CRIPPLED BY RHEUMATISM

Began to Improve After Taking "Fruit-a-lives"

The Medicine Made From Fruit
You can get rid of Rheumatism. You can be free of pain—of swollen hands and feet—of aching arms, legs and back.
"Fruit-a-lives" will drive the cause of Rheumatism out of the system and give you permanent relief.
"For over three years, I was confined to bed with Rheumatism. Finally I decided to try "Fruit-a-lives". Before using half a box, I noticed improvement. I continued taking "Fruit-a-lives" improving all the time. I can now walk about two miles and do chores around the place."
ALEX. MUNRO, Lorne, Ont.
50c. a box, 6 for \$2.50, trial size 25c. At dealers or from Fruit-a-lives Limited, Ottawa, Ont.

Asthma Victims—The man or woman subject to asthma is indeed a victim. What can be more terrifying than to suddenly be seized with paroxysms of choking which seem to fairly threaten the existence of life itself. From such a condition Dr. J. D. Kellogg's Asthma Remedy has brought many to completely restored health and happiness. It is known and prized in every section of this broad land.

THE SORE SHOULDER

Ill-fitting Collars Cause Much Suffering to Horses.

Shoulder Galls Are Developed—Soaking the Collar in Water Helps to Reshape It—Bathe and Dust the Galls—Hessian Fly Control.

(Contributed by Ontario Department of Agriculture, Toronto.)
A collar that does not fit the horse's neck and shoulder perfectly may be the cause of considerable suffering to the animal through soreness, galling, and blistering. Hundreds of horses suffer each year, more especially during the period of warm weather, when the work on the land is pressing.

Poor Collars Cause Shoulder Galls.
Shoulder galls develop largely through the use of collars that do not fit properly, through the draft being too high or too low, through neglect on the part of the driver to keep both collar and shoulder clean. When a teamster develops a blistered heel or a sore toe the necessity of adjustment is fully and painfully apparent to him, so he fusses around and adjusts the boot or his foot to get relief for himself. A humane and thoughtful driver will do the same for his horses; but unfortunately there are many drivers who neglect to give their horses all the attention that a working animal is entitled to. Collars may fit the horse's shoulders in the spring when the animal is in good condition, but the shrinkage of flesh due to the hard work of several months may leave the horse with a collar much too large. The collar that is too large or not of the correct shape is bound to cause trouble. Sore neck, sore shoulders or unnecessary pain that may develop viciousness or other bad habits or reduce the efficiency of the horse, should be avoided.

A Horse's Haul Is Done From the Shoulder.
The work that the horse has to perform is done from the shoulder, so it is very important that extreme care be given to the fitting and adjustment of the collar. The new collar is generally so firm and stiff that it is difficult to mould it to the shape of the horse's neck and shoulder without soaking it in water overnight. After the adjustment of the proper size in three inches of water, face down until well wet, it may be placed on the horse. The hame straps should be adjusted to draw the collar snugly to the neck. The collar in its softened condition will press into shape to suit the horse's shoulder. Be sure of the adjustment of the hames and draft. Work the horse only moderately the first few days while the shoulders are hardening and becoming used to the collar. Frequent airing and bathing to cool the shoulder and remove sweat and dust are very essential in preventing shoulder soreness.

Dealing With Mis-shapen Shoulders.
Horses that have mis-shapen shoulders can only be given relief by being fitted with a collar or collar pad made to suit the requirement of a special case. An hour's work on a collar pad with thread and needle in the hands of a humane teamster will save a faithful horse much pain. If your horse is suffering from shoulder galls, adjust the draft or shape the collar or collar pad so as to remove the pressure of draft from the sore point. The horse's shoulder should be watched during the day when at heavy work, especially during hot weather. Bath with salt water each evening, and treat the galls with a dusting of zinc oxide. If the horse is so fortunate as to be in the hands of a good driver or teamster it is not likely to suffer from shoulder trouble very long. Remember, the horse cannot speak and make complaint; it is up to you who are responsible for the horse's welfare to give the working comfort that a faithful slave is entitled to every day in the week.—L. Stevenson, Sec., Dept. of Agriculture, Toronto.

HESSIAN FLY CONTROL
Is Found Best Effected by the Late Planting of Fall Wheat.
The late planting of wheat is generally recognized as being the most effective practice in Hessian fly control. Land for wheat should be prepared early, at least six weeks before seeding, in order that a firm seed bed with two inches of loose soil to provide ample covering when the seeding is done. Late in August or early in September narrow strips should be seeded across the field at intervals, these are for the purpose of attracting any Hessian flies that may be present and offering an inducement for egg laying. Between the fifth and tenth of October these egg-catching strips should be ploughed in and the entire field re-worked and seeded. Lands that are in good condition will withstand Hessian fly attacks much better than poor ill-prepared soils, due to the fact that a weakened plant can make good recovery if well nourished. Prepare the land early, fertilize it possible, and seed as late as you can expect the wheat to make sufficient growth for wintering.—L. Stevenson, Sec., Dept. of Agriculture, Toronto.

SYNOPSIS OF MR. HAGER'S SERMON ON "STEPS UNTO HEAVEN"

Sanctification is the last step from Earth to Heaven. It is the fitting of the individual regenerate life of man into the perfecting plan or purpose of God in the making of His new Heaven and New Earth.
When Jesus commands us to be perfect as our Heavenly Father is perfect He expects us to be as true in our obedience and conformity to the will of God as God is true in His devotion to the welfare of man. Just as a vine is perfect that produces branches so the branches are perfect that produce the life of the vine in yielding the fruit of the vine. Paul says that Sanctification is the adjustment by the God of Peace or Harmony of the whole life of man with himself, his neighbor and his God. His spirit is perfect when he is right with God. His soul is perfect when he is right with his neighbor and his body is perfect when it does what his spirit and soul require of him.
Jesus sanctified Himself when He took His individual life as a grain of seed and let it fall onto the ground to be broken up in death that He might share in the life of a full head of wheat as He came forth in the Resurrection. And we are sanctified when we lose our individual life in this fuller life service to which God calls us stewards of the manifold grace of God.

PERSONALITY
There is something in the human Locked in the human chest, And sages have been hurting it And falling in their quest.
Nor telling what, or whence, it is We cannot fill the gap. The longitude and latitude, Is not upon the map.
It is not on the market then It never could be sold, 'Tis richer far than rubies are, Superior to gold.
And you cannot analyze it 'Tis cruel, and 'tis kind. Invisible to most of us The ego of the mind.
It's a gift from our Creator, Possessed by every one, In the cycle of the ages It's only but begun.
And although we cannot see it, It's presence we discern And to use it not abuse it Should be our chief concern.
The width of it the breadth of it How could it ever come The height of it, the depth of it, Philosophers are dumb.
We polish it, develop it, And try to keep it whole It's in our hands to manage it The individual soul.
And all our thoughts emit from it, The thoughts creating deeds, Then take the weeds all out of it, And plant the purest seeds. Watford, March, 1923. W. B. Laws

QUESTIONS and Bible Answers
If Parents will encourage children to look up and memorize the Bible Answers, it will prove a precious heritage to them in after years.
How may we be protected from evil? —Psalm 91. 9-10
How can we choose between life and death? —Romans 8:13
What is an abomination to the Lord, and what is his delight? —Prov. 11
How did Judas deliver Jesus into the hands of the chief priests? —Matt. 26:47-56
What did Jesus do when the sun was setting? —Luke 4:40
How did Jesus end his great "Sermon on the Mount"? —Matt. 7:24-27
Who is exalted as head above all? —1 Chron. 29:11
What did Jesus say about the light of the world? —John 8:12
What happened to the foolish virgins who had no oil in their lamps? —Matt. 25:1-13
What did the wise men of the East do when they beheld the young child? —Matt. 2:11
What promise did Jesus make to those who believe in his works? —John 14:11,12
What conditions are required for a genuine revival of religion?
Internal parasites in the shape of worms in the stomach and bowels of children sap their vitality and retard physical development. They keep the child in a constant state of unrest and if not attended to, endanger life. The child can be spared much suffering and the mother much anxiety by using a reliable worm remedy, such as Miller's Worm Powders, which are sure death to worms.
Corns are painful growths. Holloway's Corn Remover will remove them.

"The most Delicious Tea you can buy"

WHY MANY WOMEN SUFFER IN SILENCE

Do Not Realize That Their Trouble is Due to Impure Blood

A woman needs a blood building medicine regularly just because she is a woman. From maturity to middle life the health of every woman depends upon her blood. If her blood is poor she is weak, languid, pale and nervous. If the blood supply is irregular she suffers from headaches and backaches, and some women have grown to expect this suffering and to bear it in silence. They do not realize that if the blood supply is kept rich and pure, their troubles will disappear, but such is the case. In every woman's life a tonic blood-enriching medicine is needed and for this purpose nothing can help them so much as Dr. Williams' Pink Pills, which act directly on the blood furnishing the elements necessary to make it rich and pure. Mrs. S.J. Watts, Kingston, Ont., gives her experience with this medicine as follows:—"My first experience with Dr. Williams' Pink Pills was while attending the Collegiate Institute at about the age of seventeen. I became very much run down, and could not go upstairs without resting half way. Finally I had to quit school and notwithstanding all that was done for me there were no signs of improvement until after I had begun using Dr. Williams' Pink Pills, under the use of this medicine I became well and strong. My next experience with this medicine was some years after I was married. After my baby boy was born I did not gain up as I should, so I at once started taking Dr. Williams' Pink Pills again. I took them all the time I was nursing baby, and you should have seen what a lovely, fat, healthy boy he was, and I was strong once more. Whenever I feel a bit run down Dr. Williams' Pink Pills are my tonic and I strongly recommend them to growing girls and all women." You can get these pills through any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.
See our stock of new Wall paper for Spring. The price is much lower and the patterns are very pretty.—P. Dodds & Son.

Agonising! Weakening!

Before finding a remedy in Zam-Buk, many piles sufferers say that they hardly knew where to put themselves for the agonising, itchy, burning pain. Loss of blood made others so weak and ill that they despaired of ever being well again.

PILES

"I suffered the agonies of piles for a long time," says Mr. Jas. Ruddy, of Killaloe, Ont. "I wasted lots of money on professed 'pile remedies.' But my weakening malady defied everything but Zam-Buk. To my joy, this great herbal healer speedily allayed the itchy, burning irritation. As I kept up the Zam-Buk applications the piles were gradually but completely banished."
