## The Bonne Bay Railway.

Mr. Stephen Taylor Replies to Mr. W. H. Tuff.

Dear Sir,—Please allow me space in your valuable paper to reply to a letter signed by W. H. Tuff which appeared in the Chronicle of 19th inst. in reply to a letter from me which appeared in your paper a short time ago.

Now, Mr. Editor, I wish you to note that there was nothing either personal or abusive in my letter, I merely gave my opinion, and if the petition which was sent in on behalf of a railroad by the Morris Party here, (where only 300 out of 1,200 signed the same) counts for anything then I may say that I also echoed the opinion of the majority of the inhabitants of this place, not counting the shore outside, where if a petition were sent around same as in Bonne Bay, pretty well all of the inhabitants would sign on behalf of a main road.

Now, Mr. Editor, if Mr. Tuff gets a little of the tar off his own brush he has only himself and the party with the white hat who wrote his letter to thank for it.

Mr. Tuff says that in a late issue of your paper there appeared a letter over the signature of Stephen Taylor, his assertion is correct. I did write that letter and signed my name thereto which is more than Mr. Tuff can say about his.

I suggested a main road from Deer Lake, or Bonne Bay to Flower's Cove, etc., instead of a railway to Bonne Bay only. A considerable number of the people in Bonne Bay, as well as all of the people on the shore, would be benefited by the former, whereas there is not a single inhabitant between Nicholville and Bonne Bay to derive any benefits from the latter.

Mr. Tuff continues his scribble by saying I am a strong supporter of Sir Robert Bond. Mr. Editor I am proud of that fact, and I may say in return that Mr. Tuff has all his time taken up to support himself.

Mr. Tuff goes on to say that now

there is a possibility of a railroad being built, I loom up and protest against it. Now, if Mr. Tuff were able to read he could see for himself that I said, that I for one would like to see a railroad through to this place, (provided there was any necessity for it) and suggested a main road, but there Mr. Tuff and the party who wrote his letter for him does not seem to know the difference between a protest and a suggestion.

Mr. Tuff continues his scribble, (and does me the honour—one I never anticipated) that of coupling my name with that of the Right Hon. Sir Robert Bond one of the ablest, if not the ablest statesman on this side of the Atlantic, allow me to thank Mr. Tuff for the compliment, and I am sorry, Mr. Editor, I cannot compliment him in return; he says why did not Bond and Taylor, et al., &c. Where did Mr. Tuff get his legal phraseology from? It looks borrowed, if food was scarce and it was "eat all," he might have an idea what it meant, (that is if he were hungry).

Mr. Tuff asks what has Bond to show for his eight years in St. Barbe's District, and then goes on to say that a lighthouse was erected at Cow's Head (too ignorant to know the name of the place). Why, Mr. Tuff, that lighthouse was erected by the Bond Government, and for the balance of improvements made by Bond and myself I beg to refer you to the statistics of the Colony. And if a good main road were built there would be no necessity to stick in the mud either politically or otherwise, as there would not be any mud to stick in.

I may say right here, for Mr. Tuff's benefit, that if I choose to consider the matter from a personal point of view there is no one who would derive more benefit from a railway to Bonne Bay than I would. It would save me the trouble of walking across the country to Deer Lake every spring to join it there, and that I have as much business with the Railway Company as any one else in Bonne Bay every one knows; and when I suggested a good main road on the outside shore it was for the benefit of the masses and not the few, and also that Mr. Tuff does err when he says that the people on the coast would prefer a railway to Bonne Bay rather than a good road on the shore which is the only meaning can be taken out of the last paragraph of Mr. Tuff's so-called letter.

In conclusion, Mr. Editor, allow me to advise Mr. W. H. Tuff, (and, Mr. Editor, you would appreciate my ad-

## T. A. Billiard Dinner.

The billiard dinner, the outcome of the tourney in the T. A. Society, was held last night and proved to be very enjoyable. About 100 covers were laid, and among the guests were the Premier and the Mayor, The catering which was excellent was done by the Messrs. Furlong, and the speeches were fluent and interesting. Songs were given by Messrs. R. Power, J. Spratt (chairman), and H. E. Cowan. The following toast list was discussed:—

"The King"—God Save the King.  
"The Archbishop and Clergy"—Prop. Mr. James J. Bates.

## Arrived from Cow Head

Mr. Benjamin Payne, a business man of Cow Head, with his son and nephew arrived here by the express yesterday, and is staying at the Crosbie Hotel. He came with the mail courier who has a komatik and dogs to Deer Lake, by way of Bonne Bay, covering a distance of about 70 miles. The road was found to be fairly good and the party joined the express on reaching Deer Lake and came here. Mr. Payne will remain here some time transacting business.

## Two Queens Operetta.

The operetta "Two Queens" was reproduced last night by the children of the schools of St. Patrick's Convent in the School Hall. There was a large audience present, and the children acquitted themselves in an admirable manner. The C. C. C. band gave several nice selections during the evening and the affair was thoroughly enjoyed. There will be a matinee at 2.30 p.m. to-day.

## Consignation

"For over nine years I suffered with chronic constipation and during this time I had to take an injection of warm water once every 24 hours before I could have an action on my bowels. Happily I tried Cascarets, and to-day I am a well man. During the nine years before I used Cascarets I suffered untold misery with internal piles. Thanks to you, I am free from all that this morning. You can use this in behalf of suffering humanity."

## Notes From Harbor Grace.

Mr. William Shea and Mr. William Moriarty arrived from Sydney by Monday evening's train. They had been working at Sydney all the winter.

We were shown last night a very pretty model of the Beach premises of Messrs. McRae & Sons, showing the firm's schooner Clara at the wharf. The wharves, stores, beacon light are all perfectly formed. Several small boats under sail are also in the neighbourhood. The work was done mostly with a penknife and reflects great credit on the maker.

Messrs. McRae & Sons schr. Clara, Capt. Yetman, arrived from Sydney yesterday morning with a cargo of coal to her owners.

The S. S. Progress brought a number of men in from Bell Island last evening to attend the meeting of the Knights of Columbus.

The following gentlemen were among the visitors who registered at the "Cochrane" House yesterday:—Mr. Cantwell and Mr. Crowley, Briggs, Mr. G. Byrne, Mr. Cahill and Mr. Barron, of St. John's; Mr. J. J. Finn and Mr. J. Mackey, of Carbonear; Messrs. D. J. Jackman, R. J. Costigan, Joseph and Norman Burke, of Belle Island. These gentlemen came to attend the meeting of the Knights of Columbus.

Work on the Southern Cross is being pushed ahead rapidly and last night a number of men were employed putting ballast on board. It is thought the ship will turn out more than she hailed for.

Quarantine was raised from the Rectory at 12 o'clock yesterday, and we hear the other houses will be similarly treated on Friday. There is not now much fear of any other outbreak.

A little boy after watching the men wheeling the seals up Murray & Crawford's wharf yesterday told his sister he would like to be a seal, giving as his reason that he liked to be wheeled about.

## Grand Falls Easter Dance Great Success.

The event of the season at Grand Falls was the Easter dance in the Town Hall on Monday evening last. Long ere the actual date for the dance an energetic committee of ladies and gentlemen were working hard selling tickets and attending to other details, to have this affair a successful one. In this they were not disappointed, for financially and socially no better time was ever held than this one. At 8.30 p.m. the dance opened with the Grand March (American), led off by Chairman of the Committee, James Judge, and Mrs. Gillman. A programme of lively dances then followed, which were greatly enjoyed by the 75 couples attending. A feature of the programme was the ladies were privileged in the tenth dance (a quadrille) to select their own partners. This they did, one and all, and it goes without saying this item was most acceptable. The music was supplied by Mr. Cooper, of St. John's, and was greatly appreciated. The floor directors were Wm. J. Donnelly, Alex. Morris, James Judge, Alfonso and Jas. Duggan. The refreshment table was well and ably looked after by Mrs. Matthew Furlong and Mrs. J. Lambert, Mr. T. Furlong also assisting. The guests of honor were M. M. Beeton, President A.N.D. Co.; E. A. Surham, Sec.; A. N. Wood, Treas.; J. P. Riley, Secretary; J. J. Gately, paper maker, and their lady friends. Amongst the attendants were several ladies and gentlemen from Bishop's Falls, and Doctors Chamberlain and Donohoe of Grand Falls. The sum of one hundred and thirty dollars was netted, which goes towards the completion of the R. C. church. Special mention must be made of the officers of the Committee—James Judge, Chairman; C. Lambert, Treas., and T. McNamara, Secretary—to whom the success of this event is to be attributed.

## Wedding Bells.

**TREMLET-NEWELL.**  
The wedding of Mr. Isaac Newell, cabinet maker, and Miss Katie Tremlett, of Bonavista, was solemnized at Gower St. Parsonage last night. The bride looked pretty in an elegant wedding gown and was supported by her sister, Miss Lizzie Tremlett. Mr. Moses Pike supported the groom. After the ceremony the party repaired to the future residence of the newly wedded pair, Duckworth Street, where supper was served in good style. They received many useful presents.

## Home Industry.

Editor Evening Telegram.  
Dear Mr. Editor,—Please allow me space in your valuable paper to make a few remarks concerning a cooperation which has started here this winter which promises to be a great improvement to the place. We believe the time is not far distant when there will be a reduction in the price of drums, owing to a number of small mills which can supply the material in the vicinity at a reasonable price. We hear also that the highest figure has been offered for shooks and hoops. There is no doubt but there will be a number of boys employed in the factory and some of the worn-out fishermen which the Government has promised the old age pension could be employed making hoops in this factory. Washing it every success.

I remain his friend,

## Highlander's "At Home" To-Night

The annual tea and concert of the Newfoundland Highlanders will be held at the British Hall to-night. Among those who have offered their services to sing, recite, etc., are Messrs. Strang and Herder, Messrs. Mawer, Tuff, Strang, Kendall and Kilpatrick. Careful preparations have been made for the event and no efforts have been spared to make the gathering a successful and enjoyable event.

## Arrested a Disorderly.

Yesterday a man well under the influence of drink appeared on Baylins' Cross and began using the worst kind of language. Const. Cleary remonstrated but instead of ceasing he became worse. The officer placed him under arrest and despite his efforts to escape he was quickly rushed along to the cells.

When you go to the country take a tin of Davis' Menthol Salve along. It is unequalled to relieve earache, sprains, burns, cuts and bruises. 25 cents.

## SUNDAY SCHOOL ANNIVERSARY

Next Sunday special services for the George's Street Sunday School anniversary will be held in the church. The children's anniversary will be held at 2.45 p.m.

## No Tariff War Between Canada and United States

In the latest papers from the United States we read about the great public agitation against monopolies. The case of the most famous monopoly of all, The Standard Oil, is before the Supreme Court of the United States on final appeal, and judging from the remarks of the Judges this gigantic monopoly will be heavily punished. An enquiry is also going on before a committee of the Senate on the cause of high prices throughout the Republic. The great Democratic Party are of course all against monopolies and high protection, but not only this great party but also the general public of America are being roused against the corrupt Protectionist Ring and their monopolies and consequent high prices for all the necessities of life. The worst and most indefensible of all these corrupt gangs is the Gloucester Fish Ring; of all burdensome taxes there is none that touches the public so generally as a tax on food.

All over England and other European Countries fish is the common food of the poor everywhere cheap, especially such common fishes as the herring and the cod. Only in America are they excessively dear, due entirely to monopoly and protection. Herring all over Europe are a shilling or 24 cents a dozen; all over the United States they are never less than sixty cents a dozen. Cod in Europe is generally eight cents a pound; in America it is never by retail less than 25 cents a pound. Salmon is still higher. Oysters are the only fish product that can be bought at a reasonable price. The tax on all foreign cod is three-quarters of a cent per pound, when the heavy freight is added this makes a fish trade with the United States almost prohibitory. America with its eighty-seven millions of wealthy inhabitants is the natural fish market of British North America. Two things stand in the way of cheaper fish for the multitude—the high tariff and combination amongst the fish dealers to keep up prices.

There is a great popular movement going on now in America against these corruptionists and combines. President Taft has yielded to this great popular movement by getting a commission appointed to enquire into the causes which have increased the price of living in America. The indignant public however, won't be satisfied with this mere academic treatment of a great evil. They will demand reform and the free importation of all products of food, both from sea and land. There will be a new Reciprocity Treaty between the United States and Canada and of course we will come in. A wag declared that it would pay the United States to pension off every Gloucester fisherman. What the American Government can do is to give them a large bounty so as to make up to them for the fall in prices naturally consequent on Reciprocity.

All our Trade are agreed that Free Trade with America would be a grand thing for the Colony. Let us hope that it will soon come.

## RENOVATING CLUB ROOMS.

The B. I. S. are now having their club rooms put in order for the season. They are being neatly painted and decorated by McGrath Bros. and will present a very attractive appearance when finished.

## LOOK OUT FOR PNEUMONIA.

Your system is in a run down condition. You catch cold. You think it will soon pass off. It doesn't. You neglect taking any special care of yourself. Bronchitis develops and then comes pneumonia and a fight for life. A fight which is too often unsuccessful. Why not take too early and seriously and cure it promptly by using Dr. Chase's Syrup of Linseed and Turpentine.

## Will Be Repeated.

The Cantata entitled "Love of God," which was rendered by the choir of the Congregational Church on Good Friday evening, will be repeated on Sunday afternoon next under the auspices of the P.S.A. movement in the Congregational Church. The Cantata will be given from 3 to 4 o'clock, and a hearty welcome is extended to all men and women, young and old. Seats in the church will be free.

## Worst Case Of Eczema

Cure only came when doctors gave up and DR. CHASE'S OINTMENT was used.

Mrs. Wm. Miller, St. Catharines, Ont., writes:—"My daughter Mary, when six months old, contracted eczema and for three years the disease baffled all treatment. Her case was one of the worst that had ever come under my notice, and she apparently suffered what no pen could ever describe. I had three different doctors attend her all to no purpose. Finally I decided to try Dr. Chase's Ointment and to my surprise she immediately began to improve, and was completely cured of that long standing disease. That was four years ago when we lived at Cornwall, Ont., and as not a symptom has shown itself since, the cure must be permanent."

The record of cures which Dr. Chase's Ointment has to its credit have placed it alone as the standard cure for eczema and all forms of itching skin diseases. Do not be satisfied with imitations or substitutes, 60 cents a box at all dealers or Edmundson, Bates & Co. Toronto.
