MATHEW WILSON & Co.,

MANUFACTURERS OF HAY TOOLS,

—SPECIALTIES.—

HAY LOADERS, HAY TEDDERS, HAY FORKS AND CARRIERS,

HAMILTON,

ONTARIO.

The wonderful success of our Hay Tools the past season has induced us to increase largely our out-put for 1886.

The Foust Hay Loader has undoubtedly proved the best Hay and Grain Loader in the market. Our Loader for this season has still further improvements, suggested by last year's experience in the field, and we now offer it as the only perfect Loader made; with a boy to drive and one man to load, it will do the work of three men pitching on.

THE GRAND RAPIDS TEDDER.—In our search for the best Tedder made in the United States, we selected the Grand Rapids, believing from its construction it was the most servicable and best Machine in the market, and from the test of their working qualities in the past season, we are convinced that our judgment was correct, for with a horse and a boy or girl to drive, it will do the work of ten men and more thoroughly. As a manure spreader it works as well as many of the high priced machines for that purpose. For descriptive catalogue address
