NOTE AND COMMENT

Buyers of matches may be pardon-
ed if they are still unconvinced that
they should pay nine cents more for
a box of matches because the Gov-
ernment has imposed a five-cent
tax. The explanation is altogether
to ingenious. They would like the
privilege of paying the old price and
affixing a five-cent tax to each box.
They would save four cents and the
Government would get its five cents
just the same.

"Motherless Sundays" appear to be
more a matter of honor and keeping
faith than law. In consequence it
strikes harder and deeper in the
moral sense.

President Wilson's reply to the
Austrian proposal for a peace parley
was made exactly thirty-three min-
utes after the delivery of the docu-
ment, and contained exactly twenty-
eight words.

Toronto Mail and Empire—If the
war ended next month how many
people would enter the new and diffi-
cult peace era with considerable
savings from the present inflation of
values? Too many householders as
we are well aware have found ad-
vancing costs cutting down their
margin for savings. Some have
found their increased earnings quite
inadequate to meet their heavier out-
lay. But there are plenty of others
who are earning—and spending—
larger sums of money than ever be-
fore. They fail to realize that the
time of plenty and ease is a time to
husband resources for the inevitable
reaction. At any time thrift is an
armour against adversity and an ally
in the struggle for success. But un-
der the present abnormal circum-
stances thrift is like a lifebelt to a
person going on a dangerous sea
voyage. It is an insurance against
want and dependence if, after the
war, there is a great industrial im-
pression.

married recently to Mr. Royal E. Dohner
of Council Bluffs, Iowa. The marriage
took place at Fremont, Neb.

Save, remembering that to him that
hath shall be given.

town.

widow of the late William Boswell, and
daughter-in-law of the late Nathaniel
Boswell, Wyoming.

tomato plants in his garden especially
for patriotic purposes. He has already
sold \$72 worth and has bushels of green
ones yet.

Arthur Baker, an employee of the
Amerlin Co., had three fingers of his
right hand crushed in a brake at the
above named company's plant at Petrolia.
Two of the fingers were smashed to the
knuckles.

An analysis has been made of a bever-
age found in the shed at the home of an
Italian in Wallaceburg, and it is found
to contain 18 per cent alcohol. As the
liquid was found in a shed there will be
a prosecution under the Ontario Tem-
perance Act. The beverage is said to have
been made from apples, white grapes and
other fruits.

Two customs officers, a man and a
woman, visited parts of the country
around Leamington last week, it is said,
calling upon individuals who had beaten
the Dominion Treasury by bringing in
articles from Detroit without paying the
duty to make good. It is said that they
gathered up about \$500, one or two in-
dividuals paying as much as \$75.

Henry Griggs, a well-known Bosanquet
young man was instantly killed Tuesday
when he became entangled in the gearing
of a threshing machine on the farm of
Robt. May, 6 con. Griggs was putting
a belt on the separator at the time, his
arm catching in the machinery. Both
arms were torn off and he was terribly
mutilated. He was about 30 years of
age.

The death occurred on Sunday evening
at the Strathroy Hospital of Daniel Grant
McLean, a well-known farmer of Met-
calfe Township in his 64th year. While
engaged in sinking a well on the farm of
his brother, William McLean, of Met-
calfe, on the Saturday previous, Mr.
McLean met with an unfortunate acci-
dent. In boring, for which horse power
was used, a whiffletree became unhooked
allowing the arm to fly back, which
struck him with terrible force, fracturing
one of his legs badly. He was taken to
Strathroy Hospital as quickly as possible.
His condition appeared satisfactory until
Friday morning, when blood-poisoning
set in.

and Miss Sarah Lancaster, of Warwick
Village, have received information that
their brother, Pte. George V. Lancaster,
of the 44th Canadian, Manitoba, was
killed in action on the 10th of August.

The many friends of Capt. Albert Bent-

A farmer in the Duart district, who
has corn from ten to fifteen feet high,
says he will cut the stalks about three
feet from the ground and then go over
the field a second time and cut off the
buds and pile them up for wood. He
says that on account of the sugar in them
they burn continuously, when dried, un-
til reduced to ashes, and while you have
to fire up often, they give good satis-
faction.—Ridgeway Plaindealer.

The Lloyd George Type

The one thing we all admire in
Lloyd George is that we know
where to find him. He acts definitely.
He is no luke-warm weakling. He
fights on like our splendid boys
are doing despite the 25,000 casualties
since Aug 6.

Are you doing your part as well?
Have you taken your stand on the
thrift question? Have you definitely
decided that out of good returns this
year, you will lay by such and such
an amount for Victory savings
account?

If you have done nothing in the
matter you are not of this Lloyd
George type. You have heard the
call to bring your dollars into service
of the country when she calls. And
having heard, you have not acted.
Make the decisive move now. Start
the fund at once.
