ST. LAWRENCE MARKET.

Receipts of farm produce were moderate

A keceipts of farm produce were moderate, expecially grain and hay, of which only a few loads were on sale at unchanged prices. In the north market building there were many loads of mixed produce and on the basket market a fair delivery of butter, eggs and poultry.

Hay and grain sold at unchanged prices. Potatoes—Receipts of potatoes were large, with prices lower at 50c to 70c per buchel.

Eggs-Strictly new-laid eggs sold at 25c

Poultry—Spring chickens were plentiful, but few lots were of first-class quality. The bulk of the best sold at 16c to 18c per prund. One or two very choice lots sold at 20c and 21c per lb., but these were brught early in the morning before the values for the day were established. Ducks sold at 18c and 17c per lb. for real good quality, but common unfinished, half-fed ducks sold at 18c to 15c per lb.

Market Notes.

Market Notes. John Earron was the principal buyer of

the best lots of ducks and chickens on the basket market.

chickens was inferior. The best bunch of chickens that we saw on the market altho good, were not finished and should have been fed plenty of grain for two

their poultry properly, as grain is certainly cheap enough, and poultry prices high enough for the production of first-class Mo

Increased Public Enquiry and Outstanding Short Interest Has Given More Buoyancy to Mining Markets.

Cobalt stocks have fully justified the mproved faith of holders which has Much more was damanded of the premier than his physical strength permitted. The 500-mile sail from Victoria to Prince Rupert was accomplished under ideal weather conditions. vances have been made in most of the cheaper active specialties. As forecasted in these columns for some little time now, the mining markets have witnessed a resumption of active trad-"Prince George" approached the en-trance to the harror the steamers "Kestrel," "Falcon" and "Bruno," values, and this has followed as a result of the increased public interest which has developed. Operations from day to day have borne more signs of outside participation, with less indication of absolute professional trading, and, with the public market following once again on the qui vive, and actually bargain hunting in the exchanges. That gains made was only the outcome of underlying conditions. corting her to dock, three blasts of glant powder awakened the repose among the hills.

The town was gaily decorated, and town was gaily decorated, and an immensec rowd lined the docks. The premier, on his arrival at the gov-

ous Indian tribes, one being engraved gendered therefore by conditions on a cedar paddle. In reply Sir Wilfrid said that Prince Rupert is the latest example of Canadian enterprise. He had learned from the present trip that the G.T.P. had not been built one moment too soon. adian enterprise. He had learned from the present trip that the G.T.P. had not been built one moment too soon.

The premier declared he was more than pleased with the sentiments of patriotism and loyalty contained in the addresses from all sections, and asserted that only under British institutions could such peace and happiness prevail.

on the way down, and which would prove a factor of no mean import, when once mining securities began to regain their one, was accepted at its face value by market followers and professional brokers alike, and did not lack substantiation, transactions verifying the statement during almost one or two instances rose several points one or two instances rose several points almost overnight was conclusive proof One of the Most Attractive Mining that there was something more than an ordinary call for the shares, and that several interests who adopted the short side of the market as a matter of policy have since reverted to the long position, or covered their losses.

in financial circles and particularly in those in close touch with the Cobalt situation to the effect that much of the short selling, which has characterized the market all the way down to present levels, has been due to the fact that purchasers of mining stocks persisted in leaving their holdings in the hands of their brokers. This in itself NEW YORK, Aug. 20.—London and Liverpool cables quote American cattle at 12% to 14% per pound, dressed weight, refrigerator beef lower, at 10% to 11% per pound.

This palace, the 51st owned by the emperor, to maintain white the rower of the new royal residence. The description of the new royal residence. The depressed attitude of the markets for Cobalts during this spring and summer has been due in no small deemperor, to maintain which he recently sold two of his smaller country places, has been built for reasons of state; to symbolize to the Poles the lines are signed by the emperor as afforded again, at least so far as they it has been assigned by the emperor as It has been assigned by the emperor as can obvisite it by retaining their own the permanent residence of Prince Eitel stocks in their own hands.

It is a massive structure, built at a cost of \$1.138,000, covers nearly an acre and a half and contains more than 600 rooms. Among these is the great banquet hall, surpassing in size and brilliancy of decoration any room of the kind in Germany, being afifth larger than the famous White Hall in the imperial castle in Berlin. Its walls are values have gone down to a point where they are altogether out of line paneled and richly carved in marble. With intrinsic worth, than on any bull-ish news on the various properties, tho latter factor. The recent extensive slump carried quotations down to almost unprecedented figures, and while prices hovered around the low levels William will personally conduct divine services when in residence here, as is his usual custom.

At the banquet at night the emperor gave a toast to the Province of Posen, concluding as follows:

ity of movement will be experienced; what is more probable is that the list

degree than the latter. Cobalts seem at last to have reached the turning point, and white a straight upward movement is not expected, it is thought that the outcome will prove favorable

Chas. Head & Co. (R. R. Bongard) report the following prices on the New York

## AN ESTABLISHED CAMP

Centres on Map, Says Miss Cameron.

In an interview in The Canadian Mail, Miss Agnes Deans Cameron, Canadian traveler, lecturer, journalist and author, who has been in England at the instance of the Dominion Government, says regarding the Portland Canal mining

short selling, which has characterized the market all the way down to present levels, has been due to the fact that purchasers of mining stocks persent levels, has been due to the fact that purchasers of mining stocks persent levels, has been due to the fact that purchasers of mining stocks persent levels, has been due to the fact that purchasers of mining stocks persent levels, has been due to the fact that purchasers of mining stocks persent levels, has been due to the fact that purchasers of mining stocks persent levels, has been due to the fact that purchasers of mining stocks persent levels, has been due to the fact that purchasers of mining stocks persent levels, has been due to the fact that purchasers of mining stocks persent levels, has been due to the fact that purchasers of mining stocks persent levels, has been due to the fact that purchasers of mining stocks persent levels, has been due to the fact that purchasers of mining stocks persent levels, has been due to the fact that purchasers of mining stocks persent levels, has been due to the fact that purchasers of mining stocks persent levels, has been due to the fact that purchasers of mining stocks persent levels, has been due to the fact that purchasers of mining stocks persent levels, has been due to the fact that purchasers of mining stocks persent levels, has been due to the fact that purchasers of the atlantic that Portland Canal has been a producing camp for four years: It is not generally known on this side of the Atlantic that Portland Canal has been a producing camp for four years: It is not generally known on this side of the Atlantic that Portland Canal four years.

Interest in Province,

POSEN, Germany, Aug. 21—Emperor Villian, the Empress, Crown Prince The World has advocated for some time that holders of securities should take it upon themselves to get their stocks into their sound has been a producing camp for four years: It is not germinal to the profeson and the profeson and trust to future developments to universelve in the new go square miles of richly mineralized country of which Stewart City is the portal. Letters which I have recently received from Victoria chronicle the finding of paying placers on Bitter Creek. This means the dawn of a free-gold camp."

"Stewart City is the portal. Letters which I have recently received from Victoria chronicle the finding of paying placers on Bitter Creek. This means the dawn of a free-gold camp."

"Stewart City," continued Miss Cameron, "is being very solidly built. Already two banks are established. The government is completing a \$15,000 wharf; last year they built a bridge across the Bear River. The city is electrically lighted. Each new house is fitted with attachments for water and electric light. The government is co-operating with the citizens to put in an approved system of sewerage. The Presbyterian and Episcopalian bodies are both building churches. The price of real estate is advancing daily. No doubt, you noticed the recent cable from the premier off the province, it is the portal chromatic try of which Stewart City is the portal. Letters which I have recently received from Victoria chronicle the finding of paying placers on Bitter Creek. This means the dawn of a free-gold camp."
