

Teaching Children Good Manners

Very few mothers realize how soon a baby's education begins. When a child is a year old he has quite decided ideas as to what he wants. He will point to things and ask for them in his baby way, and when he doesn't get them, he shows his disappointment quite plainly. Surely when he knows this much, his education should be fairly under way. The mother of a two-year-old boy once asked an educationist when she should commence her son's education. The answer was, "Madame, you have already wasted two precious years."

If babies can be trained physically, and we know that they can, why should their mental development be neglected? The gentleness with which a child is handled and spoken to begins to mold his character. What little tots learn early remains with them through life. Very young children may be taught self-restraint, when things go contrary to their wishes; they can be taught unselfishness in the sharing of dainties and toys and they can be taught that the house is the place for quietness in play, no matter how much noisy frolic is permitted outdoors.

Children can be courteous to each other and prettily-mannered at the table. The most important part of their training comes when they are imitative beings and will adopt the manners they see. One can be sure of the home atmosphere by the conduct of the children.

Kitchen Helps.

Grease sweet potatoes before baking, to keep the skin tender. Potato peelings, cabbage leaves and the like should always be burned. They burn well and save coal.

To bake potatoes in less time than the old way, boil them thoroughly before putting them into the oven. The heating takes about five minutes and the baking about half an hour, or a little more.

If too much salt has been added to soup, slice a raw potato and boil it in the soup for a few minutes.

Never salt stock till it has been well skimmed; salt prevents the scum from rising.

The cut half of a raw potato will brighten dull knife blades upon which it is rubbed.

A Sheep of Spice Cans.

A young housekeeper has a spice cabinet which is the envy of her friends. It is an attractive little cupboard set in

the wall of her pantry and filled with the dearest little cans, each named to hold a certain kind of spice or condiment. One of her admirers decided that she was clever enough to make such a device, which, if not as handsome as would, at least, be as useful. She collected a dozen half-pound tins, cleaned them with the screw top if possible, and then painted them with a thin coat of white paint, the letters in black. She then put up two little shelves near the cooking table, which would just hold the cans exactly with a thin bar across the front to hold them in place. These cans are washable and stay so long that your kitchen is kept clean and tidy. The letters in blue and white, paint the tins white and letter them in blue. The only precaution which the amateur painter needs is to be absolutely sure that the first coat of paint is dry before putting on a second.

Sharpening the Carver.

There is a great deal in knowing how to sharpen the carving knife. The steel should be held in the left hand, which should be on a level with the elbow, pointed towards the right shoulder, and the knife held almost perpendicularly in the right hand. The blade of the knife's edge should be placed at the top of the steel, and the blade drawn down, the whole length of steel and then on the side, then on the other, so that the point of the knife finishes at the hilt of the steel. The blade should be absolutely flat on the steel, with the back slightly raised, but with only the edge touching it.

Care of the Broom.

To lengthen the usefulness of brooms, pour boiling water on them occasionally. Do not keep them near the stove. Keep them hung up when not in use. If there is nothing to hang them by, and you cannot bore a hole thru the handle, cut a strip of leather and make a loop and tack it to the top of the broom. A mop may be fixed in the same way. If the broom used for brushing the rug is plunged into salt water and then shaken, the rug will be brighter than if swept with a dry broom.

Clean With Kerosene.

Clean enameled bath tubs and marble with kerosene. Rub it on, then rinse thoroughly with strong soap to remove the odor of the kerosene.

SOCIETY

His Honor the Lieutenant-Governor and Lady Gibson will hold their regular monthly reception at Government House, to-morrow (Thursday) afternoon, from 4.30 to 6 o'clock.

The Toronto Symphony Orchestra gives a concert in Massey Hall this evening, when Wilhelm Bachaus will be the soloist.

The Ladies' Curling Club will meet every morning for the rest of the season, at the Victoria Rink, Huron-street.

Miss Mary Campbell will give a musical talk at 4.30 this afternoon, at the Harbour Conservatory, 100 Gloucester-street.

Miss Violet Edwards is visiting Miss Gretchen Dunstan in Brantford for a week.

Mr. Winfield Sifton is in Ottawa.

A few of those at the large meeting of the Toronto Skating Club last night were: Mrs. Cawthra Millock, Mr. and Mrs. Harvard Turnbull, Miss Gladys Edwards, Miss Jessie Cotton, Miss Baker, Miss Jessie Johnston, Miss Maud Boddy, Miss Edgar, Miss Cawthra, Miss Brouse, Miss Chelsea, Cassia, Miss Yvonne Nordheimer, Miss Cordington, Miss Wadsworth, Miss Eva Ganey, Miss Lillian Wood, Miss Schoenberg, Miss Winnifred Tait, Miss Florence Russell, Miss Burrows, Mr. Geary, Mr. Reg. Jones, Mr. Davidson, Mr. B. Edgar, Mr. Colin Gibson, Mr. Wilson, Mr. Percy Patterson, Mr. Frank Crook, Mr. J. W. Mackenzie, Mr. Adriani, Mr. Law, Mr. Jones, Mr. Cox, Mr. W. H. P. Jarvis, Mr. Macdonald, Mr. Jack Cawthra, Mr. Spikeman, Mr. Robert Baird.

Mrs. D'Arcy MacMahon has arrived from Ottawa to visit Mrs. Bruce Macdonald.

Mr. Louis Strickland is in Chicago.

Mrs. Elvane C. Hardy, well-known for her informal talks on travel and art, is the guest of Mrs. John T. Small.

The marriage of Miss Winnifred Gremmely to Mr. W. D. Edwin takes place to-day in Ottawa.

Mrs. A. D. Davidson, Duluth, is at the King Edward.

Mrs. Nase of Woodman's Point, N. B., is staying with Mrs. Rupert Pratt a few days, on her way from Rochester to Ottawa, where she will visit her brother, Mr. John Tilton.

Mrs. Holloway and Miss Allen Robertson left last week for Europe.

Mr. and Mrs. O. B. Sheppard and Mr. and Mrs. Charlie Palmer have returned from Florida.

The Robins Company, Ltd., is giving a banquet at the King Edward this evening.

BURNS CUTS SORES ETC

The most popular and satisfactory ointment on the market. It is reasonable in price and plentiful in its use. It is the only ointment that cures all diseases of the skin. It is the only ointment that cures all diseases of the skin.

Mecca Ointment

Eczema 25 Years Cured by "Cuticura"

Leg Like Raw Flesh from Knees Down

"I have been treated by doctors for twenty-five years for a bad case of eczema on my leg. They did their best, but failed to cure it. My own doctor had advised me to have my leg cut off, but I said I would try the Cuticura Remedies first. He said, 'Try them if you like, but I do not think they will do any good.' At this time my leg was peeled from the knee down, my foot was a place of raw flesh and I had to walk on crutches.

"I bought a cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura Resolvent. After the first two treatments the swelling went down and in two months' use of the Cuticura Remedies my leg was cured and the new skin grown on. The doctor could not believe his own eyes when he saw that Cuticura had cured me and that he would use Cuticura for his own patients. But for the Cuticura Remedies I might have lost my life. I am truly grateful for the wonderful cure that Cuticura has given me. I always recommend it most highly as a safe and economical cure for all skin troubles." (Signed) Mrs. J. D. Reed, 2777 Avenue St. Montreal.

For more than a generation Cuticura Soap and Ointment have afforded the speediest and most economical treatment for skin and scalp troubles. Sold by druggists everywhere. For a liberal sample of each, send a stamped envelope to Cuticura, P.O. Box 100, Columbus Ave., Boston, U.S.A.

CAR FELL FROM BRIDGE ONE VICTIM WILL DIE

Canadian Northern Pullman Sleeper Plunged to Ice-Covered Saskatchewan River.

SASKATOON, March 5.—(Can. Press.)—What was thought last evening to be one of the worst accidents on the Prince Albert-B Regina branch of the Canadian Northern Railway, turns out to-day to be much less serious than anticipated. At least a dozen passengers had come down with the Pullman car Kipling, when it made its head-long plunge from the north side of the bridge across the Saskatchewan River to the ice below, but enquiry shows every passenger has been accounted for, and that only one is likely to succumb.

This is H. B. Ashbee, a commercial traveler, with headquarters in Saskatoon, who was bound for Regina. Ashbee was crushed almost beyond recognition. He is in the city hospital, with no hope of recovery.

Of the other passengers in the wrecked sleeper, Dr. F. G. Sparling of Saskatoon, was the most seriously injured, but he is recovering. He suffered a dislocated shoulder and several fractured ribs.

Made \$200,000 Offer For G.T.P. Terminal

Land Company's Proposal Regarding Port George is Turned Down.

OTTAWA, March 5.—(Can. Press.)—A writ not to direct any railroad to construct a station at any point when the railway is not within 200 or 400 miles of the place in its construction.

Such was the statement of Chairman Macree in concluding the application of the Natural Resources Security Company for an order directing the Grand Trunk Pacific to erect a station near the town of Port George, B.C., before the railway commission this afternoon. When the construction of the line was pointed out that the case could be reopened.

It was brought out that the land company had offered the railroad \$200,000 to erect a station on the line near the town. This offer, however, the company, after accepting it conditionally, turned down.

This company should not be legal, used to exploiting land. It has been making absolutely false statements as to the intentions of the railway company," said A. E. Fripp, for the Grand Trunk Pacific.

MISSIONARY CONFERENCE.

A conference attended by seven missionaries home on furlough from China was held at the Canadian Methodist Foreign Missionary department yesterday. Dr. J. Endicott, R. R. McArthur, W. E. Smith, C. J. P. Joffe, H. D. Robertson, M. E. Bowles and S. Westcott were the missionaries present. Plans were made for work in this country while home on furlough, and the advisability of sending missionaries this fall was considered.

BECK WAITS FOR BRANTFORD.

BRANTFORD, March 5.—(Special.)—It was announced here today that the projected Lake Erie and Northern and Traction line, between Brantford and Port Dover, would use 1500 horsepower, and that the same would be required from the hydro-electric at Brantford secures such power.

Mr. Adam Bell has written the city stating that before the commission proceeds with supplying Paris from Dundas, the action of Brantford is awaited, as the construction of a distributing plant between the two places will be undertaken, should Brantford take hydro-electric. Estimates have been received for this city supply, and are under consideration.

WEST TORONTO.

WEST TORONTO, March 5.—(Special.)—The death occurred today of Irene, the infant daughter of Mr. and Mrs. John Henry, of 187 Mavety street. The funeral takes place to-morrow to Prospect Cemetery.

Rev. J. Bayne-Reid of St. John's Church will preach the Lenten weekly sermons in St. Mark's Anglican Church on Thursday evening.

Mr. Herbert W. Howell of Headingly, Man., is visiting his brother, W. W. Howell, in the Western Avenue.

Bobbie Woods, the six-year-old son of Mr. and Mrs. F. Woods of 187 Fairview avenue, was hit by a car on the Kennedy Hill last night, and when about half-way down ran against a tree and was thrown heavily against another. The lad was removed to his home, where it was found that he had fractured his left arm near the shoulder.

It was decided at the meeting of the Runnymede Library Board to-night, to invite the parents of the district to the next monthly story-hour, which their children are attending.

There is a good deal of dissatisfaction expressed at the delay in calling the annual meeting of the Western Conservative Association, and no good reason can be assigned.

WOMAN'S AUXILIARY.

The March board meeting of the woman's auxiliary to the M.S.C.C. will be held in St. James' parish house on Thursday, 9th inst., at 10.30 a.m.

N. TORONTO MAY GET A MUNICIPAL RAILWAY

Telegram Warmly Supports the Project—County and Sub-urban Happenings.

NORTH TORONTO, March 5.—(Special.)—Commenting on the action of Council of North Toronto in moving for the submission of all engineering data bearing on the laying out of a municipally owned electric railway, The Telegram to-night says in part:

"Council of North Toronto is pointing North to the right path when it advocates building new car lines in the town as a municipal enterprise rather than leaving franchises to private companies."

"North Toronto enters the business arena with a strong, capable, and efficient municipal engineer. Mr. James' efforts as a traction expert have not yet been fully revealed, but he is considered himself an efficient municipal officer."

There is a well defined sentiment among the citizens of North Toronto in favor of the consideration and adoption in the near future of a system owned and operated by the town as against any private company. A brand new peace bridge plan was broached when George McMillan suggested that a bridge, similar to that at Bridgeport, be constructed somewhere between Chippawa and Niagara Falls, N. Y. Other plans for a bridge on the lower river, have all proposed to place the structure a short distance below the upper bridge.

NIAGARA PEACE BRIDGE.

NIAGARA FALLS, Ont., March 5.—(Special.)—At the board of trade meeting to-night the hundred years' peace celebration was discussed at length. A brand new peace bridge plan was broached when George McMillan suggested that a bridge, similar to that at Bridgeport, be constructed somewhere between Chippawa and Niagara Falls, N. Y. Other plans for a bridge on the lower river, have all proposed to place the structure a short distance below the upper bridge.

Kingston Cops Get More Pay.

KINGSTON, March 5.—(Special.)—The civic utilities committee showed a surplus of \$8,115.57 in the waterworks department. Of this amount \$2000 will be placed in the rest fund. The water department and the light department have been combined. Both are being run with good profits.

STEP TOWARDS WORLD PEACE.

WASHINGTON, March 5.—(Can. Press.)—Four hours' debate in the senate seemed to indicate that the pending arbitration treaties with England and France probably would be ratified to-morrow. The ratification would be the consummation of what many statesmen view as the first great move toward universal peace.

ISSUE MIGHT IMPECK BORDEN

Conservative Member for Hochelaga Thinks Manitoba Catholics Should Be Satisfied.

MONTREAL, March 5.—(Special.)—"If the French Conservatives were to separate themselves from Premier Borden, I do not think he would be able to carry on the government, hence an appeal to the people during which we would be swept out of political existence," is the way Louis Coderre, Conservative M.P. for Hochelaga, views the attitude of several members from his province.

Mr. Coderre to-day said: "I consider as very unjust the attacks of several friends of the government for no man should be condemned before being heard in his own defence. My opinion is that, in trying to save 160 Catholics in Keewatin, ten of whom are French-Canadians, we lose the goodwill of the Roblin government, excellent for the benefit of 250,000 Catholics in the Province of Manitoba."

Not Worth While.

There is but one school in Keewatin, frequented by 20 pupils, 10 of whom are Roman Catholics, and this school received \$35 from the Laurier government on condition that the school should not be Catholic. Is it worth while, for the love of this school, that we should raise fire and flame and risk taking from the Catholics of Manitoba the privileges they now enjoy, and re-open this school question, which was closed by the Pope?

Of for one do not believe it worth while."

HORSESHOE FALLS CHANGED.

Collapse of Tons of Rock Alters Spectacular Effect.

NIAGARA FALLS, Ont., March 5.—(Special.)—By the falling of a large rock in the very centre of the horseshoe, the contour of the Canadian Falls was materially altered to-day. Many tons of rock must have fallen, as a massive building new car line in the town as a municipal enterprise rather than leaving franchises to private companies."

"North Toronto enters the business arena with a strong, capable, and efficient municipal engineer. Mr. James' efforts as a traction expert have not yet been fully revealed, but he is considered himself an efficient municipal officer."
