Scientific and Useful.

MIXED SPICES.—Two ounces each of cinnamon, allspice, cloves, and coriander seed, half ounce of nutmeg, half ounce of ginger, all finely powdered and mixed. They should be bottled and kept tightly corked to preserve the strength.

POTATO SALAD.—Two cups of mashed potato rubbed through a colander; three quarters of a cup of firm white cabbage chopped fine; two tablespoonfuls of cucumber or gherkin pickle, also chopped; yolks of two hard boiled eggs, pounded to powder. Mix all well together.

MOLASSES CAKE.—One cup of butter, one cup of sugar, two cups of molasses, four cups of flour, four eggs, one nutmeg, one teaspoonful of mixed spices, one tablespoonful of ginger, one cup of buttermilk, one dessert-spoonful of soda. Mix as for any other cake and serve hot with sauce.

APPLE PRESERVES.—Pare and core the apples, take a bucket of spring water and a piece of lime the size of a walnut. Let the apples stand in this all night. Next morning take them out, and let soak six hours in clear water. To every pound of apples take one pound of sugar. Make a strong ginger tea, and boil your apples in it till tender. Then take them out, and with this same sugar and tea make a syrup and cook the apples until done. Nice to eat with cream.

THE woman who seeks relief from pain by the free use of alcoholic stimulants and narcotic drugs finds what she seeks only so far as sensibility is destroyed or temporarily suspended. No cure was ever wrought by such means, and the longer they are employed the more hopeless the case becomes. Leave chloral, morphia and belladonna alone, and use Mrs. Pinkham's Vegetable Compound.

TRANSPARENT PUDDING.—Whites and yolks of eight eggs, beaten separately. To the yolks add one and one-half pints of loaf sugar, one-half pound of butter, creamed into the yolks and sugar, and two tablespoonfuls of cinnamon added with the whites. Put the mixture in a tin pan, set it on the stove and stir until it becomes hot throughout. Make a very light pastry, put into pie-pans and cook a little before the mixture is put on them. Then set the puddings in the stove until a light brown.

POTATO BEIGNETS.—Mash a large plateful of mealy potatoes with two ounces of butter and two well beaten eggs. Rub them till no lumps remain, spread the mass out smooth, not quite an inch thick; then cut out with cutters half-moons, round, oval, and three-cornered shapes. Coat them with egg and bread crumbs, and grate cheese over. Fry them a delicate yellow, or put them in the oven to bake a nice pale colour, without drying. Serve them hot, either alone or as a garnish to different dishes.

QUEEN OF PUDDINGS.—Beat together the yolks of four eggs, one teacup of brown sugar and grated rind of a lemon; stir this into one pint of grated bread crumbs, and over the whole pour a quart of boiling milk. Put this in a pudding dish and bake a light brown. When quite cold, spread over the pudding a thick layer of currant jelly, plum jelly, raspberry jelly, or something of the kind. Then cover the whole with a meringue made of the whites of the eggs, four tablespoonfuls of white sugar and the juice of the lemon. Set in the stove and bake a light brown; serve cold with cream.

PUDDING.—Beat the yolks of four eggs very light, add three quarters of a pound of sugar, quarter of a pound of butter, the grated rind of one lemon, and the juice of two, and twelve wine glasses of cold water. Let this boil until it begins to thicken perceptibly; it will take from a half to a whole hour, and must be stirred constantly. Line a pudding dish with round sponge cakes, and when the custard is done, pour over them. Make a meringue of the whites of four eggs and half a teacup of white sugar and put over the top of the dish. Put it in the stove and let it stay just long enough to brown nicely.

A VALUABLE PATENT.—The most valuable discovery patented in modern times is that of the best blood purifier and liver and kidney regulator known. We refer to Burdock Blood Bitters, which is making so many wonderful cures and bringing the blessed boon of health to so many people.

BRIGHT'S DISEASE OF THE KIDNEYS. The above symptoms are not developed in any order, but appear, disappear and reappear until the disease gradually gets a firm grasp on the constitution, the kidney-poisoned blood breaks down the nervous system, and finally pneumonia, diarrhoea, bloodlessness, heart disease, apoplexy, paralysis, or convulsions ensue and then death is inevitable. This fearful disease is not a rare one—it is an every-day disorder, and claims more victims than any other complaint.

It must be treated in time or it will gain the mastery. Don't neglect it. Warner's SAFE Cure has cured thousands of cases of the worst type, and it will cure you if you will use it promptly and as directed. It is the specific for the universal
