FROZEN oranges for dessert on an August day are delicious. Remove the peel and slice the oranges; to each pound of oranges add three-quarters of a pound of sugar and one-half pint of water, and freeze.

FOR A GOOD POT-PIE.—One quart sour milk or buttermilk; one tea-spoonful salt; one of soda; flour enough for a stiff batter; steam until done; cut into slices and lay in a deep dish and cover with a chicken or meat stew. Your dumplings will be light and nice.

HOW TO PRESERVE DAMSONS.—Weigh a quantity of damson plums after each one has been pricked with a large needle, and well-washed, and take three-quarters of a pound of sugar to each pound of fruit. Stew together for half an hour, skimming them thoroughly.

EGGS ON TOAST.—Poached eggs are very good served on rounds of toast, which should be cut from slices of stale bread, toasted carefully, buttered and laid in a heated dish with a spoonful of boiling water poured on each slice. When the eggs are poached lay each one on its own round of toast, pepper and salt it and serve immediately.

CARAMEL CAKE.—Make and bake a cake as for jelly cake. For the caramel, take one cupful of sweet vanilla chocolate, one cupful of granulated sugar, one cupful of sweet milk, one beaten egg, and one teaspoonful of butter; boil all together until it crackles or flies from the spoon in hairs. Do not let it boil too long. Spread between your layers of cake.

THERE is no one thing that adds so much to the furnishing of a room as curtains. With a gold carpet, nice walls, and tawny curtains, though you may have little furniture in your room, it will look quite elegant.

GREEN CORN SOUP.—Cut the kernels from a dozen large ears of green corn, and just cover them in a stewpan with boiling water. Boil half an hour, add a quart of milk, pepper and salt to taste, and a spoonful of fresh butter. Beat three eggs very light with a tablespoonful of corn starch. When the soup just comes to the boiling point again stir in the eggs and serve quickly.

COLD FISH CUTLETS.—Melt an ounce of butter, add an ounce of flour and a gill of milk; let it boil and thicken. Then stir in the flavoured lemon juice or vinegar, salt, cayenne, or a little anchovy sauce or paste. Let it all add about a breakfast-cupful of cold cooked fish cut small. When this mixture is cold, shape it into cutlets or balls, egg and bread crumb them, and fry in hot fat or oil.

A BEEFSTEAK PIE.—Get some beefsteak cut from the upper part of the round, and have the butcher mince it very fine, adding about a quarter of a pound of fat salt pork to a pound of steak. Make a paste only a little richer than biscuit paste for the pie. Season the meat with pepper, salt and a little flour dredged over it. Pour a small quantity of water over it, and add a few lumps of butter. Bake rather slowly.

GLAZED TURNIPS.—Cut some new turnips into the shape of orange quarters or of small pears. Parboil them for five or ten minutes in salted water. Drain them thoroughly, then place them in a well-battered saucepan, sprinkle them with plenty of powdered loaf sugar, put the saucepan on the fire, and as soon as they begin to colour moisten with a small quantity of clear stock, add a pinch of powdered cinnamon, and pepper and salt; let them stew gently until done.

IT LEADS ALL.

No other blood-purifying medicine is made, or has ever been prepared, which so completely meets the wants of physicians and the general public as

Ayer's Sarsaparilla.

It leads the list as a truly scientific preparation for all blood diseases. If there is a lurking taint of Scrofula about you, Ayer's Sarsaparilla will dislodge it and expel it from your system. For constitutional or scrofulous Catarrh, Ayer's Sarsaparilla is the true remedy. It has cured numberless cases. It will stop the nauseous catarrhal discharges, and remove the sickening odor of the breath, which are the signs of scrofulous origin.

ULCEROUS SORES my children were terribly afflicted with ulcerous running sores on the face and neck. At the same time their eyes were swollen, much inflamed, and very sore. Physicians told us that a powerful alterative medicine must be employed. They united in recommending AYER'S SARSAPARILLA. A few doses produced a perceptible improvement, which, by an adherence to your directions, was continued to a complete and permanent cure. No evidence has since appeared of the existence of any scrofulous tendencies; and no treatment of any disorder was ever attended by more prompt or effectual results.
