February
1923

My dear Mr. Principal,

I send you my thanks for the polite and much appreciated contents of your valued letter of 15th. The course in exports was an inspiration and I feel sure will be made permanent and that great benefits will accrue therefrom. My small contribution was made as a duty, which has become a pleasure through your and Dean Laing's courtesy.

Believe me,

Yours sincerely,

William Laing

General Sir Arthur Currie, K.C.B., G.C.M.G.,
