## THE TRUE WITNESS AND CATHOLIC CHRONICLE. \_\_\_ J \NUARY 31 1862.

thorrible war, and Boston is the first to discredit in the hands of the solder, the wages of his labour and blood on the field of battle. If anything could make us doubt the successful termination of the war, it is this universal sordidness. The United States has become a grand school for fraud; the common school has prepared the people for the national school, no God in the common school, no God in the national school, but plenty of Bible! Thus hyporisy has done a work in this country in comparigon with which the Pgramids are unworthy of noson with which the Pyramids are unworthy of no-tice. Patriotism, justice, honor, heaven, eternity, are all outweighed by a bag of gold, and assoften, or rather as always happens, this gold is dissipated, and the father leaves nothing to the son but the re-collection of his folly. Congress has passed a law, or talks of passing one, to make fraud on the Government in time of wars capital offence! Could the philosophers and bumantarians retrace their course for the last twenty years, and instead of babbling about the wretchedness of inflicting death, could insist on the murderer being executed, national morals would not be at the low state to which al morats would not be at the low state to which they are reduced. We get to be too wise in the United States—a good deal more wise than "it behooveth to be wise"—we were so smart that it was supposed that none other knew anything. Antiquity was ridiculed, and experience disregarded as an "old Fogy," and now we are under humiliation. - Cincinnati Catholic Telegraph. WHAT A BOSTON MERCHANT SAW AT THE SOUTH.

-The Cairo correspondent of the Cincinnati Gazette, under date of Jan. 20, furnishes the following account of what he saw at the South during the past three months. He is connected with a well known leather firm of this city, (says the Boston Traveller,) and arrived at Cairo on Friday evening last direct from New Orleans :- "He went South with a letter from the Mayor of Boston to the Mayor of Louisville, which secured his passes through the lines; that he had many friends and acquaintances in New Orleans, and was thus enabled to learn much of the real feeling, which a stranger could not be expected to see. Perhaps the most important of Mr. C.'s statements is his positive denial of the existence of any Union feeling in New Orleans. He says there was a suppressed Union sentiment there until the issue of that astounding proclamatory effort by General Phelps. This was immediately caught up and republished by every Southern journal, and its effect upon the Union cause he represents as most baleful.

The name of the distinguished Author, whose Works have already become so popular in England and this country, as well as on the Continent, where they have been translated, and met with an immense sale, is sufficient invite attention to this past production of his genius, learning and piety

"Like Father Faber's other Works, it abounds in passages of rare learning, exquisite beauty, graceful imagery and most tender piety. To at least many of the 50,000 who have read his other Works, particulary his "All for Jesus" this last production of his genius, and still more of his deep, active love for that same ever blessed Savjour of men, will be a more than welcome visitor; an offering better than treasures of gold and silver. If any were at this moment, when thrones are crumbling, and nations are falling to pieces or being humbled to the dust, it is in the stable, and by the crib of the Babe of Bethlehem, that the proud and the wise of the world may learn the worth of the saying: 'Vanity of vanities, and all is vanity; except to love God, and to serve Him

One of the most eloquent and distinguished clergymen in the United States, in writing an Introduction

to one of Father Faber's Works, says:
"We turn to this last work of the Rev. Dr. Faber with sentiments of gratitude to heaven, and hope for its abundant blessing on the teachings of such a guide, which our most earnest language would but faintly express. If the power to conceive and convey to others the sublime, and at the same time, the most practical troths that can interest the human mind, be a title to the homage of men, then has Father Faber established for himself a claim, which no length of years nor change of circumstances, can efface. Few writers since the days of St. Francis de Sales, have made more Ohristian hearts bow, in loving adoration before our tabernacles than the author of 'All' for Jesus,' The Blessed Sacrament, Growth in Holiness, &c. hand.

Ayer's Pills

Are particularly adapted to deraugements of the digestive apparatus, and diseases arising from impurity of the blood. A large part of all the complaints that afflict mankind originate in one of these, and consequently these Ptus are found to cure many varieties of disease. inbloined are the statements from some eminent physi-

cians, of their effects in their practice. As a Family Physic.

From Dr. E. W. Carteright, of New Orleans.

"Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of themself.

FOR JAUNDICE AND ALL LIVER COMPLAINTS.

FOR JAUNDICE AND ALL LIVER COMPLAINTS.

From Dr. Theodore Bell, of New York City.

Not only are your PILE admirably adapted to their purpose as an aperient, but 1 find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bilious complaints than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people."

DYSPERSIA - INDIGESTION.

PYSPERSIA — INDIGESTION.

From Dr. Henry J. Knox, of St. Louis.

"The Pills you were kind enough to send me have been all used in my practice, and have satisfied me that they are truly an extruordinary medicine. So peculiarly are they adapted to the diseases of the human system, that they seem to work upon them alone. I have cured some cases of dyspeptia and indigestion with them, which had resisted the other remedies we commonly use. Indeed I have experimentally found them to be effectual in almost all the complaints for which you recommend them."

Description — Despition — Relay.

Dysentery - Diarrhea - Relax.

DYSENTERY — DIARRHEA — RELAX.

From Dr. J. G. Green, of Chicago.

"Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alternive effect upon the liver makes them an excellent remedy, when given in small doses, for billious dysentery and diarrham. Their sugar-coating makes them very acceptable and convenient for the use of women and children."

INTERNAL OBSTRUCTION-WORMS-SUPPRESSION. uart, who practices as a Physician and Midwife in Bason.

"I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the natural secre-tion when whelly or partially suppressed, and also very of feetual to cleame the stomach and expel worms. They are so much the best physic we have that I recommend no other to my patients."

CONSTIPATION - COSTIVENESS.

CONSTIPATION — COSTIVENESS.

From Dr. J. P. Vaughn, Montreal, Cunada.

"Too much cannot be said of your Pills for the cure of cuticeness. If others of our fraternity have found them as efficacious as I have, they should join use in proclaiming it for the benoît of the multitudes who suffer from that complaint, which, although had enough in itself, is the pregenitor of others that are worse. I believe cuticeness to originate in the liver, but your Pills affect that organ and cure the disease."

IMPURITIES OF THE BLOOD — SCROPULA — ERYSIPPLAS — SALT RHEUM — TETTER — TUMORS
— RHEUMATISM — GOUT — NEURALGIA. From Dr. Ezekiel Hall, Philadelphia.

From Dr. Exelvel Itali, Philadelphia.

"Yon were right, Doctor, in saying that your Phils purify the blood. They do that. I have used them of late years in my practice, and agree with your statements of their efficacy. They stimulate the exerctories, and carry off the impurities that sugnate in the blood, engendering disease. They stimulate the organs of digestion, and infuse vitality and vigor into the system.

"Such remedies as you prepare are a national benefit, and you deserve great credit for them."

FOR HEADACHE—SICK HEADACHE—FOUL STOM-ACH—PILES—DROPSY—PLETHORA—PARALYSIS

FITS—CC.

"Dear Dr. Ater: I cannot answer you what complaints I have cured with your Pills better than to say all that we ever treat with a purpative medicine. I place great dependence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly."

Most of the Pills in market contain Mercury, which, although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incantious use. These contain no mercury or mineral substance whatever.

Ayer's Cherry Pectoral

Has long been manufactured by a practical chemist, and every ounce of it under his own eye, with invariable accuracy and care. It is scaled and protected by law from counterfolts, and consequently can be rolled on as genuine, without adulteration. It supplies the surest remedy the world has ever known for the cure of all pulmonary complaints; for COUGRS, COLDS, HOARSENESS, ASTRIMA, CROUNTEROPING COUGH, BRONGHIVES, INCHIENT CONCENTION, and for the relief of consumptive patients in advanced stages of the disease. As time makes these facts wider and better for the relief of consumptive patients in advanced stages of the disease. As time makes these facts wider and better known, this medicine has gradually become the best reliance of the afflicted, from the log cabin of the American peasant to the palaces of European Kings. Throughout this entire country, in every state and city, and indeed amost every hamlet it contains, Cherrar Pectoral is known as the best of all remedies for diseases of the throat and lungs. In mmny foreign countries it is extensively used by their most intelligent physicians. If there is any dependence on what men of every station certify it has done for them; if we can trust our own senses when we see the dangerous affections of the lungs yield to it; if we can depend on the assurance of intelligent physicians, whose business is to know; in short, if there is any reliance upon any thing, then is it irrefutably proven that this medicine does cure the class of diseases it is designed for, beyond any and all other remedies known to mankind. Nothing but he intrinsic virtues, and the cumbistable benefit conferred on thousands of sufferers, could originate and maintain the trinsic virtues, and the unmistakable beneft conferred on thousands of sufferers, could originate and maintain the reputation it enjoys. While many inferior remedies have been thrust upon the community, have failed, and been discarded, this has gained friends by every trial conferred benefits on the afflicted they can be refore forget, and read the cures too numerous and remarkable to be forgotten.
