THE GEORGIAN BAY.

The Georgian Bay, that great arm of Lake Huron, has become a favorite summer playground with residents of Canada and the United States. In this magnificent bay are more than 30,000 islands—islands crowned with vegetation that seems as fresh and captivating as though it were the morning of creation. Islands peeping out of the blue depths of crystal-like water and covered with waterway with any degree of satisfaction, nature having been so generous in beautifying and adorning it and having dowered it with so many gorgeous scenic effects, including rugged promontories, intricate channels and narrows, and vast amphitheatres of open water. The Thirty Thousand Islands region of the Georgian Bay is reached through Midland, Penetang, Rose Point and Parry Sound. At Midland (101 miles from Toronto) steamboat of the Georgian Bay
Tourist Company connects with the trains of the Grand Trunk Railway System. For all particulars apply to Grand Trunk agents or to C. E. Horning, D. P. A., Toronto, Ont.

Majority of Permits Since Monday Have Been For Garages.

Even the fact that yesterday was a holiday failed to stop the rush for build-ing permits, no less than three being issued from the city engineer's office on May 24, while ten were issued on Monday. Only three of the fourteen permits were for dwelling houses, the majority of the remainder being for the construcion of garages and the rest for alteraions to present premises.

The stated value of the work to be one under the permits issued yesterday and Monday was \$15,820, bringing the total for the month to \$305,725, distributed over 122 permits, as compared with 180 permits and a value of \$266.685 for the whole of May, 1920.
