NINETEENTH YEAR

THAT

The Spanish Consul for British North America Has Confessed—Was He the Victim of Schemers?

Vancouver, July 22.—(Special.)—
Captain Mellon, Spanish Consul for
British North America, has been
forced by the presence of the execu-
tive officer of the United States ship Ben-
nington and a secret service officer of the
Washington Government, to confess his
schemer to aid Spain. The man is in a
state of hysteria for fear that the Cana-
dian Government will deal harshly with
him. He said to a correspondent: "I'll keep
back nothing. Two weeks ago I was ap-
pointed Spanish Consul for British North
America, in compliance with a promise
made at Madrid. I was instructed by of-
ficial communication to buy several 15-ton
ships and put them on the route be-
tween British Columbia and Manila. There
was placed at my disposal unlimited cap-
ital. I was instructed to engage com-
mon to pilot and man the cruisers, and was
expected to bring 2000 wounded soldiers
from the Philippines, shipping them over
the Canadian Pacific Railway via Montreal
to Spain, and on the return trip to take
provisions to the besieged—in all \$4,000,000
worth—to be bought at Vancouver.

to act as pilot for two months, and Capt.
S. S. Scott was approached and offered hon-
ors and wealth to go into the service of
Spain, but plotting the St. Michael treasure
ships was not mentioned and not thought
of by me until American papers published
despatches to that effect. And the most

astonishing thing in connection with the
matter is that from the time these stories
appeared in print I had offer upon offer
from United States adventurers and steam-
boat men, the former offering to enlist un-
der Spain to pilot the treasure ships, and the
latter to aid Spain. The matter is in a
state of hysteria for fear that the Cana-
dian Government will deal harshly with
him. He said to a correspondent: "I'll keep

Ottawa Masons Dissatisfied by "Cheap
John" Entertainment in Toronto

Arrangements so Poor That Dele-
gates Had to Sit in Sweltering
Hall, Without Even Ice-Water—
Other News From the Capital.

Ottawa, July 22.—The Free Press has the
following under the heading of "Hooghish
and Hogtown": "The delegates to the Ma-
sonic Grand Lodge at Toronto have return-
ed. A prominent Mason, speaking this
morning, said that there was great dis-
satisfaction among the delegates over the cheap
entertainment and the poor arrangements.
The miserable treatment received
made it all the easier for Ottawa to
capture the convention for next year on the
first ballot by a big vote. Eight hundred
delegates were at Toronto, and so poor
were the local arrangements, the crowd had
to sit in the sweltering hall without even
a glass of ice water being provided. It is
said that the Toronto delegates tendered
the visitors a trip on the lake and charged
them 50 cents, the ordinary fare, for the
pleasure. The local brethren are deter-
mined that when the lodge meets here next
year the visitors will get a taste of hearty Ot-
tawa hospitality and that the Capital is
capable of such a favorite convention city."

Whalers Icebound.
Rev. L. O. Stringer, Anglican minister,
who is among the Esquimaux, writes here
to say that of 11 whaling ships in the Ar-
ctic seas, that left for the west, only three
got through last fall. The others were ice-
bound.

Denouncing Attacks.
Ottawa County lawyers passed a resolu-
tion denouncing the attacks of R. J. Wyck-
stead, Q.C., on the bench and bar as un-
justifiable, and asks that the Chief Justice
of the Superior Court of Quebec take ac-
tion.

Being Settled Satisfactorily.
Mr. P. W. Resseman, general manager of
the Gatineau Railway, stated to-day that
the trouble between the Quebec Govern-
ment and the Ottawa and Gatineau Rail-
way for taxes is being settled satisfactorily
and that the railway will not be troubled
in any way.

Notes.
The clergy of Ottawa are practically un-
animous in their opposition to Sunday
street cars, but all are not opposed to the
proposed plebiscite to be taken next Janu-
ary on the subject.

A deputation waited upon the Township
Council of Nepean, which met yesterday,
and asked that a bylaw be passed to pre-
vent bicycle and horse racing on the roads
of the township. The Council promised to
do this at its next meeting.

The investigation into the scandal in the
Public Works workshops is being contin-
ued. The proof foreman, Adams, contends
that all work done for him was done after
hours and paid for by him, and denies hav-
ing removed anything except freewood.

Hon. Charles Mackintosh, ex-Lieut. Gov-
ernor of the Northwest Territories, will
make Ottawa his residence in future, and
the headquarters of the British American
Corporation, which Lord Dufferin is pre-
sident and Mr. Mackintosh manager.

ment from the Yukon state that the time

City has been reduced to eleven days by the

Tudhope Picnic at Orillia.
Orillia, Ont., July 22.—The largest picnic
held in Orillia in years was given yester-
day by the Tudhope Carriage Company to
their employees and friends. Over 1500 per-
sons were carried by the steamer
Strawberry Island, Lake Simcoe, where the
annual outing was held, and enjoyed a very
pleasant afternoon. Valuable prizes were
provided for sports of all kinds, and every
event was keenly contested.

died at his residence this morning. The
deceased gentleman was 62 years of age.

THEY WERE ALMOST DEAD.

Children of Mr. Isaac LaRose Were
Four Days and Four Nights
Without Food.

Athens, Ont., July 22.—On Saturday last
Mr. and Mrs. Isaac LaRose and family, who
reside at the mouth of Donaldson's Bay,
Chapleau Lake, went picking berries down
the shore of the lake. Their daughter, 8
years of age, was left near the shore to
care for a baby of seven months, while the
rest of the family went up on the hills.
That was the last seen of the girl and her
little charge until this forenoon, when they
were discovered in an exhausted condition
by Mr. W. G. Parish. They were about
five miles from where they had been left.
Mr. Parish at once conveyed them to his
cottage, where necessary resuscitation was
given, and they were then taken by his
steamer yacht to their nearly distracted par-
ents. Considering that the children had
been four days and four nights without
food, wandering over the wildest section of
the Chapleau Lake district, the preservation
of their lives is wonderful.

A telegram from Kingston two days ago
told of the supposed loss of these children.
Readers will be relieved to know they are
safe.

VISITORS TO TORONTO.
Railway Agents' Convention Dele-
gates Come to the City.

Buffalo, July 22.—At 9 o'clock this
morning delegates to the Railway Agents' Con-
vention and ladies went to Niagara
Falls. After an hour of sight-seeing at
the Falls, they will take the Gorge
route to Lewiston and from there will
go to Toronto, via the Niagara River
Transportation Company. The party will
leave Toronto in time to arrive at Nin-
ette Falls for supper, after which they
will return to Buffalo. This completes
the program of the convention.

Mailed "in a Box."
"Small boxes of cigars can be sent by
mail, but the larger boxes go by express."
It was not thought possible a few years
ago that such a large volume of business
in cigars could be transacted by mail. G.
W. Munter says that he has a single
box of cigars returned to him in two years,
though 75 per cent. of his mail orders
leave the selection of the brand to his
judgment. This week he sent many boxes
to Muskoka.

Railway News Agents in Town.
Some 100 members of the National As-
sociation of Railway News Agents, who have
been in session in Buffalo, came over by
the Chippewa yesterday and were deluged
with Toronto. The party drove around the
city in drag, provided by Messrs. Charles
Brown and Bond, and then took tea at the
Victoria Club. A number of circulars were
made, after which the visitors were
driven to the wharf again.

Joseph Orde Discharged.
Barrie, July 22.—Joseph Orde, of Orillia
Township, who stabbed his stepson Law-
rence with a penknife early in June, was
discharged to-day on suspended sentence by
Judge Ardagh. The old man is 85 years of
age, and during his imprisonment awaiting
trial has given evident signs that he is not
likely to live very long. The stepson, a
young fellow, has quite recovered, and it
seems, has conducted himself in a very ag-
gravating manner towards the old man.

Miss Fraser has studied English Literature

The Prisoner to World.

TEN PAGES-SATURDAY MORNING JULY 23 1898-TEN PAGES

HOLDEN NOW IN NAPANEE JAIL.

He Was Coupled to Constable Sills on the Journey—A Raw Boned, Lanky Chap—Napanee People Recognize Him.

Napanee, July 22.—(Special.)—Up to-day
your correspondent has tried to gauge pub-
lic opinion while at the same time giving
publicity to all the evidence adduced so far
by the authorities. To-day a brief state-
ment of how the case is viewed by those
within the mystic ring, designated the de-
fective force, is given. The newest thing
in the Napanee case is the coming of Hol-
den. The World boarded the train at King-
ston Junction and arrived in town with the
prisoner, County Constable Sills and
happy Detective Dougherty. At Kingston
the prisoner and his guards had a square
meal at the restaurant, and after getting
on the train, occupied the smoking end of
the first-class car.

Fished With Holden.
Prisoner Holden was shackled to Con-
stable Sills' strong left arm, though the
coupling link was hidden by a cloak. Hol-
den is a large man, a raw-boned, lanky
chap. He looks about 50, is beardless and
partially bald. He has a prominent nose
and a lantern jaw. The set of his mouth
denotes determination.

Since his arrival in town scores of per-
sons have identified him as one of the
tramps so much spoken of. One little
country lad was heard to say: "That's the
man I used to fish with last year."

Detective Dougherty, to whom much of
the credit of the capture is due, is a splen-
did specimen of a physical man. From
his statement of the case, told to The
World in the train, for the most part under
pledge of secrecy till a proper time, it ap-
pears that the detectives are sure they can
fasten complicity upon Prisoner Ponton. "I
can't see how Ponton can escape," would
express the impression conveyed. As to
Holden, assigned Dominion Bank bill and
certain rare coins were found in his pos-
session. The bill numbered from 46140 to
46168. The coins comprised one five franc
Belgian piece with three link marks on the

margin; silver penny of Charles I, with a
small hole in the edge of the coin; a silver
token piece with the word "Health," dated
1811; a Papal piece of Pope Clement X.,
and a colonial shilling of George IV. These
have been identified as part of Manager
Baines' collection.

"Will you get part of the reward?" was
asked Detective Dougherty.
"No, not a dollar," was his decided an-
swer. "We are never allowed to take re-
wards, not even a cigar." The bulk of the
reward was given to Inspector Healey and De-
fective Carpenter.

Holden Remanded.
At Napanee July 200 persons had gathered
to see Holden come. The thronging citi-
zens waved their hands and gesticulated
wildly as he was taken from the train and
hurried around the baggage shed to the
"bus. Chief Adams found it necessary to
jab about him lustily with his stick to clear
a way. As the bus drove off, amid shouts
of "Holden! Holden!" the prisoner, who
Prisoner Holden laughingly remarked to
Constable Sills, "You must be a very popu-
lar man here, Sills. You should run for
Mayor."

Around the steps leading to Police Magis-
trate Daly's office, the crowd stood thick,
when Holden was seated in the office, the
magistrate met last evening with Mr. Sey-
mour. Her connection with the case is that
she circulated the mis-signed bills.

The evidence taken at the last trial will
form an important part of the Crown's case.
Holden is lodged in the same corridor
as Mackenzie, who does not recognize Hol-
den, though the police say Holden said, "I
know that man." Extra guards have been
placed at night on the jail.

The money taken from Mackenzie on his ar-
rest will be returned to him to-morrow. If
it is decided to secure bail in the case of
Ponton, it can be raised in half a minute.
The sum is waiting to be called for. A
number of persons are being taken every
day to the jail to identify the prisoners.

RATE WAR TO CLOSE

Sir William Van Horne and "Jim"
pauze One Up in Smoke,
an Agreement That Way.

Chicago, July 22.—Sir William Van Horne,
President of the Canadian Pacific Rail-
way, passed through Chicago to-day on his way
east from St. Paul, where he had been in
conference with J. J. Hill, President of the
Great Northern road, on the transcontinental
passenger rate matter. No official state-
ment has yet been made by the Canadian
representative of the conference. Unofficially, how-
ever, it is stated that an agreement was
reached the practical result of which will
be the restoration of rates. It is stated
that a meeting of the line and the Great
Northern, held at St. Paul, resulted in an
immediate on Sir William Van Horne's
arrival at Montreal, for the purpose of
settling the details of the restoration, which
will be put into effect with the least pos-
sible delay.

ROSSLAND SPECIAL.

Jobe Turned Over to the B.
A. C.—West Kootenay Power
Co. Supplying the Mines.

Rossland, B.C., July 22.—(Special.)—At
a meeting of the Josie shareholders held
to-day, the mine was turned over to the
B.A.C. and payment made. The shareholders
received 20.35 cents a share. One hundred
thousand dollars remains in Rossland,
325,000 shares being held here.

The West Kootenay Power Company is
now supplying power to the mines, greatly
reducing the cost of mining.
Governor Denison said, after in-
specting the principal mines and electrical
planting of the district, that he was aston-
ished at the power house, and expressed his
most beyond expression to see the im-
portance of the mining industry in Rossland,
and expressed the utmost confidence in
the future of the camp.

but the bottom of the shaft is in mineral

ORANGEMEN ARE KICKING.

They Say the Ferry Co. Did Not Use
Them Well on the
Twelfth.

The Demonstration Committee of the 12th
of July celebration held the final meeting
last night in the Court Orange Hall, with
County Master John Hewitt in the chair.
The accounts of the recent celebration
were passed, but the receipts were not so
large as anticipated. It was claimed that
the Ferry Company did not stand by their
agreement in regard to putting out the
electric light, while the fireworks were in
progress, and in regard to the accommo-
dation for lodges at Hankin's Point.

Another item that found disapproval with
the committee was the report of the games
at Island Park, which appeared in The
Orange Sentinel, the organ of the order. It
was decided to refer it to the County
Lodge. A sum of money was voted to-
wards the presenting of a suitable gift to
Mr. Williams, district secretary of East
Toronto, for his work as chairman of the
Games Committee.

Society v. Liquor.
Notwithstanding the warm weather, a
large number were present at the regular
meeting of the Canadian Temperance Le-
ague, in the W.C.T.U. Headquarters last
night. A paper on "Society v. the Liquor
Traffic" was read by Mr. A. Monkman, and
was followed by a general discussion. The
report of the recent picnic held at Island
Park proved satisfactory, showing that nearly
100 members were present. A meeting will
be held Aug. 13, when an entertainment
will be given.

from the Crown Attorney justifies
this statement: "I see no probability of the
Crown being ready in these cases inside of
ten days. If the magistrate makes an order
for bail I would like to have the names
submitted to me some time prior to the
time you would expect your client released
in order that I may make enquiries as to
their sufficiency. This also applies to Mr.
Ponton." (Signed) W. S. Kerrington.

The jail is being lighted inside and out by
both oil and electric lights. This is the
work of the County Council.

From conversations with County Constable
Sills and Detective Dougherty, it is fair to
assume that the case against the robbers is
complete in all but a few details. That
Holden has made a confession could not be
learned, though his awaiting extradition pro-
ceedings might lead to this conclusion.
It has officially stated that another arrest
will be made within the next 24 hours.

Will Not Be Brought to Napanee.
Mrs. Sauter will not be brought to Na-
panee, as it is claimed she had
nothing whatever to do with the
robbery, and is a different
person from the notorious Mrs. Sey-
mour. Her connection with the case is that
she circulated the mis-signed bills.

The evidence taken at the last trial will
form an important part of the Crown's case.
