

## NO HYDRO FIGHT, SAYS GUELPH MAYOR

Abiding by Provisions Made  
With the Commission,  
He Declares.

**BLAMES NEWSPAPERS**  
Forum of Chamber of Commerce Will Discuss Whole Question.

Special to The Toronto World.  
Guelph, July 21.—Mayor Carter was very emphatic in stating today that an attempt was made by the Toronto newspapers to start a fight here between Guelph and the Hydro commission. "It is the old story," stated he. "As soon as any other city makes any attempt to become the smallest kind of hub for railway connections, Toronto starts a howl. In Toronto's opinion, every railway in the country should start and begin at Toronto. We have no fight with the Hydro, but are abiding by the provisions of the only contract we ever made with that body."

Mayor Carter then produced a contract which was signed by the city in 1916, and is between the city and the Hydro commission. "This is the only contract the city ever made with the Hydro," stated he. "and there is nothing in the whole contract which provides for radial extensions north or south of Guelph."

The mayor then read off the various sections quoted in the contract, which are as follows: Toronto terminal—Humber river section; Humber river—Port Credit section; Port Credit—Milton section; Milton—Guelph section; Guelph—Berlin (Kitchener); Berlin—Stratford section; Stratford—St. Mary's section; St. Mary's—London section.

Meeting for Discussion.  
The only two meetings in connection with the contract on the bylaw for the leasing of the Guelph radial railway to the Grand River Railway Company, which has been arranged so far, is that of the members of the chamber of commerce, which will take place on Thursday evening. This has been called for the members to express their opinions regarding, and also to adopt the policy of the chamber of commerce regarding the agreement.

Ald. Hannigan stated that he had not heard of any meeting of the Hydro executive taking place, and was not aware that a meeting had been called.

## HEAVY RAIN STOPS FOR CEDRIC SOLDIERS

Over 200 soldiers and their dependents from the transport Cedric arrived at the Union Station at 1.45 p.m. yesterday.

The dull steady rain which had continued to come down all morning did not forecast a taking place, and Old Sol himself came out to welcome the veterans.

Disembarkation was rapid when the train did pull in and the Cedric soldiers were met by a large number of men and their families.

Many of the soldiers were out of town men and continued their journey on convenient trains while the Toronto boys lost no time in getting away to their homes.

## RADICALS IN MAJORITY

Latest figures of the recent Trades and Labor Council elections, which were given out at the Labor Temple last night, show that the radicals have practically made a clean sweep of the slate, the education committee being perhaps a notable exception, three members of the fair sex, two of them moderates, being elected to office. The results as follows: Executive, John Macdonald, James Simpson, R. H. Cox and Jack Young; organization committee, E. R. Bales, Lou Braithwaite, James Corcoran, James T. Gunn and Alfred Cheeseman; legislative committee, Lou Braithwaite, William Cover, James Birke, James MacArthur, Conner and W. J. McPherson; education committee, Misses Conner, Davy and Tanton, Tom McIlhenny and Aurine Pauline. Sandy Newell retains his position at the door.

## A Home Recipe For Removing Wrinkles

Who will blame the modern woman for trying to look as young and attractive as she reasonably can? Why should she be placed at a disadvantage in numerous ways by wearing wrinkles, if she can avoid them? Few women, however, know what to do to effectively remove the wrinkles or sagging. Most of the advertised preparations are unsatisfactory and very expensive. But a very simple and harmless home remedy, which any woman can make, will work wonders where all the patent preparations fail.

Buy an ounce of powdered salicylate and mix it with a half-pint of witch hazel and use as a wash lotion. The results are practically instantaneous. The skin is improved and wrinkles are removed. The very first trial. Wrinkles and sagging are corrected and the face feels so refreshed and smug-like.

## FORMER EMPEROR NOT BROKEN MAN

Ex-Chief of Staff Says He  
Received the Peace Terms  
Without Complaint.

Berlin, July 21.—An intimate view of the former German emperor is given by Friedrich von Berg, who was chief of the former emperor's civil cabinet, writing in "The Antisemitic" today. Here von Berg was at Amerongen when the German national assembly accepted the peace treaty.

"It was a terribly melancholy and sad meeting," he said, "and yet it was a great joy to see the Kaiser was not a broken man. It is true his features have become sharp, but he bears his lot like a real Christian, quietly and with dignity. The fatherland's fate weighs more heavily upon him than does his own. Hours of bitterness come also, but they are overcome in calm, quiet discussion and good feeling, and even the cheerfulness of an earnest man constantly reappears."

"Not one complaint was uttered when it became known that the Kaiser was being taken to the Netherlands. There were only quiet words of comfort for the emperor, that wonderful and unselfish woman, who has borne the suffering like a crown, and whose shaken health threatens to collapse, under this fresh blow."

Mr. McIntyre was a sturdy, well-built man, with a strong, free delivery at a time when his age handicapped him, he did not tender for the mail, and gave up the task, which he had carried out so faithfully. He leaves a wife and a large family, including a son, James, at Hamilton.

## LABOR NEWS

## ORGANIZED LABOR SPLITS IN MONTREAL

Attempt Now Being Made to  
Set Up an Opposition  
Council.

Montreal, July 21.—The split in organized labor which seems to be developing throughout the country is making its appearance here with the international trades unions on one side and industrial organizations after the "one big union" style on the other. In Winnipeg the Trades and Labor Council is being reorganized by the Dominion Trades and Labor Congress as a result of the decision of a majority of delegates to the former body to renounce the international system in favor of the one big union. In Montreal the split is taking shape in an attempt to organize an opposition council. The new organization is known as the "industrial council" and last Thursday night it held a meeting in the same building in which the Montreal Trades and Labor Council was being held.

Many locals of various trades in the city have been asked to send delegates to the new council, and a few have done so. Up to date, however, the membership consists largely of self-appointed delegates of the more radical inclinations. Among those active in recruiting an industrial council are the sheet metal workers, who had become known in Montreal labor circles some time ago as organizers for the O. B. U.; Mrs. Mendelsohn and other socialists.

Among other men who have become attached to the new organization are J. H. Biele, business agent of the Plumbers' Union and member of the executive of the building trades council, and Richard Kerrigan, delegate to the Trades and Labor Council from a machinists' local. The Amalgamated Society of Engineers also has representatives at the meeting.

## FAVOR O. B. U. BY VOTES OF MINORITY

Winnipeg Unions Now Reorganizing to Hold International Affiliation.

Winnipeg, July 21.—"It is now becoming apparent that, while a number of local unions are voting in favor of the 'one big union,' these decisions are being secured with minority votes when the total membership of the respective bodies is considered," says The Manitoba Free Press, in its news columns this morning. "Serious ruptures between the factions favoring international affiliation and the 'one big union' are anticipated in labor circles generally. The 'one big union' supporters have been most diligent, while the international organization supporters have shown less concern in respect to this vital question to the worker. In the case of the vote of the Trades and Labor Council in this connection, for instance, only 110 delegates were present at the meeting at which the decision in favor of the one big union was reached. Many of these did not vote because of the fact that their unions had taken no definite stand, and they did not care to express their personal views on the matter. The total vote reported in favor of the 'one big union' was 65."

True Nature of Vote.  
"When it is remembered that the Trades and Labor Council has a membership of approximately 300, and that no more than 65 votes were cast in the decision in favor of the 'one big union,' the true nature of the 'unanimous' vote claimed by the radical body will be laid bare. Several of the unions who have been committed by the vote of their delegates are all ready reorganizing to hold their international affiliation. Included among these are the blacksmiths, the machinists, the Brotherhood of Carpenters and Joiners, the sheet metal workers and the teamsters. There is apparently no doubt as to the success of the re-organization of the Trades and Labor Council."

## BRICKLAYERS ARE DISSATISFIED

Bricklayers are organizing rapidly both in eastern and western Ontario, and chances are good that in Toronto alone they will once again achieve a gain of many hundred. At one time the bricklayers were at least 1,800 strong, but following the declaration of war the numbers dwindled rapidly, many members enlisting with the Canadian forces. The general complaint of men in this trade is that they are not receiving a sufficient wage. They point out that their is a seasonal occupation, and that this being the case they should receive more than others who are able to work the entire year at their trade. Their present rate is 72 cents an hour. In Cleveland, Detroit and other large American cities bricklayers are said to be receiving as high as \$1.25 an hour.

## WINDSOR STRIKE A SURPRISE.

Joseph Gibbons, one of the vice-presidents of the International Union of Street Railwaymen, is one of the most surprised men in Toronto today. On Sunday he knew that the Windsor strike was a matter of past history. Today that same strike has suffered a recurrence. The outbreak of the new trouble is alleged to be due to the suspension of one of the union officials, a motorman, in the employ of the company. "The company must have realized that the suspension of anyone for an alleged infraction of the rules must be disastrous," said Mr. Gibbons yesterday afternoon.

## Eddy's Silent 5 Matches

For safety and economy you should insist upon this brand. Every match in the box will strike. You will not be troubled by flying heads which may cause damage and painful injury. When you blow them out they are out, not partially alight. They are non-poisonous and will not explode when stepped on.

The war-tax on matches practically doubles the cost of the best grade, and more than doubles the cost of the cheaper kinds. You cannot afford to pay taxes on cheap matches which are a constant irritation, and which may cause accidents. Tell your dealer that you want Silent 5's, and see that Eddy's name is on the box.

Work on each plan is already under way, and every house will be built to suit the individual owner.

## A REAL LABOR DAY.

Labor Day, 1919, is likely to be the greatest event of the kind ever staged in Toronto. Mr. John Doggett stated that the only, albeit the biggest, trouble which the faithful band of committed workers would have to face would be the lack of sufficient hands to give the occasion an ideal touch. The details of the parade will be outlined within the next three weeks.

Belleville, July 21.—Some time last night Green's Drug Store and a well-working shop in this city was broken into, but nothing of value was taken. An attempt was also made to effect an entrance into two other drug stores. It is surmised that the burglars were in search of liquor at the drug stores.

At Campbellford, Saturday night, two drug stores, a grocery and a hardware store were entered, and some cash and goods were taken. It is thought that the same parties operated at both places.

## Baby Had Ringworms All Over His Face

Cure Was Effected by Using

## Dr. Chase's Ointment

This letter from Mrs. Roberts will interest every mother, for it tells how baby's skin troubles may be avoided. Beginning with chafing and irritation of the skin, eczema is often contracted and the result is much suffering and annoyance to baby and mother.

It is a fine practice to use Dr. Chase's Ointment for baby after the bath in order to keep the skin soft, smooth and healthy and thereby avoid skin troubles.

Mrs. Everett Roberts, 44 Endicott Ave., Halifax, N. S., writes—  
"I used Dr. Chase's Ointment for my baby, who had ringworms all over his face. I tried almost everything I knew of without success until I used Dr. Chase's Ointment. This cured him in a short time."

"I feel it a pleasure as well as my duty to recommend Dr. Chase's Nerve Food, as well as his Ointment. After the shock of the Halifax explosion my system was all run down, and I was so weak that I could not walk. Night after night I lay awake unable to sleep. Nothing did me any good until one of my neighbors recommended Dr. Chase's Nerve Food. After a treatment of this medicine I can positively say that my health and strength have been restored, and I can now sleep well and do my work as well as ever. I would not be without either of these medicines in the house, and trust this may induce others to give them a trial and be convinced of their merits."

Dr. Chase's Medicines are for sale by all dealers or Edmansson, Bates & Company, Limited, Toronto.
