

WAVE OF ENTHUSIASM SWEEPS OVER NATION.

Thousands Write Grateful Letters of Appreciation As Famous Medicine Continues to Accomplish Remarkable Results—Great Tanlac Laboratories Running at Top Speed to Supply Record Breaking Demand—Over Half a Million Bottles Behind With Orders.

By CHARLES MURRAY GILBERT.

ATLANTA, GA., September 2.—"Tanalac made me feel younger," "It put me back on the payroll," "I now have a fine appetite," "I can eat whatever I want," "No more dyspepsia for me," "I gained weight rapidly." These and scores of like expressions are now heard daily from tens of thousands, as grateful users of Tanlac tell of their experiences.

Leading drug men of the country are amazed at the tremendous sales of Tanlac, and point out enthusiastically that nothing has ever equalled the phenomenal demand for this preparation.

At the great Tanlac laboratories at Dayton, Ohio, letters and telegrams are pouring in daily asking that shipments of Tanlac be rushed at once. Many of these orders are for full, car-load shipments, and quite a few of them for two and three carloads. Although running at top speed, the Tanlac laboratories are now over half a million bottles, or approximately twenty-four carloads behind with orders. This announcement will no doubt be received with great surprise in the drug world, because business in many lines, especially in the drug and medicine business, has been off from 40 to 50 per cent.

Agents in Every Town.

Our druggist in every city, town and village in the United States and Canada where agencies have not already been established will be awarded the exclusive publicity agency for Tanlac within the next thirty days. These agencies will carry with them a big publicity campaign exclusively for the one druggist in each city and town who secures the agency.

Tanalac is going right ahead more vigorously than ever before, for Tanlac there is no such thing as business depression. In fact, Tanlac does not believe there is such a thing as hard times; at least, not in the drug business. Things are getting better every day. In a few weeks' time crops will begin to move. Hundreds of millions of dollars will be put into circulation, and business will soon be back on a better and sounder basis than in years.

Notice to Dealers.

Many wholesalers and manufacturers stopped pushing at the very first sign of a dark cloud. The result being that many drug lines slumped. Tanlac went right ahead and the result has been that more Tanlac has been sold during the first six months of the present year than in any corresponding period in the past.

Line up with Tanlac. Connect with a product that sells no matter how the times, because of its superior merit. Although Tanlac has been on the market over six years, it is an actual fact that more Tanlac is being sold today with the same amount of advertising than during any time in the past.

Tanalac will not only prove your greatest seller for this year, but for many years to come.

Tanalac is sold by leading druggist everywhere.

Harbor Grace Notes.

Schr. "J. A. McLean" arrived in port on Monday to go on dock.

Mr. Charles Nosworthy, of the Bank of Nova Scotia, St. John's, who has been spending his holidays here with his parents and friends, left town on Wednesday to resume work again, after having had an enjoyable stay in the home town.

The Methodist annual Sunday School picnic went off yesterday. The day being so unfavorable it was impossible to have the affair in the open, but it was held in Coughlin Hall. A goodly number of children attended and a very pleasant time was spent, indulging in games, races, etc., as well as some fine refreshments.

Schr. "Ida M. Clark," A. J. Gillett, master, arrived in port yesterday from St. John's to go on dock.

The various day schools opened for the year's work on Monday, 5th inst. Miss Gladys Parsons, daughter of Mr. and Mrs. R. S. Parsons, has been appointed Principal of the Methodist Superior School. Her many friends tender their best wishes that success will crown her efforts in her new field of work.

Mr. Nath. Noel, who has been teaching school at St. Anthony during the past year, arrived in St. John's by the last trip of S.S. Prospero and came to town on a visit. After having spent a short time here he left again by yesterday afternoon's train to take charge of a Church of England school on the West Coast. He has the good wishes of all for a successful year.

Schr. "Latona" went on dock on the 8th inst. and came off again this morning and left port shortly afterwards. Mr. B. Rose of Burgeo has been in town in connection with this

Address to Retiring Rector.

A very pleasing event took place in the Sunday School room of St. Michael's Church last evening, when the congregation assembled to bid farewell to the Rev. Canon Field, their late Pastor and to present him with an address and purse of gold. The affair was opened by the Rev. Canon Jeeves who explained the object of the meeting, and then called upon His Lordship the Bishop to address the gathering. His Lordship made a short address in which he referred to the splendid work performed by Canon Field during his ministry at St. Michael's. He also spoke highly of the new Priest in charge, the Rev. E. Nicholls. At the close of the Bishop's remarks the presentation took place and was replied to by Canon Field in a very feeling manner, thanking the people for their kindness and co-operation while he was their Pastor. The Rev. Canon Jeeves and the Rev. E. Nicholls also addressed the congregation and wished the retiring Priest God speed in his new labours. A solo by Miss Doris Withers, and a recitation by Mr. B. Colton, were greatly enjoyed. Tea was served by the ladies of the parish in an excellent manner and the affair closed with the singing of the National Anthem.

The following is the address presented to Canon Field:—

ADDRESS.
St. John's, Nfld.,
June 30th, 1921.

To the Rev. George H. Field,
Canon of the Cathedral.

Reverend and Dear Sir,—On behalf of the congregation of St. Michael's Church, we beg to extend to you our heartfelt greeting as you resign the office of Priest in charge, and to wish you God speed in your new duties as Chaplain to the Public Institutions. During the five years in which you have been the "Father of the Flock" our Mission has advanced in many things, both spiritual and temporal. We recall that the Church has been re-seated with pews, a new organ has been installed, the Altar has been beautified and chief of all, the fund has been completed by which we now possess a new site for a future Church and Rectory. We ask you to accept the accompanying gift as a slight token of our esteem, and a memento of your labour among us. We pray that God may bless your new work to the consolation of many, and that you and Mrs. Field may enjoy many years of peace and happiness, always remembering in your prayers, your old friends at the Church of St. Michael's and All Angels.
J. M. CARBERRY, P.W.
W. H. EWING, R.W.

Russia Buys 40,000 Brls. Flour.

REPLY TO "HERRING DEALER."

Editor Evening Telegram.
Dear Sir,—Your correspondent, "Herring Dealer" missed the main point of my argument, viz. the offer from Russia to purchase our fish. The point I have emphasized is that the terms offer a good basis for negotiations. If it could obtain an offer for 10,000 tons, on the same terms, I would not be here in St. John's waiting—like Micawber—for something to turn up. I would be in London, or on my way to Russia making a determined effort to arrange satisfactory terms.

The matter is of sufficient importance to warrant the Government in sending out their best Trade Commissioner to try and finalize the deal, and also to open up permanent trade connections. The following clipping from the Montreal Standard, September 3rd, shows that the Americans are not asleep, and that something can be done either with the Russians or the relief committees.
Yours truly,
WM. WHITE.

RUSSIA BUYING FLOUR; WILL GO VIA BLACK SEA.

"Russia is coming into the export flour market. While no business is reported to have been done locally, it is stated that some good business has transpired across the border, some of the Canadian article figuring in the deals. At New York this week freight room has been engaged for 4,000 tons of flour (40,000 barrels) for shipment to a Russian Black Sea port. It seems to be the general impression that this contract represented the first purchase of importance for the Russian relief work, although this has not been definitely stated. The flour is expected to move within the next two weeks, and shipment will be made to the port of Batum, at the eastern extremity of the Black Sea in the Trans-Caucasian district."

Salving the Huntley.

The work of salving the gear from the wrecked schr. Huntley is progressing favorably. Yesterday the tug Hero and Hugh D. were employed and the vessel's spars removed. This lightened the wreck and the hull rose out of the water several feet, so that it will be possible to upright it and remove the auxiliary engine. The running gear was found to be in excellent condition.

The ever increasing demand for COLUMBUS

is a positive proof of the popularity of this make

The "Columbus" Co. have specialized on high-grade products. They pay special attention to QUALITY, FIT and FINISH, with the result that there is now no better Rubber Footwear made anywhere.

The characteristic grace of "COLUMBUS" Rubber Footwear is clearly emphasized in the New Fashions for Fall and Winter; in fact styles were never more becoming and great care has been taken to select styles that fit exactly the newest Footwear Fashions.

There are scores of new styles to choose from

Rod and Gun.

Rod and Gun in Canada; the popular Canadian sportsman's monthly magazine appears in a new and improved size with its September issue. The many improvements include a larger size of page together with a coated paper that adds considerably to the appearance of the stories and illustrations. This number is rich with stories, articles and anecdotes dealing with wild life in the various parts of the Dominion. The Great Mackenzie Basin is the title of the leading article, which is written by F. H. Kitto and tells of his 12,000 mile trip from Edmonton, north along the Mackenzie through to the Pacific coast and the east to Edmonton. In addition to this article, this number includes thirteen stories and articles which together with the usual department makes an interesting issue of Canada's outdoor monthly. Rod and Gun in Canada is published monthly by W. J. Taylor, Limited, Publisher, Woodstock, Ont.

Household Notes.

To freshen vegetables, cut off ends of stalks and decayed bits, and leave in cold water for a few hours. Keep your kitchen just as clean and attractive as possible and the work done in it will be less irksome. Flavor rice pudding with grated lemon rind, sweeten it with honey and serve with cooked prunes, milk and honey. Cream of cucumber soup is quite delicious. Make a plain cream soup, add a pint of stewed cucumber and serve hot.

HORSES AT LARGE—Residents of Quidi Vidi Road are complaining of a number of horses which are allowed to graze in that locality during night time. Some of the animals are of rather vicious temperament and are dangerous to pedestrians.

G. KNOWLING, LTD., have Red and Greenage Plums, Black and Red Grapes, Tomatoes, Peas, Crab-apples, Cucumbers, Celery and Marrows, in splendid order and at very low prices.—Sept 2.
