For sheer pathos, what, in recent autobiography, can surpass the sentence in one of Shakespeare's last letters written in the Bermudas: "There is not another orphan so wretched, so ruined, so forsaken as I am. I, a battered old derelict washing about the wastes of a great sea, with nobody on the bridge." Was there then no pilot by when he put out to sea?

The Legationists in Britain and out of it claim that Princess Luwig of Bavaria, who before her marriage was the Duchess Marie Theresia of Elix, should now be Sovereign of England. The Princess represents the Stuart line through Henrietta, Duchess of Orleans daughter of Charles I, Prince of Wales, who has taken the place of the mad King Otto in Bavaria for the last twenty-four years.

There is a statement in circulation to the effect that in the State of Maine between a hundred thousand and one hundred and fifty thousand apple trees have been set out this year. Maine is apparently going into the business of cider raising.

A curious error was made in the inscription on King Edward's coffin. The last line of it read: "Regni sui IX." That is, "and in the ninth year of his reign." Edward's reign began on January 22, 1910, and the ninth year was completed on January 21, 1910. Consequently, he died in the tenth year of his reign, not the ninth, as the inscription on the coffin has it.

Montreal police paid no attention to the statement of an aged man, arrested as a drunk, when he said he had been shot. After spending the night in the cell, it transpired that he had a bullet in his head and may not live. Constables cannot be too careful in ascertaining the real condition of those whom they arrest. It is easy to acquire the habit of considering that everyone who is delirious on the streets is drunk.

A London despatch to the New York Herald says: "The Marquis of Northampton has higher hopes of the aeroplane than any one has hitherto dreamed of. He said at the 1910 annual meeting of the British and Foreign Bible Society that they should be able in the not far distant future to reach by airships the 400,000 people who never read the Bible and drop testaments among them in that way as airships could go where no missionaries cared to appear."

**"I HONESTLY BELIEVE 'FRUIT-A-TIVES'"**

**The Greatest Cure For Rheumatism In The World"**

KNOWLTON, QUE., Oct. 12th, 1909.  
"For many years, I suffered from severe Rheumatism, and the attacks were very distressing and prevented me from doing my ordinary work. I tried many remedies and physicians' treatments, but nothing seemed to do me much good, and I was becoming very anxious for fear I would become a permanent cripple from the disease.  
I tried "Fruit-a-tives" and this medicine has entirely cured me and I honestly believe it is the greatest Rheumatism cure in the world."  
R. R. MILLS.  
Such a statement could not be bought from a man like Mr. Mills. He thinks too much of his good name, to sell it or sign it to an untruth. Mr. Mills tried "Fruit-a-tives" after all other treatment failed—and "Fruit-a-tives" cured him of Rheumatism. In the goodness of his heart, he wrote the above letter in order that sufferers in all parts of Canada would know that there is one remedy that actually does cure Rheumatism. This testimonial was entirely unsolicited on our part. We did not know that Mr. Mills was taking "Fruit-a-tives" until we received the above letter.  
It is a case like Mr. Mills' that proves the marvelous powers of "Fruit-a-tives" in arresting and curing disease. It may be stated, without fear of contradiction, that "Fruit-a-tives" will positively cure Rheumatism when properly used. "Fruit-a-tives" is the only medicine in the world made of fruit juices and is the greatest Rheumatism cure known to modern science.
