Torturing Sciatica

A Severe Sufferer Cured Through The Use of Dr. Williams' Pink Pills

Fierce darting pains—pains like red hot needles being driven through the flesh—in the thigh; perhaps down the legs to the ankles—that's sciatica. None but the victim can realize the torture. But the sufferer need not grow discouraged for there is a cure in Dr. Williams' Pink Pills. These pills make new, rich, red blood, which soothes and strengthens the feeble nerves and thus frees them from pain and restores the sufferer to cheerful activity. In proof we give the statement of Mr. Thos. D. Leinster, Warrella, Sask., who says: "I was attacked with sciatica which gradually grew worse until I was confined to my bed; for three months I had to be shifted and turned in my bed as I was utterly unable to help myself. I suffered the greatest pains that accompanied every movement. I consulted several doctors and took drugs and medicines until I was nauseated but without getting any benefit, and I began to believe I would be a continuous sufferer. Finally I was prevailed upon to use Dr. Williams' Pink Pills and after taking them for about six weeks I was able to get out of bed. From that on I kept steadily improving until I was free from this terrible and painful malady."

The most stubborn cases of sciatica will yield to Dr. Williams' Pink Pills if the treatment is persisted in. These pills are sold by all medicine dealers or will be sent by mail at 50 cents a box or six boxes for \$2.50 by addressing The Dr. Williams' Medicine Co., Brockville, Ont.
