

WILL SHOW GOOD INCREASE

Advance in Number One Ward's Assessment Expected To Be \$200,000.

The assessment of No. 1 ward for this year has been completed, and Assessment Commissioner Grant and his staff are engaged in getting the rolls into shape to turn over to the city clerk.

The work has not been far enough advanced to enable the assessment commissioner to give out anything definite regarding the increase in the ward, but it was stated today that No. 1 ward would show a considerable advance over last year.

"I expect," said Mr. Grant, "that the assessment total will be fully \$200,000 greater than it was a year ago. There will be a very marked increase in the realty assessment."

SEVERAL WANT PLACE

Applications Coming in for Position at the City Hall.

Although the position of assistant to city clerk has only been vacant since Monday night, there are already several applicants for the place. Two of those who would like to land the position are young ladies.

The appointment practically rests with the finance committee of the council.

City Clerk Baker is favorable to the appointment of a young man for several reasons, the chief of which is that a male assistant would be capable of acting as secretary of committees whenever the city clerk would find it impossible to do so. However, Mr. Baker says that as far as the clerical work of the office is concerned, a young lady would fill the bill equally as well.

WIFE GAVE THINGS TO BE PAWNED

Continued from Page One.

so, and Mrs. Hutchinson said she knew nothing of them, so he proceeded to take action. This morning before the case was brought up Mrs. Hutchinson admitted that she had given the goods to Payne.

Mrs. Hutchinson was then called. She admitted that she had given the watch and ring to Payne, but would not say definitely whether she had any conversation at any time with him, which would cause him to believe that the watch and ring belonged to her husband. She said that she was not sure, and on that ground did not consider it safe to make any definite statement as it might prove to be untrue.

When Mr. McKillop complimented her on her endeavors to be honest and good, she advised him always to be good and assured him that if he did so he would always be happy. She said that Payne had brought her back 75 cents, which he had received on pawning the watch. When asked if she had sent Payne out to buy liquor after his return, she assured Mr. McKillop that she was quite capable of buying all the drink she wanted. Mr. McKillop then asked her if it was not true that some of the money had been spent on drink, and if Payne had not helped her to drink it. To this she answered that perhaps some of it had, and that she might have given Payne some drink, as she would any caller. She told Mr. McKillop that she would give him a drink if he chose to call.

There was no evidence given to prove that Payne had known whose property the watch or ring was, and as Mrs. Hutchinson was at the time of the supposed theft living with her husband, neither could be held responsible. Payne was released.

While giving her evidence, Mrs. Hutchinson kept scowling at her husband, and several times made motions as if to throw the Bible at him. As Payne was leaving the witness box, Mrs. Hutchinson went up and shook hands with him, and then went over to Mr. McKillop and requested him to throw the watch on the floor so that she could smash it. Mrs. Hutchinson left the court with Payne, while her husband stood by.

The case in connection with Archibald Hughes, the junk dealer who traded in junk without a license, which has been standing for so long, was finally settled. The council has amended the bylaw, so as to allow Hughes to take out a license, and if he does so there will be no more trouble.

James Pearce and Peter Madden, two drunks who have spent a week in jail, were let go this morning.

It has been suggested in England that motor cars should be provided with cow-catchers, and the suggestion is favorably received, outside of automobile circles.

Pimples and Blotches

Are not the only signs that a blood-cleansing, tonic medicine is needed. Faded, languid feelings, loss of appetite and general debility are other signs, and they may be worse signs.

The best blood-cleansing, tonic medicine is Hood's Sarsaparilla, which acts directly and peculiarly on the blood, ridding it of all foreign matters and building up the whole system. This statement is verified by the experience of thousands radically cured.

Over forty thousand testimonials received in two years, by actual count.

Accept no substitute for Hood's Sarsaparilla.

Insist on having Hood's. Get it today. Sold everywhere. 100 doses one dollar.

READY FOR BUSINESS

London Temperance League Chooses Officers for the Year.

The annual meeting of the London Temperance League was held last night, when the following officers were elected: President, Rev. D. S. Hamilton; vice-presidents, Ald. Wyatt and Mrs. Christian Anderson; and Miss E. A. Anderson; secretary, D. A. McDermid. The executive is to be elected by the churches, one representative from each.

Reports were received from the different officers, and the affairs of the league were found in a flourishing condition.

CONDENSED LOCAL NEWS

—Ex-Ald. Charles Taylor is confined to Victoria Hospital. His illness is not of a serious nature.

—Mr. R. E. Holmes has taken out a permit for the erection of a two-story brick residence on Beconsfield avenue, South London.

—The constitution of Geese Croyne, son of Major Hume Croyne, who was injured by a cricket ball at Bishop Ridley College the other day, is very satisfactory today. He spent a most favorable night, and his recovery is now looked for confidently.

—Mr. Bagnall, the well-known rug importer of Toronto, arrived in the city this morning to superintend the sale of rugs, which commences this evening at Jones' auction rooms. The sale will continue each afternoon and evening until Saturday.

—The twelfth annual meeting of the Toronto Deaconess Aid Society was held yesterday afternoon in St. Paul's Church, Avenue road. At the commencement exercises of the graduates, among other ladies, received their diplomas, Celia Glass, Watford; Ethel M. Virgo, Sarnia.

—The companions of Companion Court Forest City, No. 310, L. O. P., held a social evening on May 8, in honor of their P. C. R. Comp. Thirwall, who intends leaving for Alberta tomorrow. She has been resident of London for some few years, and was a willing worker for the Foresters. She has been P. C. R. for the past two years, and will be greatly missed from her office.

NURSES' CONVOCATION.

The presentation of diplomas to the members of the nurses' class of Victoria Hospital will in all likelihood take place at the Auditorium on May 22.

NO ANSWER YET.

This morning's mail did not bring the expected answer of Manager McGuigan, of the Grand Trunk, to the city's letter of last week ago, and consequently the proposed agreement with the city is at a standstill, and will continue so until the railway manager is heard from.

WANT TO BE CADETS.

The annual examination of applicants for admission to the Royal Military College at Kingston commenced at the Armories yesterday before Lieut. Col. Peters, commanding officer of the London military district. Only three were called—William S. Brener, Harold A. Fraser and Kenneth W. Gunn.

MAYOR WILL OPEN IT.

Reputation composed of Messrs. T. A. Fox, Frank H. Hay and C. H. Lea, waited on Mayor Judd at the city hall today, and asked his worship to open the Pure Food Show at the Princess Rink on Thursday evening, May 17, at 8 o'clock. Mayor Judd consented. The promoters are more than pleased with the prospect for the show's success.

CHURCH BAZAR.

The annual bazar of the Ladies' Aid of Hamilton Road Methodist Church, held Monday evening, was a great success. Competition was very keen. The autograph quilt was on exhibition and will be sold later. An informal concert was held in the evening, in which local talent took part. Mr. Pocock, the genial Sunday school superintendent, acted as chairman. As a result, the ladies take this opportunity of thanking all those who took part and also those who aided it by their contributions.

EPWORTH LEAGUE OFFICERS.

The annual business meeting of the First Methodist Epworth League was held on Monday evening, when the following officers were elected: President, Mr. Wm. Boyd; first vice-president, Mr. J. Evans; second vice-president, Miss P. Sifton; third vice-president, Miss K. Sifton; fifth vice-president, Mr. H. Webb; recording secretary, Mr. E. Wilson; corresponding secretary, Miss R. Irwin; treasurer, Mr. Wm. Benson; assistant treasurer, Mr. H. Watson. The prospects for the year are bright.

DEATH OF HEBER PLEWES.

The death occurred yesterday at Barrie of Mr. Heber Plewes, formerly of this city. Deceased formerly owned a mill here, but later went with a Fence Machine Company. Last summer he went to Barrie, where he has been running a mill. He was taken ill a few days ago with pneumonia, and did not rally. He is survived by a widow and young daughter, and also by four brothers and three sisters—David, Syracuse, N. Y.; Ed, Winnipeg; J. W., Chatham, Model School, and Frank, Toronto; Miss Edith, of the city public school teaching staff; May, Toronto, and Pearl at home. The funeral will take place tomorrow afternoon at 2:30 o'clock to Mount Pleasant Cemetery.

PLEASANT RECOGNITION.

Dr. W. P. Currie and Mrs. Currie, the Congregational missionaries from West Central Africa, who spent a few days in the city, left yesterday afternoon to continue their work of visiting the churches. A very interesting reception was held at the China Inland Mission for Mr. and Mrs. Currie Monday afternoon, when the Ladies' Auxiliary of the First Congregational Church and other friends met to do honor to the missionaries. Dr. Currie presided, and the Ladies' Auxiliary extended a welcome to all, and Mr. and Mrs. Currie informally spoke of different phases of work in Africa, and answered many questions. Refreshments were served, and the work of entertainment so successfully carried through Mrs. Stevan was ably assisted by members of the auxiliary and some of the young

THE RIGHT FOOD FOR THE BABY

A BEAUTIFUL MEMORIAL.

The First Congregational Church has been favored with a most generous and serviceable gift in the form of new cement steps and walk presented as a memorial to the late Mr. and Mrs. Christian Anderson and Miss E. A. Anderson by the devoted members of the family. Previous to the communion service Sunday morning the pastor of the church, Rev. D. S. Hamilton, made reference to the kind-hearted friends who had presented this splendid gift. In dedicating it to the service of the Lord, Mr. Hamilton spoke of it as a fitting tribute to the departed friends who had formerly worshipped and worked in the church, and who were borne in affectionate remembrance because of their fine Christian character and faithful service. The church property is certainly very much improved by the steps and walk, the work having been done by contractor W. J. Anthistle. And the appearance of the place has been further improved by the filling in and sodding of the lawn, the expense of which was kindly borne by a kind and genial neighbor of the church, Mr. Arthur McClary. Altogether the attractiveness of the First Church property has been greatly increased, and the people are naturally grateful to the kind friends who have made it so.

OLD PLAN THE BEST

Board of Health Again Fails to Get a Quorum.

The regular meeting of the board of health was called for yesterday afternoon, but unfortunately no members did not put in an appearance, and no business was transacted. The staff for the annual house-to-house inspection was to have been named.

An idea of having the board meet regularly does not seem to have the approval of all the members. This is the second or third time this year that there has not been a quorum, and some of the members do not appreciate the idea of going to the hall only to be disappointed.

"The best way," said one today, "is to have the board meet at the call of the chairman, and then we will know that there is something important to be done. As it is we may come to the hall to find that there is practically nothing on the order paper, or that there is no quorum."

AN ENJOYABLE GATHERING

Members of W. C. T. U. in Conference—Interesting Topics Discussed.

The disagreeable weather of yesterday afternoon affected the attendance at the semi-monthly meeting of the W. C. T. U. At an unusually large number of members were present, and the meeting was unusually enjoyable for those present. After the devotional hour, the meeting was largely conversational, and matters of interest were discussed with delightful freedom. Some very interesting matters relating to the new building were introduced. At a committee of members of the board of health, the members are very enthusiastic over the prospect of a home of their own.

Some preliminary plans for the provincial convention to be held in this city next October, were considered. Miss Yeates gave a most encouraging financial report. The income for the twelve months was \$42, the largest in the history of the school. A special building fund of \$300 was also raised.

The officers elected were as follows: Superintendent, Mr. A. M. Hunt; assistant superintendent, Messrs. J. H. W. McRoberts and J. M. Moine; secretary, John Ward; assistant secretaries, Clarence Lewis and S. P. Cook; musical director, Clarence Gilmore; organist, Miss Case; librarians, Messrs. Fred Gidley, Chester McFarlane, Bert Childs and Frank Dunn.

Rev. Mr. Howson, of Mitchell, has been invited to preach the anniversary sermons.

IN PROSPEROUS CONDITION

Asklin St. Methodist Sunday School Has Large Attendance.

The annual meeting of the Sunday school board of Asklin Street Methodist church was held last night, with a large attendance of members. Reports were all of a gratifying nature, showing the school, which has an average attendance close to the 400 mark, to be in a very prosperous condition.

The income for the twelve months was \$42, the largest in the history of the school. A special building fund of \$300 was also raised.

The officers elected were as follows: Superintendent, Mr. A. M. Hunt; assistant superintendent, Messrs. J. H. W. McRoberts and J. M. Moine; secretary, John Ward; assistant secretaries, Clarence Lewis and S. P. Cook; musical director, Clarence Gilmore; organist, Miss Case; librarians, Messrs. Fred Gidley, Chester McFarlane, Bert Childs and Frank Dunn.

Rev. Mr. Howson, of Mitchell, has been invited to preach the anniversary sermons.

NIAGARA POWER A BOON

Will Mean an Impetus to Business—Effect on Electrical Construction.

The Government's new power bill reported in yesterday's papers has been the talk of the day among the manufacturers of London, and nowhere was the news received with greater pleasure than among the electrical construction men. Niagara power will benefit manufacturers chiefly, giving an impetus to industry that will make Ontario one of the greatest countries in the world. Especially will it benefit those who are in the business of manufacturing electrical appliances and fixtures. Not only will cheap electricity mean cheap power and the installation of electrical plants by numerous manufacturers, but it will mean cheap light. This will create great business even among the smallest of houses.

Whether Niagara power comes or not, electrical development will continue in the past, and it is in the prospect of the future that the greatest benefit will be realized.
