Now Mr. Asquith Says His Time Has Not Yet Come-A Statement Requested Regarding Samoa-The Question of Sup-

Commons to-day Mr. Sydney Buxton, Under Colonial Secretary, reporting to Mr. James Galloway Weir's request of Wednesday, said that the matter of granting a gold standard currency to British Honduras was still unsettled. The delay was unavoidable, but the Colonial office would do all in its power to expedite a decision of the matter. Sir Ughtred Kaye Shuttleworth, Secretary to the Admiralty, said in reply to an interrogation by Mr. Robert G. Webster that the Government had no information as to whether or not the stolen plans of the torpedo destroyer Havock had found their way to the U.S. Navy Department.

Time for Daly's Release Not Yet Come
In the House of Commons to day James
O'Connor asked Home Secretary Asquith to

years, while Daly had already been in prison more than 10 years.

Mr. Asquith said the comparison between the two sentences was misleading. It should be remembered that the Anarchist Farnara was condemned to 20 years in prison, and by the same judge who sentenced Daly. The time had not yet come when Daly's sentence could be remitted.

William Redmond said the Government had broken faith. During the last general election they had promised amnesty to Daly and other Irish prisoners. It was an outgovernigory of the prisoners of the prisoners.

London, May 25.—The St. James Gazette announced to-day the approaching publication of a book written by James Tynan, the notorious "No. 1," who was so long sought after in connection with the Burke and Cavendish murders in Phenix Park, Dublin, in 1882. The book, it is announced, will give the full story of the murders and deal exhaustively with the movements of the Irish Revolutionary and Parliamentary parties since 1861.

The St. James' Gazette, in commenting on the book, says: "It is not generally realized in England how tired the American revolutionists have become of the constitu-

One Man and 22 Trap Nets Captured By H.3.8. Cruiser.

COLLINGWOOD, Ont., May 25.—The steamer Northern Belle which arrived this morning brought news of the capture of two fishing boats and 22 trap nets by the Government steamer Cruiser for illegal fishing at the Bustards.

The trap nets were burned. An attempt was made to capture the fishermen with some success. One man who jumped into the water to escape was fired at, but gave himself up and was taken to French River, there tried and fined \$40.

One of the captured fishermen, named Noisly, turned Queen's evidence. Further particulars are not known here, but serious trouble is expected.

Illegal Fishing Off Pelee Island.

WINDSOR, Ont., May 25.—Fishery Inspector Boismier last week seized lines just above Pelee Island, and when a count was made of the hooks it was found that the number was 150,002, Yesterday another trip was made to the locality, and near the Island the inspector saw a tavern-keeper named Wolfef Gangfellow, in company with other men, fishing with a net in the river. Gangfellow made a quick trip along the poles and the ropes were cut, allowing the seine to sink into the river. To-day the inspector swore out a warrant against Gangfellow.
