very little, as the food would quickly ferment and make gas that caused a serious depression of the heart. Perspiration would break out all over my body. I would become so weak that I could not stir and would often fall on the floor in a helpless state. The pains in my stomach were terrible. I could find no position in which to sit or lie without suffering, and I was so nervous that the least noise affected me. Headaches were constant. I would become dizzy and spots would appear before my eyes. I had no ambition to get around and everything seemed to tire me. The first box of Mi-o-na gave me more relief than anything I had previously tried. The second box of Mi-o-na cured me. I am well and strong and I have not had an hour's suffering since. I will always feel grateful to Mi-o-na for the cure given me and glad to recommend it.

In the face of such evidence it is easy to understand why T. J. Durick feels assured in saying to you, money back if Mi-o-na fails to relieve either trivial or serious stomach trouble.

A LIFE SENTENCE FOR MONACELLI.

Woodstock, N. B., Oct. 22.—Sandy Monacelli, the Italian who has been on trial here for the last three days for the murder of a compatriot, Nicholas Leganie, was convicted of manslaughter Thursday, and sentenced to life imprisonment by Judge Landry.

The judge in sentencing the prisoner declared his reason for giving him the full penalty was to try to stop the numerous fatal affairs that have occurred among Italians since the work on the G. T. P. started in this province. This is the fourth murder within a year in this section of New Brunswick, in all of which Italians figured as the murderers. In one case two were hanged and in the other the murderers escaped with manslaughter verdicts.

ITCH. Mange, Prairie Scratches, Barbers Itch and every form of contagious Itch on humans or animals cured in 30 minutes by Wolford's Sanitary Lotion. In never fails. Sold by A. E. Shaw's Pharmacy.

Big Moose was Shot at Tabusintac

Animal When Dressed Weighed Eight Hundred Pounds.

Chatham, N. B., Oct. 21.—L. W. Barker, Edward Johnson and John Connell returned this week from John Connell's camp on the Tabusintac, bringing with them two heads and lots of moose meat. Mr. Johnson had the distinction of shooting the largest moose ever brought down in New Brunswick. The carcass when dressed weighed 800 lbs. A Brian Smith, of Bay du Vin, brought in a big moose head yesterday. It stretched 55 inches from tip to tip and 23 points. John Connell bought it from Smith.

On Trial For Murder in Pictou County.

Halifax, N. S., Oct. 22.—John Fraser, man, was put on trial to-day at Pictou, on a charge of murder. The court was crowded with people from all over the county. Crown Prosecutor Graham was assisted by Wm. McDonald and Struan G. Robertson of Pictou, while the prisoner was defended by E. M. MacDonald, K. C., assisted by J. J. Ritchie, K. C., Halifax, and H. J. Fitzpatrick, New Glasgow. The accused is a man of thirty, of good appearance and looks little worse for his stay in jail since last June when the crime with which he is charged was committed. His parents, who reside in Sunny Brae, East River, were present in court.

Fraser is charged with the murder of a young man named Duncan Brown at New Glasgow, on June 8th. The afternoon was spent in taking evidence of witness for the prosecution which went to show that Fraser, Brown and others, had been drinking in an alleyway near a stable when the shooting occurred. The crown have still several witnesses, but may not consider it necessary to call them, and the defense will likely begin to-morrow morning.

The cross-examination of witnesses to-day would indicate that the defense will endeavor to show that Fraser was under the influence of liquor and morphine when he shot Brown and that he did not know what he was doing and had no intent to kill and that the charge should have been that of manslaughter.

Telephone to be Used in Train Despatching

Los Angeles, Cal., Oct. 21.—Announcement was made here yesterday that the telephone is to supplant the telegraph in train despatching over the entire Santa Fe system. Authority was granted yesterday for the equipment of the Albuquerque and Arizona divisions with telephones, and the work will be commenced at once. These two divisions total 887 miles.

Manly Strength and Womanly Beauty depend on purity of the blood, and much of that purity depends on perfect kidney filtering. If these organs are diseased and will not perform their functions, man will seek in vain for strength and woman for beauty. South American Kidney Cure drives out all impurities through the body's "filters"—repairs weak spots. Sold by A. E. Shaw's Pharmacy. 46.

SENATOR McCARRON IMPROVES IN HEALTH

New York, Oct. 21.—Apprehension over the condition of State Senator Patrick H. McCarron gave place to-day to hope of his recovery. The Brooklyn Democratic leader passed a comfortable night and this morning his temperature and pulse were normal, while his heart action was much stronger.

Minard's Liniment Relieves Neuralgia

TWO VACANCIES IN THE COMMONS.

W. S. Calvert, Liberal Whip, Appointed to Transcontinental Railway Commission.

Ottawa, Oct. 22.—Two prominent Ontario Liberal members have been appointed to positions in the gift of the Dominion government. They are Hon. R. F. Sutherland, member for North Essex, and ex-speaker of the house, who has been appointed to the exchequer vacancy on the division of the Ontario high court, caused by the appointment of Mr. Justice Anglin to the Supreme court, and W. S. Calvert, member for West Middlesex and chief liberal whip, who has been appointed to the vacancy on the National Transcontinental Railway Commission, caused by the death of Robert Reid.

The by-election in North Essex will take place Nov. 10, nomination a week earlier. At the general elections Mr. Sutherland had a large majority, but Mr. Calvert carried West Middlesex by a majority of only twelve.

Speechless and Paralyzed.—"I had a vascular disease of the heart," writes Mrs. J. S. Goode, of Truro, N. S. "I suffered terribly and was often speechless and partially paralyzed. One dose of Dr. Agnew's Cure for the Heart gave me relief, and before I finished one bottle I was able to go about. Today I am a well woman." Sold by A. E. Shaw's Pharmacy.—43.

DILLON'S SENTENCE MAY BE COMMUTED.

Ottawa, Oct. 22.—The law officers of the Department of Justice have under consideration the case of John Dillon, under sentence of death at Montreal for the murder of Constable Shea. The evidence in the case has been received and under review, but the report has not yet gone to council. The prisoner's counsel is petitioning for commutation of the sentence.

The Governor's Wife a Prisoner.—Mrs. Z. A. Van Loven is the wife of the governor of the county jail, Napawan, Ont., and was a great sufferer from rheumatism. When the best doctors in the community and "specialists" failed to help her, she buried her scepticism of proprietary remedies and purchased South American Rheumatic Cure. 4 bottles cured her.—Sold by A. E. Shaw's Pharmacy.—42.

Dayton, Ohio, had \$300,000 Fire.

Dayton, O., Oct. 21.—Fire in the manufacturing centre of this city last night got from control and caused damage estimated at over \$300,000. The fire originated in the huge plant of the Dayton Computing Scale Company. The local fire department, finding the scales plant doomed, turned their energies to saving the surrounding buildings, but the blaze, fanned by a high wind, leaped across streets and alleys, spreading to the plants of the Cooper Medicine Company and the Pasture Chamberlain Filter Company.

Accused of Part in Huge Swindle

Chicago, Oct. 21.—Harry Forbes, the former prize-fighter, and his brother, Lawrence Forbes, arrested yesterday on indictments returned by the Federal Grand Jury at Omaha in connection with a \$500,000 swindle in the operation of alleged fake races, were unable to give bail of \$5,000 each after their arraignment before United States Commissioner Foote, and they will be returned to Omaha for trial. Forbes, at one time, was a claimant for the featherweight championship.

Don't wait till your hair is gone. Use Bearine (the genuine bear's grease pomade) in time and save it. 50c. a jar.

ANOTHER BANK ROBBERY IN PROVINCE QUEBEC

Gang of Masked Men Blow up Safe in Banque Nationale, Quebec.

St. Aime, Que., Oct. 21.—Another bank burglary was pulled off in this province early this morning when a gang of armed bandits blew up the safe in the Banque Nationale branch here and secured \$2,500, getting away with the loot.

The robbery was marked by the same cool audacity which characterized the five or six bank robberies which this same gang has pulled off at various rural centres the past few months. They had apparently lain all day in ambush near the village and shortly after midnight invaded the sleeping village.

A big Danish hound, kept as a watch dog by Manager Caderet of the bank was drugged and the burglars entered the bank through a window.

Three attended to the safe while two watched the side of the building and another was posted at the entrance.

The first intimation of their work was when their first charge of nitro-glycerine awakened Mr. Grant, who sleeps over the bank with his family. He seized his revolver, ran down and opened fire on the men whom he discovered preparing the second charge in the safe door. They at once returned the fire and Mr. Caderet, outnumbered, retired, several bullets striking the doorway on either side of him.

In the meantime Madame Caderet had called for help from the stairs window and was fired on by the sentinels at the side, several bullets striking the window frame.

The firing awakened the villagers and a crowd soon gathered around. They were, unfortunately, unarmed, and after the guards had fired several shots they kept at a respectable distance. The crowd had to stand idly by while several detonations showed that the burglars were getting in their work. For forty-five minutes this lasted, during which time the bandits blew the safe door off, wrecked the interior and leisurely examined all the papers to get everything of value.

There was \$2,500 in the safe, which they secured, and then retired to the tracks of the Quebec, Montreal & Southern Railway, where they had secured a hand car on which they set out in the direction of Ste. Hyacinthe, a few miles away.

The handcar was found near Ste. Hyacinthe early this morning and several farmers in the vicinity said they had seen the gang going through the woods. This makes the sixth successful bank robbery in the province within the past few months.

I. C. R. CASE DISMISSED.

Railway Not Liable for Destruction to Brush Land.

Ottawa, Oct. 22.—In the Supreme Court Wednesday morning judgment was given in the case of Chamberlain vs. the King, an appeal from the Exchequer Court arising out of an action for damage to farm property caused by fire started by an Intercolonial Locomotive. The decision of the Supreme Court Wednesday morning was that there was no jurisdiction in the Exchequer Court to entertain the claim for destruction of appellant's property, as the injury the statute respecting claims against a public work "within the meaning of the Crown. The appeal was dismissed with costs.

If Taken in Time "The D. & L." Emulsion will surely cure the most serious affections of the lungs. That "run down" condition, the after effects of a heavy cold, is quickly counteracted.

Occupants Killed; Horse Looted

Three Lives Taken in a Kansas City Tragedy

Kansas City, Kan., Oct. 21.—Alonso Van Royer, his wife and a sister-in-law, Miss Rost McLahan, were slain yesterday, and the Van Royer home was looted. The women were found dead in the kitchen of their home. The police suspected the husband of the crime and began to search for him. His body was found 300 yards from the house, covered with leaves. He had been shot through the head. Mrs. Van Royer was shot three times, and her sister six times. Five hundred dollars in cash and a diamond ring that had been in the Van Royer house was missing. Van Royer is said to have been seen here with a stranger. The police believe that the man learned that Van Royer had money at home and accompanying him to his house, committed the murders.

Allan Liner in Quarantine

The Virginian at Grosse Isle With Smallpox Case on Board.

Montreal, Oct. 22.—For the second time this season the Allan liner Virginian is tied up at quarantine at Grosse Isle with a case of smallpox on board.

The disease was detected to-day after leaving Rimouski, on a young Russian child six years of age, and as a consequence 700 passengers are detained while a thorough medical inspection takes place.

The ship will be detained at least two days, as every passenger who might have come into contact with the child will be closely inspected.

The latest word received by the Allan line here, was to the effect that it would not be possible to release the ship from quarantine until to-morrow noon, and all the steerage, numbering 450, might have to be landed and held for thorough inspection.

Instead of reaching her wharf here at daybreak to-morrow it will be late on Sunday or even Monday before the Virginian arrives.

Buffalo Will not Have Horse Racing

Buffalo, N. P., Oct. 21.—When shown a despatch from Toronto last evening stating that, according to a high official of the Canadian Kacing Association, racing at the Kenilworth track, Buffalo, will be resumed next spring, H. M. Gerrans, president of the late Buffalo Kacing Association, and one of the city's prominent sportsmen, said there was absolutely nothing in this report. "Absolutely nothing in it, and I would know if it were true," he said. "Is there any prospect for racing in Buffalo?" "I see none in the immediate future," replied Mr. Gerrans.

SUSSEX M. P.'S NARROW ESCAPE.

Sussex, Oct. 22.—Dr. D. H. McAllister, M. P., had a narrow escape from serious injury the other night while responding to a sick call on the Mill-stream. He was driving along at a good rate of speed, when his horse slipped and Doctor McAllister found himself in the ditch. Fortunately, King's representative landed in a soft heap of mud and beyond a severe shaking up suffered little injury. Dr. McAllister's head penetrated the soft earth and his pony was anything but comfortable for a couple of minutes. The horse stopped after going a short distance.

AMERICAN T F H CANADA.

May Force Mill this Side of the

Chicago, Oct. 22.—President Taft apparently was led into a serious blunder in the closing sessions of the print paper schedule according to an open letter recently addressed to the President by Herman Ridler, president of the American Newspaper Publishers Association, and made public today. The letter says—

"The full text of your address at Winona, Minn., on the tariff bill has just come to hand. You were apparently misled by designing men into a serious blunder when, in the closing days of the tariff conference, they induced you to reverse your previous attitude on print paper and changed your notions of what the Mann committee recommended, and of what the house of representatives had approved. The Mann committee, after a ten months' investigation, marked by unusual thoroughness, reported that a rate of two dollars would cover the difference in cost of production at home and abroad. The draft proposed absolutely safeguarded American paper mills against the serious Canadian tangle which your advice to the tariff conference has since precipitated.

The fixing of the rate on print paper at \$3.75 per ton, which you advised, has decided the Province of Quebec to prohibit the exportation of its pulpwood, and many American paper mills must close or move to Canada to obtain their supplies of raw material. The country is now in a fair way for a trade war with Canada because of your apparent failure to read correctly the Mann committee's recommendation. We are threatened with an industrial disturbance, which will involve business incalculable with Canada amounting to \$258,000,000 per annum.

"We sincerely trust that you can find some method of rectifying the mistake into which you were led."

A BOON TO MOTHER.

When Children are Injured!

Children are always sustaining cuts, bruises, burns, etc., and not infrequently contract ringworm, scalp diseases, and similar skin troubles at school. Mothers will find Zam-Buk without equal for all these accidents and diseases.

Mrs. Thomas Allen, 156, Water Street, St. Mary's (Ont.), says:—My daughter Mildred, 4 years old, was severely burned by falling on a hot flat iron. She was burned on the heel, instep, and on the thigh very badly. I at once applied some Zam-Buk, which eased the pain, and in the course of a few days the wounds were thoroughly healed.

Mrs. George Aldridge, 12, Louise Street, Stratford, says:—While playing barefooted about the yard my son Bertram, 6 years old, stepped on a broken glass bottle, which cut very deeply into his big toe. The cut was so deep that I sent for a doctor and had the foot properly dressed, the doctor leaving a lotion to be applied daily. Under this treatment, however, the wound seemed to get no better, but on the contrary inflammation set in. A kindly neighbour then recommended Zam-Buk. We obtained a supply, and after a few applications the child seemed to rest better, and the pain was very much reduced. In a few days, under the Zam-Buk treatment, the wound assumed a better appearance, and from that time healing was very rapid. Inflammation and soreness were finally completely banished, and in ten days from the first application of Zam-Buk, we took the bandages from the foot. I feel sure that but for Zam-Buk the child would have had a very bad time, and might have had to sacrifice the toe."

Not only for cuts, burns, bruises, etc., is Zam-Buk effective, but also for serious skin diseases such as eczema, ringworm, ulcers, etc. It also cures poisonous sores, chronic wounds, bad leg piles, festering sores, chapped hands, cold sores, frost-bite, and all skin injuries and diseases. Druggists and stores everywhere sell at 50c a box, or post free for price from Zam-Buk Co., Toronto; Boxes \$1.25. You are warned against harmful imitations sometimes represented to be "just as good."

SO MUCH EASIER.

A tourist travelling in the north of Scotland, far away from any where, said to one of the natives, "Why, what do you do when any of you are ill? You can never get a doctor."

"Na, sir," replied Sandy, "We just do a natural death."
