Sporting Gossip

Opening day made up for all the worry of a tough spring campaign. The results pleased the president, the loyal fans and the home team alike. The weather was ideal, the attendance great and the Leafs came out on top in a close and well-played battle.

The new team collected by King Kelley satisfied the fans, particularly the other Kelly without the "K," who looks the best catcher since Davy Oldfield's time. Kelly has everything, including a sprint, a feature generally lacking among backstops. He also has a whip and a wallop.

The different members of our Club were given receptions of various degrees as they strode to the plate. One of the heartiest was accorded T. Jordan, who came up in a pinch. There were two on and one out, and Kelly another hero made famous in song. Tim promptly struck out.

Taking up the thread of the yarn left off above Kelly followed Jordan and produced the wallop for the first run. So the story ran thru \$45 innings that were covered in three hours. With men on second and third and two down he cracked a liner to left centre that our Mr. Wilson would have nailed, but Donovan's Dutchman out there barely touched it and two runs were over.

Bunny Hearne had lots of stuff, but his direction was bad. He was continually in hot water and just managed to last. His adversary, also a portlander, named Bill Bailey, usually an enigma to the Leafs, had no terror for our left-handers yesterday. O'Hara, Wilson, Pick and Hearne, all hitting from the near side, had two singles apiece. Davy Shan of the Grays, was the leading batsman of the day with two doubles and a single. It was an enjoyable afternoon's baseball, and McCaffery and Kelley merit commendation, say we.

Those adjacent to the Providence bench could see that Donovan did not exactly like the way things were going, but Smiling Bill is no crab, and he took things like the good sport he is. Bill is likely to win at least one of the four games before Saturday night.

There was little of the ceremonial, the real celebrities were among those present. The ruling party of the city hall board of control, viz., his worship, the Mayor, Controllers Simpson and McCarthy, were apparently ready for emergency, but yesterday was not a day for pinch hitters.

The president was here, there and everywhere, giving instructions, welcoming guests and seeing that proceedings were carried out correctly. He handled things without gloves for two-fold reasons. It was his busiest day, and the Leafs are said to have assumed the fashion of wearing them at such functions.

Have the Leafs any playing strength? John McDermott declares that you couldn't collect one real major league club from the whole roster of the eight teams over. A team that forgets to look outwards. But John forgets to look outwards. He forgets to look at Brennan, Hendrix, Ford and Eikenberry, pitchers; Hendrix, Wilson, catchers; Oakes, Campbell, Murphy and Walsh in its array would have some little trouble to finish last in either major league.

What would be the effect of a Federal team located in Toronto? W. A. Pheasant, an authority, has looked the outlaws over after their first month in the field.

Score's Suits at \$25.00

It's just as much our business to tailor a good suit at \$25.00 as it is to tailor 'em at, say, \$40.00, \$50.00, or \$60.00.

At \$25.00 the suit will carry Score style of tailoring, both in fit and general appearance. The point is this: Score Suits at \$25.00 are better than if you paid this price elsewhere, for the unquestioned reason that we see to it that the suit at \$25.00 shall at all times be a thorough representation both in fabric, policy, finish, fit, and style, that the Score reputation exists from its staff of cutters and designers. You profit from its 75 years' experience by getting the maximum of style, even in the lowest-priced suit.

Need we persuade you to let your next suit be a Score Suit, say, \$25.00, \$30.00, or up?

His conclusions would dampen the ardor of the enthusiastic promoter and strike terror into the heart of established interests.

Pheasant argues that two teams may live in a city the size of Brooklyn, but St. Louis is not big enough for three. The Leafs will make money in Chicago, but organized ball, managed by Hendricks, will chase them out of Indianapolis. Both teams will lose in Buffalo, same in Kansas City, and the Leafs are beating Johnny Dunn in Baltimore.

Finally, an actual census of all games to date where there is a claim might show that the total of paid admissions, including the Federal League patronage, has been less than the case at this time one year ago for the two major leagues and the two big AA. leagues put together.

At a meeting of the Rugby Football Union on Tuesday evening, the draw for Saturday, May 9, was arranged, and the protest lodged by the Welsh Club could not be dealt with owing to the Welsh players not being registered.

A referee committee was appointed to handle the refereeing of the various games. The following gentlemen will be asked to sit on this committee: Messrs. Mowat, Carter, Wood, J. C. Davies being appointed chairman of this committee. It was also decided to have a referee appointed by each club and secretaries will be notified on this point.

Following is the draw for the Locheil Cup: Toronto Irish v. Oversea, Y. M. C. A., Toronto Welsh, S. of England v. West of England, N. of England v. Toronto Scottish.

The first round is to be played during the week beginning May 11. Clubs are to arrange grounds between themselves. The league games for Saturday next are as follows: N. of England v. T.M.C.A., at Exhibition Park, 2.30 p.m.; referee, Mr. Lacey; Y. M. C. A. v. Toronto Welsh, at Exhibition Park, at 3 p.m.; referee, Mr. Davies; Toronto Scottish v. Toronto Welsh; referee, Mr. Pollay; Overseas v. South of England, at Exhibition Park, at 4 p.m.; referee, Mr. Smith.

The following North of England Rugby team have been selected to meet Y. M. C. A. on Saturday, May 9, at Exhibition Park, three-quarter-backs, Rushion, Joy, Race, Littlewood; half-backs, Gough, H. Hodgson, Davies, Stacey; reserves, Whiting, Austerberry, Smith, Cox, requested to be at Exhibition Park not later than 2.15. A meeting will be held at the Oak, 28 East Adelaide street, at eight o'clock Thursday evening, at which all members are requested to be present, as the business is important.

A DAY'S TRAINING AT WOODBINE PARK

Seagram String Out for First Time Taking Slow Work—Times.

The Woodbine presented a beautiful picture yesterday. The recent rain had improved the grass, and with the fence and the members' stand in fresh paint it was a sight worth going to see. There was not much work done, but if the weather continues fine there will be some fast work today.

The Seagram string were all out and were given slow work. They all look in good shape. Trainer Littlefield will likely let them down a few notches as the week advances.

Wm. Walker's string were all worked. Duquesne a half in 50.4-5, Letourneau a half in 57.1-5, Dorothy Prior a half in 52.2-5, Jim a half in 52.3-5, Sherlock Holmes a half in 49.3-5.

Jockey Chapman, a steeplechase rider, who has ridden with considerable success, is busy working the hunters over the flat. He will have the mount on a number of them.

Liberty Hall and Sky Rocket, from the "Daisy" string, were breezed three-quarters in 1.12. The majority of the two-year-olds were breezed three-eighths in 27.4-5.

Old Reliable breezed three-eighths in 27.4-5. Amusement one-quarter in 25.2-5, and Astrologer a half in 52.1-5.

Toney, in Trainer Boddy's string, breezed a half in 42.3-5, under wraps all the way. Ben Rose galloped a quarter in 27.

Yorkville, in Geo. Ritching's string, was breezed at a two-minute clip. Mr. Ritching was unfortunate in losing Chad Burora, who died yesterday.

J. G. Gorman's string, in charge of Chas. O'Leary, Callumby, chm., Armeth II—Companion, Merry Bud, chm., Armeth II—Melody, Gerald G., chm., David Carrick—Kelpie. This one is the candidate for the sunbeam, and he was worked 1 1/2 miles at a two-minute clip. The other horses only been breezed this morning, but they will get faster work from now on.

Vivode (4), b.g., by Tiplalanto—Chama, and Battle Song (4), b.g., by Havoc—Rose Madigan, arrived lately in charge of M. Gorman. They both look in the best of condition.

Little Ernie, three-eighths in 40; Barrow, one-half in 32.5-5; Lady Robbins, one-half in 54.1-5; Duke of Chester and Capt. Nelson, three-eighths in 27.4-5; Cantering Isabelle, one-half in 54; Mother, one-eighth in 11.5-5, one-quarter in 23.5-5, three-eighths in 27.4-5, and pulled up the half in 54.1-5; King Court and Black Branch worked together five-eighths in 1.03.1-5 quite handsly.

The Dymont string were expected yesterday, and the quarters were all ready in shape for them, but up to 5 o'clock they had not arrived. They will, in all probability, be in today.

The Gliddings string all had slow work yesterday. They will likely be stepped along today.

HUERTA'S ENVOYS TO SET OUT SOON

Provisional President Also Said to Offer Protection to Foreigners.

Canadian Press Despatch. VERA CRUZ, May 6.—The representatives of Provisional President Huerta at the mediation conference to be held at Niagara Falls, Canada, will probably leave Mexico City in a day or two. They will embark at Puerto, Mexico, according to an official of the Mexican National Railways, who arrived here today. He traveled in a special car attached to a refugee train.

The official quoted Gen. Huerta as saying: "There is no reason for any foreigner to leave Mexico, but those who desire to do so will be given every facility. Those who remain will be protected to the fullest extent of my ability."

Sir Lionel Carden, the British ambassador, has been tireless in attending to the interests of Americans, and has been of great assistance to those leaving, according to the railroad official.

Refugees who came in today expressed their conviction that special efforts were being made by the Mexican officials and army officers along the route from the capital to treat them kindly.

Americans to the number of 2000 or 2500 will still be left in the capital after the exodus of the 6000 expected to depart today for Puerto, Mexico, said a railroad official here. Most of those remaining in Mexico City have come in from outlying districts, but there is also a large percentage of actual permanent American residents of the capital who are not inclined to leave at present.
