

THE ATTRACTION OF THE SAVIOR

Herbert Booth Addressed Large Audience in First Methodist Church.

TROUBLE WITH SINNERS

"Slipping Into Heaven by the Back Door Is a Jellyfish Way," Says Son of General Booth.

"It is what you have got under your hat that counts, not what you have over your boots."

This was a striking sentence in the address of Herbert Booth at the evangelistic meeting in the First Methodist Church last night. The special reference was to Zacheus, the evangelist's special theme of the evening, but the application was made general.

Considering the inclement weather, it was a very good congregation which gathered to hear Mr. Booth, although not quite as large as on Monday night. Those who ventured out were well repaid for their trouble, for they were treated to such an exposition of the familiar New Testament story as has seldom been heard in London.

Although suffering from a severe cold, Mr. Booth was from the "Innocents abroad," was cleverly rendered, and was well received. As a closing number Mr. Booth gave a humorous selection entitled "How Bill Adams Won the Battle of Waterloo."

The Fault.

"The fault with us," said Mr. Booth, "is that we will not satisfactorily and determinedly try to find out if Jesus is really what He is, as did Zacheus."

"We look at Him superficially with our eyes and our intellect, while our hearts are tight shut."

"You say, 'my heart has grown hard and callous,' and you say, 'I don't feel as I used to.' There is somewhere along the journey of life where your heart may be touched. It may be in the evening of life. It may be perhaps where you took the wrong path and lost sight of Jesus, and when you look back to the parting of the ways, your heart will be tender and you may see Jesus."

"The great scientific law of attraction or gravitation is nothing to that attraction between the seeking sinner and the Christ."

"If we had given Jesus half a chance we would have been saved years ago."

The Procrastinators.

Mr. Booth had a great deal to say about the people who are always putting off the step.

"Zacheus made haste and came down," said Mr. Booth. "Many and many a sinner has lost his soul because he did not make haste at the critical moment."

"The more I know about sinners, the more I find that the difficulty is that they won't come down. The way of salvation is humility. They are wrongly adjusted to their Savior. Like Zacheus they are high on a perch, looking down instead of being on their knees at the Master's feet looking up."

Climb the Tree.

"Zacheus was long-headed enough and had his wits about him sufficiently to know enough to climb the sycamore tree when the Christ was to pass. The other people around him were taller, but it was not what Zacheus had over his boots that counted, but what he had under his hat. People today do not need to be tall of stature to see the Christ. All we need is to have enough under our hats to accept Him."

Prayer Service.

At the conclusion of the meeting, a prayer service and testimony meeting was held, and not a few arose to express their intention of leading a better life.

With favorable weather, Mr. Booth hopes for a crowded auditorium during the remaining services of this week. The excellent choir of the First Methodist Church is doing a great deal in helping toward the success of the services. The pastor and Mr. Booth have extended an invitation to any or all singers to assist the choir in the services.

ORIENTALS CANNOT BE ODDFELLOWS

Dr. Campbell Speaks of What the Recent Order Means.

In connection with a report that the Orientals will not disband, Dr. C. T. Campbell, one of the highest Oddfellows in America, stated to The Advertiser today that the order regarding the Orientals emanated from the grand sire of the grand lodge.

"It means," said Dr. Campbell, "that Orientals cannot be Oddfellows. Any members of the Orientals who attend meetings of that organization will be expelled from the Oddfellows. Oddfellows who are Orientals must not attend Oriental meetings from now on until after the grand sire makes his report at the grand lodge meeting to be held in Atlanta, Ga., this summer. Then the matter will be finally decided."

There are quite a number of Orientals in the city, and it is understood that a number of them will obey the grand sire's order, as they are also Oddfellows.

It was reported that the Orientals intended holding a dance in the Oddfellows' Hall on Friday night, but Oddfellows state that the hall will not be open to them.

The plants of the Carnegie Steel Company in Pennsylvania and Ohio were practically closed on Sabbath last for the first time in years, and will hereafter be on Sunday.

AN EVENING PASSED WITH DICKENS MEN

Mr. Pickwick, Sam Weller and Others Entertained Londoners Last Night.

For two hours last night an audience of Dickens lovers that completely filled St. Andrew's Hall forgot all about the pouring rain outside and went with Speight, the entertainer, for a most delightful journey with Mr. Pickwick, Mr. Winkle, Tracy Tupman, Mr. Snodgrass, and the inimitable and ever-delightful Sam Weller. The recital produced screams of laughter from start to finish, but Mr. Speight was probably at his best in the famous breach of promise trial, and his imitation of Sergeant Buzfuzz was perfect. The attempts of Mr. Winkle to ride horseback, and the unsuccessful attempt of Mr. Pickwick to drive, were also cleverly rendered. Mr. Speight has a splendid appreciation of Dickens characters, and brings forth innumerable little details and make his interpretations most delightful.

At the conclusion of the Pickwick recital, he stated that he would give a selection of Mark Twain's, and the name of the dead humorist was received with applause which testified to his immense popularity. The selection was from the "Innocents abroad," was cleverly rendered, and was well received. As a closing number Mr. Speight gave a humorous selection entitled "How Bill Adams Won the Battle of Waterloo."

LONDON MEN GO TO TORONTO FOR LAW

Small Sum of \$5 47 Results in Big Suit.

The Toronto Star of last evening says:

"And they came from London." E. Silverstein, of London, is a junk dealer, and Samuel Goodman, of Toronto, is a plaintiff.

The plaintiff, Silverstein, sold defendant Goodman \$512 53 worth of turkey, duck and chicken feathers. There were over 1,000 pounds of feathers. The bill was paid with the exception of \$5 47. When the case was called in the division court this morning the defence put in a counter claim for \$38 05 for shortage in weight and freight charges they had paid on the goods. To prove the case for plaintiff that he might secure the balance of the account, \$5 47, Mr. W. G. R. Bartram, a young barrister, of London, was present. The London end won the case.

The defendants asked for an adjournment that they might bring in evidence to substantiate the counter claim, but Judge Morson said, "Here is Mr. Bartram, came all the way from London, and I won't allow an adjournment."

The defendants withdrew their counter claim, and the London company got judgment for \$5 47 and costs.

CALL THE BIG FIGHT A NATIONAL DISGRACE

Cincinnati Methodists Will Start a Nation-Wide Movement to Prevent Mill.

Cincinnati, Ohio, April 26.—Plans for a nation-wide campaign against the Jeffries-Johnson championship fight, to be held July 4, near San Francisco, were put under way today by the Cincinnati Ministers' Association of Cincinnati, following the adoption of a resolution condemning the match. Probably the first move will be to send a delegation of clergymen to Sacramento, Cal., to protest to Governor Gillett. The resolution adopted by the association brands the fight "a national disgrace and a calamity to the moral life of our people."

CANADA GOT BEST. Washington, D. C., April 26.—Copies of all papers in reference to the granting of the minimum tariff rate to various foreign countries are called for from the President by a resolution favorably acted upon today by the House committee on ways and means. It was introduced by Representative Underwood (Dem.), of Alabama.

Mr. Underwood contends that these papers will show that Canada and other countries have been given large trade advantages under the minimum rate, without the United States having received proper concessions in return. The resolution will be called up probably next Thursday.

MR. BALFOUR IN GLOOMY MOOD

Says Great Britain Is on Verge of a Revolution.

TERRIBLE MR. ASQUITH

Liberal Government Bent on Wrecking the Constitution, Declares Leader of Unionists. N

London, April 27.—The Right Hon. Arthur J. Balfour, leader of the Opposition in the House of Commons, presided at the meeting of the Primrose League yesterday. In his opening address the former prime minister said: "We are threatened with a revolution. The more the present situation is examined the more grave do the issues appear to be. Whether the country is fully alive to the magnitude of those issues I do not know, but they are splendidly apparent to every man who looks with an impartial eye upon the strange manoeuvres and sinister combinations and joining of forces, not to carry on the business of the country, but to destroy its immemorial constitution."

Continuing, Mr. Balfour said that the new method of arranging the relations between the two Houses, while it utterly destroyed the House of Lords as a second chamber, and the guardianship of the fundamental basis of the constitution, left it with many of its other powers, practically augmented.

The Government, Mr. Balfour said, really desired once and for all that the majority in the House of Commons, however produced, should be the absolute master of the whole constitution of the country from the sovereign down to every essential, important element of which the constitution consisted.

Mr. Balfour asked those who had made even the most superficial study of the constitution to consider whether any nation but Great Britain would be mad enough to assent to a revolution like that. The United States and the French Republic, he said, which were domestic by profession and domestic in fact, had taken care to fence and safeguard their acts so that they should be removed as far as possible from the effects of those temporary gusts and hurricanes of popular passion. Their whole system in theory and in practice depended upon the people, because they knew that under any system of representative government those who were for the moment entrusted with representative authority did not necessarily represent the certain convictions of a great nation.

"The present Government," added Mr. Balfour, "thinks that while there is only one chamber they will have a chance of getting these ulterior revolutions from which a second chamber would preserve us."

BATTLE WITH A BEAR

A Keeper in the Bronx Zoo, New York, Badly Mauled.

New York, April 27.—With his body badly mangled by teeth and claws, and his left arm almost torn from its socket, Richard Spicer, a keeper at the Bronx Park Zoo, was rescued unconscious yesterday afternoon from the bear pit after a desperate struggle with an angry bear. He was removed to a hospital in a serious condition. Elwyn Sanborne, a photographer, escaped from the pit with minor hurts after a hard fight with the animal.

Patcha, a huge brown Russian bear, which had always been considered mild tempered, became angered when being loaded into a box and trundled across the park from her winter quarters to the pit. In the pit, when Spicer attempted to make her sit up and pose for a photograph, with her cubs, she sprang upon him, dealing him a terrific blow with her paw. She then seized him by the arm and dragged him into the den, clawing and mauling him.

Sanborne grabbed an iron bar and rushed to the rescue of Spicer, who was unconscious. Patcha turned on him, but the photographer managed to fight her off and escape with his screams and the cries of a hundred spectators brought other attendants, who beat off the bear and rescued the imperilled men.

FORTIFIED AT FIFTY

DR. WILLIAMS' PINK PILLS BRING HEALTH AND STRENGTH TO WOMEN AT A CRITICAL TIME.

Few women reach the age of fifty without enduring much suffering and anxiety. Between the years of forty-five and fifty, health becomes tickle, and acute weaknesses arise with dramatic attacks, pains in the back and sides, frequent headaches, nervous ailments and depression of spirits.

The secret of good health between forty-five and fifty depends upon the blood supply. If it is kept rich, red and pure, good health will be the result, and women will pass this critical stage in safety. Dr. Williams' Pink Pills help women of mature years as no other medicine can, for they make the rich, red blood that means good health and brings relief from suffering. Mrs. C. Donovan, Newcastle, N. B., says: "About two years ago I was greatly run down and very miserable. I did not know what was wrong with me. I was hardly able to drag myself about, had severe headaches, and no appetite. I felt so wretched that I hardly cared whether I lived or not. I had often read of what Dr. Williams' Pink Pills had done for others, and I decided to try them, and I can now truthfully say I found them all they are recommended to be. Under their use my health gradually came back; I could eat better, sleep better, and felt stronger in every way, and, before long, I was doing as good health as ever I had done."

Dr. Williams' Pink Pills cure by going to the root of the trouble in the blood. They actually make new blood. That is why they cure such troubles as rheumatism, neuralgia, indigestion, kidney troubles, headaches, sideaches and backaches, and the ailments of growing girls and women of mature years. Sold by all medicine dealers or by mail at 50 cents a box, or six boxes for \$2.50, from the Dr. Williams Medicine Company, Brockville, Ont.

lifetime, he said, and whose capital was invested in their equipment would be destroyed. He suggested that the question should be taken up with a view to a further conference and that the fishermen should be heard. There were no fish on the American side, while on the Canadian side there would be great hardship.

Hon. W. M. Templeman, who was in charge of the bill, said the treaty would make a vast improvement. In some cases the state regulations had never been enforced. There would be danger involved to the fishing industry if this treaty did not go into effect. The United States Government had undertaken to carry out the regulations and the fish must be conserved. If the same conditions as at present obtained on the Fraser River were continued there would be no fishing in ten years.

OTTAWA, April 26.—A. H. Clarke, of South Essex, in the Commons tonight asked that before the new fishery regulations could come into effect the fishermen should be heard by a committee of the House.
