I should have been glad to have had you refer to my suggestion as to the Neutral tax being used for the purpose of adjustment particularly as this tax is in the main collected from Protestants. Anyway we now have to solve the difficulty as to why Westmount people (Protestants) are taxed so much more heavily per child (almost three times) than are the children of other municipalities. I am sure your own mind will not be at rest until you have an answer to this point.

Thanking you for the courtesy of your letter.

Yours very truly,
