It's Different!

Try a tin of Fry's Pure Breakfast Cocoa—to-day. You will enjoy that delicious chocolate flavour so much that you will not want to go back to any other cocoa. It's different.

Everybody likes Fry's, from the children to the old folk. And it is really good for all—rich in nourishment, invigorating, strengthening, sustaining. True, it ought to be good—it has been continually improved for nearly 200 years.

PRO. HOCKEY COMMENCES.

Boston Defeats Montreal.

Last night the professional hockey teams in the N. H. A. got away to a good start. Radio fans listening in last night heard the story of the first hockey game for the season at Boston, between Montreal and Boston. It was played in the Boston Arena, and the latter team won by 2 goals to 1. Alf Skinner, who was one of the coast stars last season, played a good game for Boston. Amongst those who listened in last night and heard the game announced play by play were Errol Munn, the local hockeyist, and Mr. Robert Dunne, at the Central Fire Hall.

ANNUAL MEETING.

St. John's Curling Association.

The annual meeting of the St. John's Curling Association was held last night at the Curling Rink before a large attendance of members. The meeting, which was a very enthusiastic one throughout, was presided over

by the President, Mr. Gerald Harvey. The report of the Secretary-Treasurer and Committee of Management were read and adopted, and showed that the Association had had a very successful season, whilst the Club was also found to be in a solid condition financially. The election of officers then took place and resulted as follows:—

President—W. Angus Reid.
 1st V.P.—J. Chalker.
 2nd V.P.—H. Salter.
 Secty.—Treas.—W. H. Duder.
 Committee of Management with the above were appointed as follows:—
 Messrs. H. J. Duder, E. J. Horwood, and Levi Crafte.
 Auditors—Messrs. F. W. Bradshaw and J. J. Bates.

The election of Captains for the respective Divisions followed, viz:—
 (Red) George Peters; (White) Wm. Peters; (Green) J. A. Young; (Blue) A. Wilson.

Hon. W. J. Higgins proposed a vote of thanks to the retired President, Mr. Gerald Harvey, in appreciation of his services during the past two seasons. This was seconded by J. C. Jardine and followed by acclamation. Mr. Harvey made a suitable reply, in which he thanked one and all for their hearty support and co-operation while holding office.

A similar vote of thanks was also proposed by Mr. A. Wilson to Mr. H. J. Duder, for his services in connection with the management of the ice last year.

Mr. J. R. Chalker had very much pleasure in seconding the proposed and was followed by acclamation. During the past year the Association had been bereaved by the loss of several of its prominent members. Many were the expressions of regret passed at the meeting and it was moved and seconded that a note of condolence be sent their bereaved wives and families.

It was decided that the annual subscription fee for the season be \$12.00. This fee will apply to new members. The membership fee of \$10.00 introduced by the Club last year has been cancelled.

The club rooms at the Curling Rink are now open to its members until the curling season commences. Last year the ice conditions were not good, but the curlers hope that they will be more favorable during the coming season.

Wage Dispute

Causes Workman to Kill Manager and Sales Manager of Company.

Dubois, Pa., Nov. 27.—Harry W. Jackson, vice-president and manager of the Jackson's Vitrified China Company, and Wm. Darden, of Chicago, the sales-manager, were shot and killed yesterday by John Soukup, of Cleveland, according to the police, who declared that Soukup then shot himself through the head, dying instantly. A dispute over wages, claimed by Soukup to have been due from another company in which Jackson was interested, was said to have been responsible for the tragedy.

The three bodies were found lying close together near the China Plant at Fall's Creek, two miles from here. Two pistols were beside the bodies. According to the police Soukup fired from one until it had been emptied and then used the second. Jackson was shot twice in the head and Darden three times in the abdomen. Soukup came to Dubois from Cleveland last Saturday to press his claim against the China Company, according to the police, but was told at the company's office that the present concern had no connection with the company for which he claimed to have worked thirteen years ago.—Acadian Record.

The New Fishing Co.

A large number of Halifax citizens are taking shares in the new fishing schooner company, which is being formed to prosecute fishing on the Banks, and to have an industry similar to that in Lunenburg or Gloucester. At a meeting of the shareholders of the company in the Board of Trade Rooms, G. W. C. Hensley was elected President, and Colonel A. Montgomery, Vice-President. The provisional directors chosen were C. W. Rowlings, A. M. Smith and H. L. Montague. The company is being incorporated with a capital of \$25,000. An order for the construction of the vessel has already been placed with the Shelbourne Ship-building Company, Ltd., Halifax Paper.

MINARD'S LINIMENT FOR DIS-TEMPER.

Children's Colds

Are Best Treated
This New Way

After Using Vaporizing Ointment on Her Two Boys, George Street Mother Recommends Vicks VaporRub to Her Friends.

Mrs. Jos. Power of 16 George St. says: "I have two boys, eleven and twelve years old, who had very bad colds and sore throats. I rubbed Vicks on their chests at night, before going to bed, and it did them so much good I told several of my friends about it."

Mothers prefer vicks for children's colds because, being externally applied, it avoids so much internal dosing. It can be used with perfect safety on the youngest child. There is nothing to swallow.

When applied over throat or chest for sore throat, tonsillitis, bronchitis, head or chest colds, Vicks acts in two ways, both direct: It is absorbed like a liniment or poultice, taking out the soreness, and, at the same time, its medicated vapors are inhaled directly to the affected air passages.

Vicks is equally good for surface inflammations such as burns, bruises, cuts, etc., as for inflammation of the air passages.

Chinatown Waiting

FOR VERDICT OF TONG LEADERS ON PEACE PACT.

New York, Nov. 27.—Chinatown, taut with suspense and shadowed with a sullen fear, waited uneasily today for the verdict of Tong leaders on the permanent peace pact between the Warring On Leongs and the Hip Sing, which was scheduled to be signed.

The rumor had its source in the covert whisperings heard throughout the celestial quarter, predicting that the long continued negotiations for peace would come to naught.

Spoken words for the Tong said this whispering was caused by the shooting of a Chinese by one of his race in Chicago, Tuesday. This, they thought, might be considered by some as a violation of the thirty day's truce between the Tong. Another cause for uneasiness was the news last night that two Chinese laundrymen had been murdered in Hartford, Conn.

Negotiators were busy throughout Chinatown this morning, urging the Tong men to stand by the agreement reached by the Peace Conference last Monday, over which Ziang Ling Chang, Chinese Consul General, acting as conciliator, presided.

It was said by Tong leaders that should the warfare be resumed it

would be far more bloody than any of the preceding Tong conflicts. It is with this prediction in mind that police reserves are being held in readiness to-day to be rushed into the narrow streets of Chinatown should the peace treaty fail of signature this afternoon.—Acadian Recorder.

The Cost of Campaigns

The cost of a general election in America, says the New York Evening Post, will run somewhere between \$25,000,000 and \$30,000,000 for all parties. County and local committees, groups and candidates spend millions. State and Presidential primary costs run into more millions.

A national election costs as much as a war once cost. Campaign expenses mount quadratically. The high cost of living has hit politics. In 1856 the Buchanan campaign cost the Democrats \$250,000. A single county's campaign expense may go higher now.

Grant's first campaign cost \$150,000; his second \$250,000. In 1880, with Garfield, the Republicans first went over a million, with \$1,100,000. In 1884 the Blaine forces spent \$1,300,000; those of Cleveland, \$1,500,000; the Democrats set a new mark of \$2,350,000 in the third Cleveland campaign. The Republican fund raised by Mark Hanna in 1896 was popularly supposed to be as much as \$12,000,000. Actually it was only \$3,500,000. Bryan had only \$850,000 that year.

In 1912 Woodrow Wilson was backed by \$1,130,000, against Taft with \$1,070,000, while Roosevelt's third party got along on \$670,000. In 1916 Hughes had \$3,829,000, and Wilson had \$1,958,000. Highwater mark in these national committee expenditure was reached in 1920, when Harding's forces spent \$6,919,000, and those of Cox \$1,618,000, including the deficits afterward made good.

AT HOME—Mrs. T. Shannon Clift will be "At Home," at 2 Prescott Street, on Wednesday, Thursday and Friday afternoons of this week.—dec1,21

Thunder Storm at Sea

BRITISH SHIP STRUCK BY LIGHTNING—TERRIBLE FLIGHT OF STORM-TOSSED CREW.

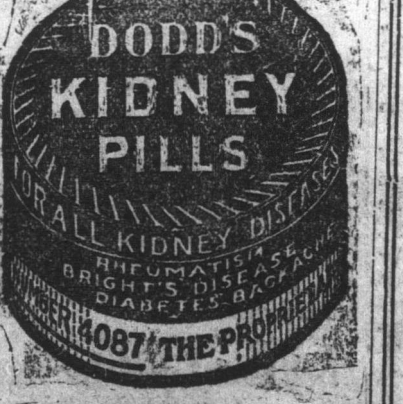

During a terrible thunderstorm in mid-Atlantic a British ship had her masts shivered by lightning. For 12 days the crew were at the mercy of the elements until they were picked up by another vessel. Their thrilling experiences were narrated at Liverpool on the arrival in port of R.M.S. Cardiganshire. The stricken vessel, the British schooner Inspiration, 380 tons, belonging to St. John's, Newfoundland, was 43 days out from Pernambuco, Brazil, bound for her port of registry, when the thunderstorm arose. Lightning struck the schooner, and there was a loud report. The foremast split in three and fell on to the deck, and was followed by the other two masts. It was fortunate that none of the watch on deck was hit. "We cut away the rigging, got the masts clear, and settled down to wait for a ship," explained Captain William Doyle. "On the sixth day a heavy sea took away our rudder. We were in ballast, and had to pump all the time. On the 12th day we sighted the Cardiganshire, and Chief officer Avera put off in a lifeboat and took us on board. We set fire to the Inspiration before leaving her." From descriptions given by the crew, it appeared that an attempt was made, while the ship drifted, to hoist a sail on a "stick" that was left standing, and make Barbadoes, but little progress could be made. The ship took water, and in spite of continuous pumping, it could not be kept under. The water-logged ship drifted at the mercy of wind and waves in mid-Atlantic, her position gradually becoming worse. To add to the miseries of the crew the supplies of food ran short. "We were reduced to biscuits and salted horse," asserted one of the survivors. "Our only boat was damaged, and we had almost given up hope when the Cardiganshire caught sight of us. The weather was still bad, and only with great difficulty could her lifeboat rescue us. In fact, two of her crew were injured."

REVERSIBLE RUGS
These are extra heavy quality and being reversible assure you double service. Just 10 of them left; fringed ends.
