That is dyspepsia.

It makes life miserable. Its sufferers eat not because they WANT to-but simply because they

They complain of a bad taste in the mouth, a tenderness at the pit of the stomach, a feeling of puffy fulness, headache, heartburn and what not.

Hood's Sarsaparilla cured Joseph F. Laine. Flanagan, Ky., who writes: "I was troubled with dyspepsia for a number of years and took medicine that did me no good. I was advised by friends to try Hood's Sarsaparilla which I did and it put my bowels in perfect condition, gave me strength and energy and made me feel like a new person."

## School Days are Dangerous Periods With Our Girls.

A Chicago Girl Relates Her Experience.

Judging from the letters she is receiving from so many young girls belief that our girls are pushed altogether too near the limit of their endurance newadays in our public schools

Nothing is allowed to interfere with studies, the girl must be pushed to the front and graduated with honor; often physical collapse follows, and it takes years to recover the lost vitality, - often it is never recovered. The dawn of womanhood is always a danger period and it is made doubly so by over exertion in study or work.

All young girls at this period of life are earnestly invited to write Mrs. Pinkham for advice; she has guided in a motherly way hundreds of young women; her advice is freely and cheerfully given, and her address is Lynn, Mass.

The case of Miss Anna Oeftering, whose portrait we publish herewith, is a fair example of over estimation of physical endurance. Read her experience, and how she was cured by Lydia E. Pinkham's Vegetable Compound.

MISS ANNA OEFTERING,

President of the Young Ladies Sodality, St. Alphonse Society, of Chicago. "DEAR MRS. PINKHAM: -To be a well woman once more seems little short of perfect happiness. For two years I suffered intensely with nervousness brought on by falling of the womb and general weakness of the female organs. I had leucorrheea which sapped my strength, and although the doctors said an operation would be necessary I felt too weak to think of undergoing such an ordeal. One of my classmates who had suffered afflictions and been cured through the use of Lydia E. Pinkham's Vegetable Compound, advised me to try it, and I was only too glad to do so. I thought there was little hope for me, but was happily disappointed in finding that I soon began to feel better and stronger. I used 15 bottles before I was entirely well, but it was worth one hundred dollars a bottle to me, for it brought me new life and perfect health. Accept a grateful woman's thanks." - Anna Oeffering, 1244 Seminary Place, Chicago, Ill.

Lydia E. Pinkham's Vegetable Compound is the one sure remedy to be relied upon at this important period in a young girl's life; with it she can go through with courage and safety the work she must accomplish, and fortify her physical well being so that her future life may be insured against sickness and suffering.

"DEAR MES. PINKHAM :- I thought I would write and tell you what your medicines have done for me. I suffered with pains in my stomach nearly all the time for one year; had no color in my lips or face and I felt dull all the time. I tried the doctor, but he did me no good. Since taking Lydia E. Pinkham's Vegetable Compound and Blood Purifier I am now well. Your medicines have done me so much good that I cannot praise them enough."—MISS MABEL CLARE, Starkey, N.Y. (April 10, 1901.)

Take Lydia E. Pinkham's Vegetable Compound and be well. REWARD. — We have deposited with the National City Bank of Lynr, \$5000, which will be paid to any person who can find that the above testimonial letters are not genuine, or were published before obtaining the writer's special permission.

THERE ARE so many cough medicines in the market that it is sometimes diffi-cult to tell which to buy; but if we had cult to tell which to buy; but if we had a cough, a cold or an affliction of the throat or lungs, we would try Bickle's Anti-Consumptive Syrup.
