UNIVERSITY CONSOLIDATION.
Some of the speakers from the other side of the water, at the convocation of Trinity University on Tuesday, showed much interest in the university, and suggested that the university should in some way consolidate with the University of Toronto, and in that way increase the efficiency of both institutions. We can well imagine that the suggestion was not very well received by the warmer friends of Trinity.

Dress Goods and Silks.
There are many things that we would like to see, but we must regulate our wishes by the surrounding facts, and one of the facts of the day is that Trinity is established and has its own special supporters. Nevertheless, we would very much like to see some such consolidation. Trinity, as a university and as a college, must in the main depend upon the adherents of the Church of England in this province for its support. This constituency is, as we all know, a limited one, and it has, we should say, as a first charge upon it the maintenance of churches and mission stations in Ontario.

UNIVERSITY CONSOLIDATION.
Some of the speakers from the other side of the water, at the convocation of Trinity University on Tuesday, showed much interest in the university, and suggested that the university should in some way consolidate with the University of Toronto, and in that way increase the efficiency of both institutions. We can well imagine that the suggestion was not very well received by the warmer friends of Trinity.

UNIVERSITY CONSOLIDATION.

Dress Goods and Silks.
There are many things that we would like to see, but we must regulate our wishes by the surrounding facts, and one of the facts of the day is that Trinity is established and has its own special supporters. Nevertheless, we would very much like to see some such consolidation. Trinity, as a university and as a college, must in the main depend upon the adherents of the Church of England in this province for its support. This constituency is, as we all know, a limited one, and it has, we should say, as a first charge upon it the maintenance of churches and mission stations in Ontario.
