SMUGGLING DRY GOODS

Smooth Fakers at Work at Head Waters of the St. John River—\$1,000 Worth of Goods Seized.

(Bangor Commercial.) One of the most important smuggling cases which has come under the notice of the Bangor custom house officials for some time was unearched this week by Deputy Collector Amory Chaplin of this city and Deputy Sheriff Chase of Brownville.

Five large cases of dry goods, whose probable value will reach \$1,000 if not more, were discovered and seized by the custom house officers. The man who shipped the goods in this country gave the name of A. J. Nadeau and up to this time he has not been apprehended.

This week the suspicions of Deputy Sheriff Chase were aroused by the report of numerous Brownville people that several heavy wagon loads of boxes had been hauled from the Bangor & Aroostook station in the middle of the night.

As people don't usually haul freight at that hour, Deputy Sheriff Chase very naturally suspected that there was a good sized case of smuggling on and accordingly notified Collector A. Deane of this city who promptly assigned Deputy Collector Amory Chaplin to the case.

After considerable trouble Collector Chaplin found that five large dry goods cases had been shipped from Stockholm to Brownville by A. J. Nadeau and that they had been taken from the Brownville B. & A. station during the night time.

On further investigation the goods were found in Brownville covered with wood sawdust in a man's house. The hide was a clever one, and it was only by the greatest luck that it was found. It took two men four or five hours to remove the wood which was piled over the boxes.

On questioning the owner of the place where the boxes were found Deputy Collector Chaplin by threatening arrest, got hold of the whole story. He found that a man said to be Nadeau, with his wife and children, were stopping at a house in Brownville at that time and on going to the house in question and entering it, he saw the supposed Nadeau run out the back door. Mr. Chaplin gave chase, but the man was a sprinter and escaped in the woods.

From the man at whose house the goods were found, Collector Chaplin elicited the information that the goods had been brought across the St. John river below Fort Kent and taken to Stockholm where they were shipped by the Bangor & Aroostook to Brownville.

The seized goods embrace a varied and large assortment of dry goods. There were webs of cloth enough to open a small store, besides hosiery and other articles that would be found in such stores. The total weight of the seized articles was 1800 pounds.

The Roberson-Blake Co., and G. G. Moore of the Freese Co., were engaged Tuesday in appraising the articles.

While the outfit has escaped up to the present time, the custom house officials have not given up hope of capturing him sooner or later.

TO ERECT A STATUE TO QUEEN VICTORIA

Sons of England in Fredericton Have Launched the Project.

W. J. Southern, who was in attendance at the I. O. F. high court in this city this week, talked with many delegates of the proposal of the Sons of England to have erected in Fredericton a statue to the late Queen Victoria.

An engraving of a statue is being made, although no design has yet been selected. The Sons of England in Fredericton have set the project on foot, and will invite assistance from all parts of the province. They believe that the name of Victoria the Good will appeal to the people that there will be no difficulty in raising eight or ten thousand dollars to erect at the capital of the great queen.

Dr. W. H. Irvine is chairman of the memorial committee; W. J. Southern, secretary; and A. D. Thomas, treasurer.

An active campaign will shortly be opened, to carry the project forward to completion if possible within the next year.
