BANK TO DIVIDE PROFITS. ental Privileges of Bank of

France Extended Indefinitely. Paris, Dec. 28 .- The Chamber Deputies rejected today by a vote of 433 to 89 a motion to the effect that governmental privileges of the Bank

of France should terminate on Deember 31 of this year. The motion was made during a discussion over the ratification of a new agreement which had been drawn up between the government and the Bank of France on November 11. .The new agreement was drawn up because the law of 1897, which extended the bank's privilege to 1920, contained a clause which would en-

able parliament to end the

tion in 1912. Owing to the existence The new convention raises the bank's maximum powers for the issuance of paper from 5,800 milliards of francs to 6,800 milliards of francs. The increase in the amount of issue was made because the figure named in the old agreement had almost been Under the agreement the reached. Bank of France agree, to advance the government 20,000,000 francs without interest for use as loans in encouraging popular industries. It also

******* MOTURMAN RAN CAR AT VERY HIGH SPEE

Investigation Begun Into Fatal To ronto Street Car Accident Motorman Told to Make Stop—Crown Attorney Shows High Rate of Speed Necessary for Schedule.

Toronto, Dec. 28-The investigation of the overturning of a King street ar at the St. Lawrence street switch, the killing of two passengers and the wounding of a number of others , was begun before Coroner Graham this afternoon. It took the form of an inquest on Mrs. Jessie Deacon, wife of

Six of the two sccre witnesses who have been subpoenaed were examined in the crowded court room, Several swore that the car in charge of Motorman William J. Moore ran at a high rate of speed, past the stopping place in front of the King street barns, struck the open switch at St. Lawrence treet and was overturned. Alexander McDonald, superintend-

ent of all the cars running out of the King street barns said that all the motormen were instructed that the white post in front of the barns west of the new Don bridge was a "positive stop," that cars were to be stopped at intersections and that switches were to be approached with caution at a

low rate of speed. County Crown Attorney Richard Greer pointed cut that in order to Nanking on December 28 to elect Dr. make the run from three and a quarter to three and a half miles between Sun Yat Sen as president of the prothe Scarboro Beach "Y" and the King visional government of the united prostreet barns in the specified time of rinces. An informal meeting between 18 minutes and to stop at the twenty-Wu Ting Fang and Tang Shao Yi, the two indicated stops, a motorma would have to drive his car at an 'eaders of the revolutionaries and the average rate of 15 1-2 miles an hour. The inquest was adjourned until The arrival of Dr. Sun Yat Sen Friday, January 5.

NEW SHIP LIKE HER SISTERS. is every evidence that Dr. Sun is re- White Star Liner Will Not be Much

Larger Than Others. London, Dec. 26-The statement that the White Star line is about to lay down a third ocean leviathan, bigger by far than the Olympic and the Titanic, is rather discredited by a well known shipping authority.

"Some months ago," he remarked, "the keel of a sister ship to the Olympic was laid at the yard of Harland & Wolff, but it is absurd to say that because the gantry has been extended tween Port Mann and Kamicops is 100 feet the new vessel will be much pigger than the Olympic and the Ti-Winnipeg, Dec. 27-A. C. Boyee, the tanic. She may be a few feet bigger, Fort Worth, Texas, society and club but nothing more.

"The White Star company is buildwife of the millionaire contractor of ing her because two vesesis are not Fort Worth, are both out on bonds sufficient to maintain its service. It is only reasonable to assume that the Ottawa, Dec. 27-After calling upon | White Star company is not so foolish will be proclaimed independent to- Premier Borden , the minister of pun- us to injure itself by building a vessel lie works, and the civil service com- that would be far and away bigger missioners, the members of the re- than the Olympic. "Nowadays persons rush to travel by cently appointed civil service commission held their first meeting this af- the Olympic, and such vessels as the

are not patronized as they used to be.

Men of leisure all prefer to wait for

the Olympic, and it is a logical assumption that if something better was put on the water travellers would prefer that to the Olympic "The keel of the new craft was laid some few months ago, and beyond a little bigger beam she will not differ much in construction from the two
