The Door To Health Is Through the Rich, Red Blood Dr. Williams' Pink Pills Actually Makes

The blood is responsible for the health of the body. If it is good, disease cannot exist. If it is bad, the door is shut against good health. Disease is bound to appear in one form or another. One person may be seized with rheumatism or sciatica, another with anaemia, indigestion, heart palpitation, headaches or backaches, unstrung nerves, or any of the other forms of ailment that comes when the blood is weak and watery. There is just one certain, speedy cure—Dr. Williams' Pink Pills. They make new, rich, red blood, and this good blood strengthens the whole system and brings good health and happiness. Thousands owe their present good health, some, life itself, to the pills. Mrs. Charles Goddard, Chatham, Ont., says:—"Four years ago my nervous system was so run down that life seemed nothing but a burden. I had doctors for two years with little or no benefit. I could neither work, eat or sleep well. While in this condition a friend advised me to try Dr. Williams' Pink Pills. Before long so I thought I would consult my doctor and he told me he knew of no better medicine for building up the nervous system. I started to take the pills and after a short while found they were helping me. I took the pills for nearly three months and am thankful to say that they completely cured me. Ever since I have kept a box of the pills in the house that have not found it necessary to take them."

You can get Dr. Williams' Pink Pills through any dealer in medicine or they will be sent by mail post-paid, at 50 cents a box, or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont. (adv.)
