BRISTOL'S SARSAPARILLA

IS prepared in the most scientific manner, by thoroughly educated Ohemists and Druggists, who have had many years experience. It is not a simple extract from one article, but is compounded of extracts from a number of Roots, Herbs, Barks, and Leaves, all of which are possessed of some particular virtue or power in curing the discases that have their source in the blood and humors; and these different vegetable extracts are combined in such a way as to retain, in its foll strength, the special curative virtue posfound in Honduras, is that which we use in this pre-paration; it is the kind which all medical men esteem most. About fifty per cent. of Bristol's Sarsa-parilla consists of this concentrated extract, the remainder, as above stated, being composed of extracts from other powerful, cleansing and healing vegetable substances. It does not contain anything that is dangerous, or injurious to health, and in this, as in nearly every other respect, is entirely different from all other preparations sold nader the name of Sarsapa la.

E By having our own agents at the places where the various roots, drugs, berbs and plants, composing our medicines, are produced, we are enabled to exercise that constant care in selection which insures uniformity of excellence; and we spare no money and no effort to secure the best-and only the best-of every article entering into their composition; and it is with the most abiding confidence we say, to the sick of all nations and all countries, that in Bristol's Sarsaparilla you have a remedy more reliable than any before offered you, and which will not disappoint you in the cure of

Salt Rheum, Tetter, Scald Head, Syphilis, or Venereal Disease, Nervous and General Debility, Old Sores, Ulcers, Tumors, Abscesses, Boils, Eruptions, Scrofuls, or King's Evil. Female Derangements, White Swellings, Fever and Ague, Chills and Pever, And Dumb Ague.

As a means of building up the constitution that has been broken down by the excessive use of Mercury, Iron, or other Minerals, our Sarsaparilla will be found excellent, and can be administered with priety to the weakest patients. As a purifier of the blood and humors, in the Spring and early Summer, it will be found unfailing. It can be taken freely at all seasons, rainy or dry. For some of the above diseases the use of the Barsaparilla must be continued a considerable time, especially for those that are hereditary or constitutional in their nature-such as Screfula; but a faithful compliance with the directions will always relieve and mitigate, and in a great majority of cases will effect a complete cure. It will also be found, in all of the above diseases, that a cure will be greatly hastened by using our Bristol's Engar-coated Pills, in moderate doses, in connection with the Sarraparilla; they carry off large quantities of merbific or diseased matter set free in thesystem

The Barsaparilla, and in this way facilitate the re-ETR of normal functional operations.

Vegetable Sicilian Hair Renewer

Has stood the test of seven years before the public; and no prepara-tion for the hair has yet been discovered that will produce the same beneficial results. It is an entirely new scientific discovery, combining many of the most powerful and restorative agents in the VEGETABLE KINGDOM. It restores GRAY HAIR TO ITS ORIGINAL YOUTHFUL COLOR. It makes the scalp white color. It makes the scalp white and clean; cures dandruff and humors, and falling out of the hair; and will make it grow upon bald heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed as a HAIR DRESSING. It is the cheapest prenaration ever offered to the nutrities. preparation ever offered to the public, as one bottle will accomplish more and last longer than three bottles of any other preparation.

It is recommended and used by the First Medical Authority.

The wonderful results produced by our Sicilian Hair Renewer have induced many to many facture are

by our Siculan Hair Renewer have induced many to manufacture preparations for the Hair, under various names; and, in order to induce the trade and the public to purchase their compounds, they have resorted to falsehood, by claiming they were former partners, or had some connection with our Mr. Hall, and their preparaners, or naa some connection with our Mr. Hall, and their prepara-tion was similar to ours. Do not be deceived by them. Purchase the original: it has never yet been equalled. Our Treatise on the Hair, with certificates, sent free by mail. Ayer's Cathartic Pills,

For all the purposes of a Lazative Med-

Perhaps no one medi-cine is so universally re-quired by everybody as a cathartic, nor was ever any before so universal-ly adopted into use, in

any before so universally adopted into use, in every country and among all classes, as this mild but efficient purpative PUI. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have, and can show, thousands upon thousands of certificates of remarkable cures of the following complaints, but such cures are known in every neighborhood, and why should we publish them? Adapted to all sges and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the

ernal viscera to purify the b into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these Pills rapidly cure:—

the box, for the following complaints, which these Pills rapidly cure:

For Dyspepsia or Indigestion, Listlessness, Languor and Loss of Appetite, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For Liver Complaint and its various symptoms, Billous Headache, Sick Headache, Jaundice or Green Sickness, Bilious Colic and Bilious Fevers, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For Dysentery or Diarrheea, but one mild

action or remove the obstructions which cause it.

For **Dysentery** or **Diarrhoea**, but one mild dose is generally required.

For **Itheumatism**, **Gont**, **Gravel**, **Palpitation** of **the Heart**, **Pain** in **the Side**, **Back** and **Loins**, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

the system. With such change those complaints disappear.

For **Dropsy** and **Dropsical Swellings** they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppression** a large dose should be taken as it produces the desired effect by sympathy. Because it produces the desired effect by sympathy. As a Dinner Pill, take one or two Pills to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these Pills makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus. There are numerous cases where a purgative is required, which we cannot enumerate here, but they suggest themselves to everybody, and where the virtues of this Pill are known, the public no longer doubt what to employ.

Ayer's Cherry Pectoral, For Diseases of the Throat and Lungs,

such as Coughs, Colds, Whooping Cough, Bronchitts, Asthma, and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of Croup, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled Consumption is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the Cherry Pectoral. So complete is its mastery over the disorders of then yield to it. When nothing else could reach them, under the Cherry Pectoral they subside and disappear.

Singers and Public Speakers find great protection from it.

Asthma is always relieved and often wholly cured by it.

Bronchitis is generally cured by taking the Cherry Pectoral in small and frequent doses, So generally are its virtues known that it is unnecessary to publish the cartificates of them here, or do more than assure the public that its qualities are fully maintained.

BEAUTIFY THE COMPLEXION

By using Marray & Lanman's Florida Water. It is the most healthful and safest of all cosmetics, containing no deleterious ingredients, being prepared solely from the floral perfumes of nature, unadulterated by any foreign substance whatever. It is suited for use by the blonde and brunette alike, imparting that beautiful, clear softness to the skin so much admired in the fair sex. By regular use at the toilet it tends to

PREVENT AND REMOVE WRINKLES.

the softness of skin produced by its use taking away the natural inclination of the enticle to form into ridges and furrows. Murray & Lanman's Fiorida Water is really the most delightful and efficacious of toilet waters, every thing entering into its composition being of the finest quality, and so combined as to secure their best effects. It never changes nor alters, keeping for any length of time, and in any climate, as delicate and fresh as at the moment of its preparation. It is also very extensively used as a dentifrice, on account of the

EXQUISITE FRAGRANCE

which it leaves in the mouth. The proportions should be about a tea-spoonful to a glass of pure water. It rentralizes the minute particles of food lodging in the mouth, and which are the prolific cause of decayed teeth, bad breath, and unhealthy, white-looking gums. Moreover, by the use of Mur-ray & Lanman's Florida water the breath is made sweet and pleasant, and the teeth white without any danger of injuring the enamel, a difficulty of existing with nearly all the mouth lotions and powders for the teeth. As a general thing, ladies who make any pretensions to refinement desire to have

SOFT WHITE HANDS.

We believe that there is nothing will tend more to produce this effect than the constant use of Murray & Lanman's Florida Water mixed with the water in the basin. It removes redness and roughness. The ladies of Cubs and South America were the first to discover the extraordinary virtues of this floral water BB a cosmetic, and, after twenty-five years of every. dry use, they have decided that it is only fragrant the distillation combining all the requisites for a safe and reliable beautifier of the skin, as we'l as an exqusite. ly delicate perfums. Probably the most disistinctive feature of Murray & Lanman's Florita Water is its wonde:ful

REFRESHING POWER.

The sense of smell never tires of it, but rather seems to find a more intense enjoyment the longer it is accustomed to its use.

As there are counterfeits, always sek for the Florids Water prepared by Lauman & Kemp, New York.

HEALTH RESTORED

by the use of

BRISTOL'S SUGAR-COATED VEGETABLE PILLS.

These Pills have justly acquired a widely extended reputation for their wonderful cures of severe cases of sickness - cases in which all other Medicanes had failed, and which had been given up by the Physicians as beyond help-such as confirmed and long-standing Liver Complaints, obstinate cases of Piles, Dropsy, &c., &c. But while admitting their wonderful curative powers in lifficult cases, we wish to call attention to their great value in the every-day diseases of life, such as Cos iveness, for which they are a perfect specific; Headache, relieved and cured by one dose; Indigestion always removed by them, and the stomach toned and strengthned as to prevent a return. Bad Breath cannot exist when the stomach is cleaneed by.

BRISTOL'S SUGAR-COATED PILLS.

PURELY VEGETABLE

For Loss of Appetite they are the only sure remedy as they never fail in carrying off the depraved bilious secretions that float in the stomach and destroy the healthy, natural craving for food. Sou: Stomach, Heartburn, Flatulency, and all Derangements of the Digestive and Excretory Organs, are promptly re-lieved and cured by them. The public should al-ways bear in mind that Bristol's are the only Pills made of

PODOPHYLLIN AND LEPTANDRIN, the only vegetable substances yet discovered that are

ANTIBILIOUS.

to the presence of which invaluable resincide the extraordinary success of Bristol's Pills may in a great measure he ascribed. It is necessary, nowever, that the sick should always remember that in all diseases that have their origin in the blood,

BRISTOL'S SARSAPARILLA,

that best of blood purifiers, should be used with the Pills, the two Medicines being prepared expressly to act in barmony together. When this is done faithfully we have no hesitation in saying that great rel'ef, and in most cases, a cure, can be guaranteed, when the patient is not already beyond human help.

For general directions and table of doses, see the wrapper, and each phial of Pills; but as different constitutions require different doses to produce the same effect, it is better that each person ascertain, by trial, the dose that suits their system, and take that

dose, instead of following any general rule.
