The Green Book Report helps savvy businesses stay on top of new job opportunities throughout the region.

For the benefit of firms accepting work outside of the region, all known requests for laboratory analysis and equipment purchases will be listed regardless of location.

Jobs are tracked through the Planning, For Bid, Bid Opening and Award stages.

Planning: This section lists proposed projects that are not currently up for bid. Projects may be on hold awaiting regulatory approval or funding.

For Bid: This section provides enough information to obtain specifications and place bids, if eligible, on a variety of projects. Prior to bid date, this section also lists prospective bidders obtaining documents from the awarding authority.

Bid Openings: This section lists projects whose bids have been opened but the results of which have not been released.

Bid Results: Names of bidders are listed when released by the awarding authority, along with the amount of each bid.

Awards: When projects are awarded, the successful bidder and the amount of the bid are listed.

Do you have the environmental competitive edge?

The Green Book Environmental Resource Directory

The comprehensive directory of environmental information developed specifically for EPA regions. The Green Book provides critical, hard-to-locate data.

The Green Book Report

The Green Book Report is the only weekly publication of environmental contract opportunities. It saves you time and increases your business.

The Green Book List Service

The Green Book environmental data bank is the most comprehensive data bank of names of environmental executives and companies. This bank is available for list rental, research and sales. For details, contact Steve Rock at (800) 527-2204, Ext. 230.

The Green Book Employment Bank

The Green Book Employment Bank — a service for subscribers of the Green Book Report. Positions available and positions wanted.

Green Book Reprints

Reprints of important government reports. We cull through the information, saving you the time and expense.

Green Book Speakers Bureau

A variety of individuals with knowledge in many environmental areas are available to address eager students, industry groups and organizations. Persons interested in serving as speakers should call (800) 527-2204.
