

DEMONSTRATION IS DENIED AS EXCESSES ARE FEARED

Berlin, May 15.—The police have forbidden the public demonstration in the stadium here planned for May 24 under the leadership of Major-General von der Goltz, as an extension of the idea recently exemplified at Halle in expression of nationalist sentiment. The police assert that experience has failed to show the ability of leaders of such demonstrations to keep their followers from committing excesses, despite promises that provocative incidents would be avoided.

THREE TEACHERS ARE APPOINTED TO COLLEGIATE STAFF

Lighting System in Auditorium
At Central To Be Improved.

TO CARRY INSURANCE

Principal A. E. Miller recommended three new teachers for the London Collegiate yesterday to the collegiate committee of the board of education. The three, all of whom were accepted on the principal's recommendation, were J. T. Nethercott, M.A., of Stratford, who will take charge of the history and English department at the Central Collegiate at a salary of \$2,900; Robert F. Baird, B.A., of Kingston, a specialist in English and history, who will assume duties at the London South Collegiate at \$2,200, and Miss Phyllis Mitchell, B.A., of Toronto, who will take over duties in physical culture and teaching in the London South school at a salary of \$2,000. All teachers come to the city very highly recommended by the principal.

The architect was instructed to bring in an estimate for the introduction of a new lighting wire in the Central Collegiate auditorium. A letter had been received from the lighting inspector that the present wiring was not up to the requirements of the law, and that it cluster lights, and spot lights, used in amateur theatricals and so on in the auditorium were continued that another wire must be installed.

Dr. Grant thought the board was not justified in incurring much expense in making the auditorium into a small theatre, and though the architect thought the estimate might be as high as \$400 he was told to bring in an actual estimate to the board.

Carry Insurance.
It was agreed that the board should carry liability insurance to protect it in case of children and others being hurt on the school premises, which has not been done in the past, and the secretary was instructed to gather necessary data and bring in a report to the committee. Several cases of

accidents to children in the playgrounds in the past few weeks have brought the importance of this insurance protection to the attention of the board.

A committee was appointed comprising Principals Beal and Miller, Public School Inspector Greer and Dr. Grant, to go into the matter of arranging a new registration system for students entering the high schools in the city, so that there might be a more accurate record kept of their or technical work after leaving the public schools. Trustee Campbell explained that the attendance officer was carrying out a survey among the wishes in this respect, and hoped this information would prove useful to the committee.

Non-resident students at the London Collegiate will in future be asked to pay the amount in previous years charged to individual students at the school, which is 80 per cent of the cost of education. The non-resident students are those coming from any county other than Middlesex and not adjacent to it. There are but four attending the collegiate this year.

REDUCE EXPORT RATES ON GRAIN PRODUCTS

New Rates Effective May 26
Permit Milling At Interior Plants.

Canadian Press Despatch.
Montreal, May 15.—As a result of conferences with millers and the board of railway commissioners, reductions in export rates on grain products from milling points in Ontario to Montreal, Quebec and other Atlantic ports will be made by Canadian railways. These new rates, quoted below, become effective on May 26:

From lake ports to Montreal the rate will be 17½¢ per 100 pounds, and to Quebec, St. John, Halifax, Portland, Boston and New London 18½¢. To New York, Philadelphia and Baltimore from Port Colborne the rate will be 18½¢ on flour and 19½¢ on other grain products; from Goderich, 21¢ and 22¢; from Collingwood, Midland and Tiffin, 22¢ and 23¢; from Depot Harbor, 24½¢ and 25½¢. These rates represent a reduction of 1½¢ and 2¢ per 100 pounds. The new rates will permit milling at interior mills in Ontario under the usual transit arrangements.

SACRED CANTATA AGAIN PRESENTED AT ST. ANDREW'S

Young Peoples' Federation
Stage Performance of "David the Shepherd Boy"

GREAT SUCCESS

Its initial success recently was responsible for a second performance last night of the sacred cantata "David the Shepherd Boy," given under the auspices of the Young Peoples' Federation of St. Andrew's Presbyterian Church. Miss Marilyn Pococke, directing the cantata, was responsible for a very artistic performance, which was repeated last night with all the excellence of the opening night. The combined voices, under Miss Pococke's direction, made the cantata a delight musically, and, coupled with this feature, was a splendid display of dramatic ability on the part of each member of the cast, giving to the entire production the color and picturesqueness of Biblical times.

St. Andrew's Hall was crowded for the opening performance, and the audience was equally large last night. Although given again under the auspices of the St. Andrew's young people, the cantata was of more especial interest to the general public, since a generous share of the proceeds were to be devoted to child welfare work in the city.

The role of David was presented in three parts. David the warrior and king was portrayed by Mr. L. Christiani; David the shepherd lad was given by Norman Norman Donnelly, and David the minstrel was presented by Miss Lorna McGillivray. Miss McGillivray's harp numbers, as on the opening night, were a delightful feature of the performance. Among others in the cast were the following: Miss Kathleen Esterbrook, Miss Dorothy Wilson, Mr. Douglas Westman, Mr. Jack Wilkey, Miss Maybelle Purdon, Mr. John Gemmell, Rev. F. W. K. Harris, Messrs. Thomson, Johnston, Shepherd, McDonald, Nichol Le Seller, Jack Buchner, C. Gladman and Ronald Poote.

CONTRACT IS AWARDED ON HYDE PARK HIGHWAY

King Construction Company of
Oakville Receives Work as
Lowest Tenderer.

The King Construction Company of Oakville was awarded the contract for laying two miles of pavement on the Hyde Park highway this summer, by the Suburban Area Commission, which met at the county buildings yesterday afternoon.

The price of the contract is \$28,000, and the county will supply the cement through the Ontario government, which is assessed 60 per cent of the cost, or \$16,800.

The city of London and the county will pay the other 40 per cent, their share being \$5,600 each. Those present at the meeting were Commissioners John Greer, J. L. Robson, Archie Blaikie and Jos. Winters.

WILL OF SUN YAT SEN MAY AFFECT POLICY

Future of Dead Leader's Party
Likely To Be Affected
by Document.

Associated Press Despatch.
Peking, May 15.—In accordance with the Chinese custom, Dr. Sun Yat Sen, South China government president, whose death at Canton was announced yesterday, is reported to have left a political will which is likely to have an important bearing on the future of his constitutional party.

It is believed Dr. Sun probably chose as his successor either C. C. Wu, son of the late Wu Ting-fang, former minister to Washington, and one of the most influential members of the party, or Tang Shao-yi. The latter, who in 1923 was offered the premiership, resides in Shanghai and lately has been out of sympathy with Sun's policy.

LOMBARDO'S ORCHESTRA GAINS INTERNATIONAL FAME

The Lombardo Orchestra of London, Canada, known as the Royal Canadians has met with wonderful success not only in Canada where they played for a considerable time at the Winter Garden, also at the Casino at Port Stanley, and Loew's Theatre, but they have had even greater success in the U. S. A. where they have been appearing steadily on the vaudeville circuit in the largest dance halls in the U. S. A., and at the present time have been engaged for a long period by Sophie Tucker, the famous vaudeville artist, to play at her pavilion at Cleveland. Wherever Lombardo's Orchestra appeared the vaudeville houses, they were featured in electric light as headliners, along with the stars. So successful have they been that they attracted the attention of the Starr Piano Company, and were engaged to make records exclusively for the Starr Company. At the present time they have some records ready for the market, and Londoners may hear these records, Nos. 9535 and 9536, titled "So This Is Venice," and "Cy"; also "Cotton Picker's Ball," and "Mama's Gone, Good-bye," at Starr Company of Canada, Limited, 265 Dundas street. Lombardo's Orchestra will put on a turn at Loew's Theatre on 19, 20 and 21, matinee and evening, three shows daily—Advt. b

Tolmie Freed By Sir Lomer

Former Minister Calls Off Com-
pact With B. C. Member.

Canadian Press Despatch.
Ottawa, May 15.—Sir Lomer Gouin tonight called off his pair, and thus permitted Hon. S. F. Tolmie, (who was paired with Sir Lomer) to vote against the budget.

Sir Lomer replied: "Just back from Quebec, and find your telegram. I requested Mr. Casgrain last week to call off my pair. Please consider yourself free as far as I am concerned."

MANY HEBRIDEANS TO SAIL FOR CANADA

Two Hundred and Fifty
Crofters Will Leave
Saturday.

Associated Press Despatch.
London, May 15.—Two hundred and fifty Hebridean crofters or small farmers will sail for Canada on Saturday under the auspices of the Ontario government. The steamship Canada will call at Stornoway, Scotland, specially for them.
