OUR SCHOOL SYSTEM WRONG

President Loudon Gives Premier Ross' System as Established Several Body Blows.

HE SHOWS UP ALL ITS DEFECTS.

Some of Omission as Well as of Commission—The Beginning of Un-iversity Convocation.

All too seldom does one hear in these days, when political exigencies call forth either fulsome eulogy or wholesale condemnation, an impartial criticism of the educational system of Ontario, such as was given by President Loudon last evening by way of inaugural address to the convocation to-day.

The paper, for such it was, exhibited a rare grasp of the subject in its most comprehensive form, and exposed unparagonably the defects of the present system, notably the cramming of pupils with studies far in advance of their years, before they can be understood, and when at best they are only being memorized.

Defects of Ontario's School System. In a calm and impartial manner, the president delivered a number of knockout blows at defects in the system, which would have done it to pieces if it were not for the fact that the speaker is a member of the system.

Reception to Capt. Tom Wallace. The Reception Committee have arranged for a reception to Capt. Tom Wallace, who has just returned from South Africa, at the residence of Mr. J. H. Macdonald, 1300 Bait-street, on Thursday next.

The Forces of Dyspepsia Have Attacked Our People—But With the Assistance of Dodd's Dyspepsia Tablets They Can Easily Drive Them Back.

The war between England and Africa, if it continued for a thousand years, would not produce a battle so momentous—all the battles together would not be so important as the Battle of Life.

Dyspepsia kills these useful qualities. You can't succeed if you're constantly tortured by dyspepsia or indigestion.

Dodd's Dyspepsia Tablets banish indigestion, biliousness, sour stomach or any other of the ailments which are caused by simply taking one or two of Dodd's Dyspepsia Tablets after each meal.

DINEEN'S

Gotham Hats.

These new styles of Gotham Fall Hats differ considerably from their predecessors—and we have the new ones only. You will have to see them to appreciate the change.

The "Silk" is lower in the crown and has more of a pronounced curl; the "Derby" has a brim heavier and more closely curled; the crown is also lower; the "Alpine" is not so flexible in felt and has a wide brim. In color the Alpine for even winter wear will be most in light tints.
