TORONTO, May 16.—Potatoes—Wholesale dealers report the situation unchangin the potato market. Trade is steady in the potato market. Trade is steady and the big supply available, even at this late period of the season, keeps prices steady at 55c to 60c per bag out of store and 45c to 50c on track for Delawares, and at 35c toi 40c per bag on track at Toronto, for Ontarios. LIVE STOCK.

TORONTO, May 16.-There was a record run of cattle received at this market today, comprising all told 183 cars, with 3,829 head of cattle, 52 calves, 148 hogs and 50 sheep and lambs. A large proportion of the receipts were export cattle, including 12 cars of distillery-fed cattle, the latter purchased by Swift & co. at \$7 50 the reported price. There were also 14 cars of Northwest cattle in the market. Trade was a little slow. but prices generally were well maintained at the quotations for butcher and export cattle in the early markets last week, but a little easier than they were at the close of the week. There was Toronto Railway 118 at the close of the week. There was a large contingent of buyers in today's parket, and though there was a disposition to hold back for tomorrow's market the prospects were for active business in the export trade at last week's prices. Sheep and yearling lambs are not in very good demand, and prices are inclined to shade off. Spring lambs are in good demand and firm at from \$3 to \$7 50 each, or an average of about 9½c per lb. Hog market is firm at \$9 25 f. o. b. and \$9 50 to \$9 60 fed and watered. Good to choice butcher cattle are steady to firm at \$6 to \$6 65. Calves firm at 5c to 7c per lb. W. McClelland bought two loads butcher, 900

It will give employment to a score or A portion of the land purchased will be used by another concern, which will ome to London in the near future.

The Company's Plans. At the meeting of the manufacturers' committee yesterday afternoon, Mr. J. C. Doidge, of the company, outlined their plans, and asked for free water. It was their intention to add greatly to the capacity of their plant, and would go into the manufacture of steel wheels on a large scale, as well other kindred things. The detail of the proposition was not ready yet, and it would be some days before it would

ing to expand, and make the factory of great importance in the city," said Mr. Doidge, "We have to import wheels and the like, and we are going to manufacture them ourselves. There are other things in connection with this mitted that he receives a percentage of where there are opportunities for expansion, and when we have made all the arrangements we will state what ve have done. We want to be assured of free water, before we take further steps in the matter."

It was agreed to recommend to the water commissioners that the company e given free water, and it is probable and Baldwin had had an argument in that their request will be granted. A Switch.

The street lighting should certainly be improved, as at present there are numerous thoroughfares in darkness in For the past couple of years residents of some sections have been petitioning the council to have more lights erected, without result, and the change in system will be welcomed.

IN SERIOUS CONDITION. Mrs. Lucas, an aged lady, who fell from a second story window at the home of her daughter, Mrs. (Rev.) H. C. Light, on Hale street, at London Junction, yesterday, breaking her breast-bone, is in a very serious condition this afternoon.

Mrs. Lucas had been in ill-health for some time, and it is feared that the accident may result fatally. She is under the care of a physician. Mrs. Lucas was not discovered until some time after her fall, as it was thought she was in one of the upper rooms of Mr. Light's residence.
